

Already many applications for membership have been received, and it is hoped that the members of the Association will do their best to bring the claims and advantages of the Association before their friends, and induce as many as possible of those who will take an active interest in its welfare to join us. For that purpose the Secretary or any member of the Council will be glad to supply "Forms of Application."

The first general meeting of the Association for the Session of 1890-91 will be held on Thursday, November 13th, 1890.

The Biological Section meets on the first and third Fridays of each month, and the Geological Section on the fourth Friday.

It is in contemplation to form a Philological Section, the time of meeting not yet fixed.

These Sections are open to all the members of the Association, and it is hoped that with the increased comfort of our meeting place there will be a more general interest taken in Section work.

A. ALEXANDER,

*Secretary.*

B. E. CHARLTON,

*President.*

HAMILTON, Nov. 10th, 1890.
