EDISON TROUPE IS AT WORK IN THE CITY

Sets of Films Being Made Which Will Illustrate Resources of Canada

To have played out a little movingtry, and then travelled 5,000 miles to see ed with themselves in the title roles, has been the experience of

mounted police story in Saskatchewan; to be chargeable against all the rate-the home-seekers and cattile-round-up in Alberta; the glacier and mountain-climbing lumbering and mining stories the city council was considering the matter of a joint firehall, to be erected to be chargeable against all the rate-they have been identified for sometimes they have been identified for sometimes they have been identified for sometimes the Victoria club's new courts, promises the half a century. The White Star training ship Mersey was one of the saling ships they formerly employed in it. Now steam has put in its claim. Island scenes, etc.

Criticism; censure and even protest has followed the creation of some of these pictures, the principal objection being that some of the characters are \$1,823. unreal and ridicule-producing at the expense of the feelings of others. Let the following explanation meet the arguments of such criticisms:

Motion picture photography in the last couple of years has made extraordinary progress, and unless one continually in touch with it, it is diffiated with the extraordinary, demand more and more each day; it is not sufficient to present to them a beautiful scenic or interesting educational filmit will neither satisfy nor educate un less it is made palatable with comedy drama or melo-drama-and in large

In the early days of the moving it infra dig to lend his services to this fection of the art things have changed. The best talent is now secured and highest salaries paid. The Edison company, which two years ago only had a some 60 or 70 regular artists, in addition to bringing in at times a great number of provisional actors, and maintains four separate troupes, each under the direction of a competent

stage manager. The stories which have been enacted by these artists, across Canada, were prepared some time before the party left New York, the various scenes in each story being laid out and numbered. As a propitious spot along the and S. Shanks held the bags to satisbered. As a propitious spot along the route of travel is reached, scene so and so of one of the stories is played out, irrespective of its numerical position in that story. Prior to the actual taking of the picture, however, the scene is rehearsed again and again just as a morning rehearsal in the city theatre would be, the only difference being that the stage setting is God's own out-of-doors in place of cardboard, paint of-doors in place of cardboard, paint

and canvas. there the company will take vicus bo is improving on second, while Rose-centering round the parliament build-boom on third will have to play ball, as ing, the Empress hotel and the rival his position is directly in front of the and departure of the Princess boats.

The salmon trapping end of the story, begun at Steveston last week, will be thing offered in the field. continued here, when the troupe will go up the coast to a point where the traps are set, and can best be secured. In addition, an Indian war canoe race has been arranged for this afternoon, total of 6. during which three canoes of eleven

Indians each will participate. The troupe is under the management of J. Searle Dawley, who is also Herbert Prior, Charles Sutton, James game. The summary stands:-P. Gordon, R. R. Neill, Henry Croniager and J. Welsh, of the Columbia

They have been accompanied from Minneapolis by J. S. Dennis, assistant to the vice-president of the C. P. R., under whose direction the special party were. Mr. Dennis, however left them. were. Mr. Dennis, however, left them at business. Norman S. Rankin, private F. Brown ..... secretary to Mr. Dennis, is now in Baker .... charge of the party. Contracts call for the exhibition of
