appears to this Jury.' Subsequently, on an examination of the head, by a Surgeon, it is ascertained that the skull is not fractured.—*Reporter.*

On Saturday last, a Coroner's Inquest was held at the Dead-house on view of the body of a new-born male child, which was found the same morning under a wharf at York Point.—Verdict "willful neglect, or act of some person or persons unknown, which the Jury consider to be Willful Murder."

MELANCHOLY OCCURRENCE.—On Tuesday last, James, son of Mr. CHARLES WHITNEY, a fine youth in the 13th year of his age, while bathing in Courtney Bay, unfortunately got beyond his depth and was drowned.

From the Royal Gazette, August 16.

His Excellency the Lieutenant Governor having nominated George Shore, Charles Simonds, and Hugh Johnston, Esquires, to be additional Members of the Executive Council, provisionally, until Her Majesty's pleasure be known, they this day took the usual oaths, and their seats at the Council Board.

Secretary's Office, 15th August, 1837.

BYE ROAD COMMISSIONERS.

Simon Fraser to expend the following sums.

£15 on the road from the Forks near M. Bratney's to Tynemouth, Saint John.

£10 on the road from Gardner's Creek to the road leading to Tynemouth.

James Brown to expend the sum of £30 on the new road opened by Brown and others, past Brown's Mill, and thence to Tynemouth.

Launched at Annapolis Royal, on the 17th inst. from the ship yard of S. D. TOBIAS & Co. the beautiful schooner *James Fraser*, burthen about 45 tons. This vessel surpasses any of her class to the present day; it is understood that she is intended for Fishing in the Bay of Fundy. We wish the owners every success, and trust it may be the means of stimulating some of those men of capital in that town to embark in that business which has hitherto proved so beneficial to Brother Jonathan.

DIGBY, 22d August, 1837.

TURTLES.—About a fortnight ago, the wife of Mr. Robert Andrews, Tusket River, discovered two large fresh water Turtles, apparently fighting, on the edge of the river. She captured one of them with a scoop-net, whose shell was 18 inches long. It was very fat, and made the family two delicious dinners.—*Yarmouth Herald.*

The sch'r Frances left here for St. John on Friday last. On Saturday she sprung a leak, and was towed ashore at Cranberry Head. A survey was held upon her—she was condemned, and sold at auction on Wednesday for the benefit of all concerned. Yesterday she was got off, and brought into this port.—*Ibid.*

On the 10th inst., the sch'r Experiment crossed St. George's Bank in 2 1-2 fathoms water. A United States Brig and Schooner were laying at anchor (the brig in 11 fathoms, the schooner in 2 1-2 fathoms) surveying the bank and shoal. The Experiment was boarded by an officer. Saw several buoys with flags flying on them: a strong current setting to the northwest.—*Ib.*

H. M. Brig Ringdove sails for Barbadoes on Wednesday. H. M. Ship Vestal for England on Sunday next. His Lordship the *Bishop of Nova-Scotia*, Lady and Family, we are informed, go passengers in her.—*Halifax Journal, Aug. 21.*

The Mail for England by the Nightingale Packet, will be closed on Saturday next at five o'clock.—*Ib.*

A London paper of the 8th of July gives the following account of the money market:

"The demand for money still continues—and will, doubtless, until the payment of the dividends, which will be in the course of to-morrow and succeeding days. The amount of bullion in the country has been augmented by the arrival in the country within the last week of nearly £400,000 of gold from St. Petersburg—and the influx of the precious metals must continue, while the present ratio of exchange is maintained. There is consequently every reason to believe that we have got over the worst."

At Rochdale, the flannel market was more brisk, though prices continued low, the demand being chiefly for low and middling qualities. The wool market was also livelier at the last week's prices.

The Preston Chronicle states the alarming pressure which has so long prevailed among the handloom weavers, is some little abated. Harvest was at hand, the prospect in the commercial world promised more brightness, and a hope was entertained that the destitution and famine, so long and deeply lamented might be stayed.

The hay harvest in England promised an average crop.

A new coinage was speedily to be issued bearing the likness of Queen Victoria.

The death of the Duchess of St. Alban's is daily expected. She retired some time since from Coutt's Bank on the *moderate* allocation of 70,000 a-year. It is said she will leave her immense property to the Duke, and the children of Sir Francis Burdett.

DEATH OF THE MARQUIS OF BATH.—This melancholy event took place at Longleat House, at eight o'clock, A. M. on Saturday. His lordship was in his forty-th year, and succeeded to the title in March last. Viscount Weymouth, the heir to the title completed his 6th year on the 1st of March last.—*Salisbury Journal.*

The Duke of Sussex, though the most talented, is the only son of George III, who, under the three successive reigns of his father and two brothers, has received no appointment or emolument from the crown, beyond the rangership of [St. James's and] Hyde Park.—*Morning Herald.*

TO CORRESPONDENTS.—"A Subscriber" was received at a late hour this morning.

At the Cholera Hospital, in this city, on the 6th May last, from fever sickness of only 10 days, Wm. Taylor, aged 57 years, a native of Lancashire, England, an old artillery soldier, and a faithful servant—discharging for some time past the duty of principal keeper in the Lunatic Ward. He has left a family to lament his loss.

At the same place, on the evening of the 12th inst. also of fever sickness of seven days, William Bell, aged 42 years, keeper of the Cholera Hospital, a native of London, and formerly a soldier in the Royal Horse Guards. Mr. B., was a man particularly useful in his situation in life, and much respected and valued by his employers. He has left a wife and a large family of small children in great affliction, and in circumstances extremely confined.

Each of the above mentioned valuable individuals may be said to have come to their death by the necessity which at present exists of making our Parish Houses common Hospitals—and which must always be the case, as long as we are without that relief so indispensable in a large community like this, a sick Infirmary for the Poor.

In Fredericton, on the 25th ult. Mrs. Hannah Segee, relict of the late Mr. John Segee, of Maryland, at the advanced age of 73 years.

Schr. Catherine, Howard, of St. John, N. B., while lying at Spightstown, about 14 miles from Bridgetown, Barbadoes, on the 26th July, experienced a severe hurricane, which sprung up from South to S. W. and S. E., lost anchors and chains, boats, &c. and with much difficulty put to sea, having no ballast, and very short of water. CARD.—The Master and Crew of the sch'r *Catharine*, of Saint John, N. B., return their grateful thanks to Mr. Thomas A. Ritchie, Supercargo of the brig Planet, of Halifax, N. S., and also to Capt. Damareg and crew, for their benevolence in supplying said schooner, when in distress, having been blown off in a hurricane, from Barbadoes, on the 26th July last; and hopes such praiseworthy conduct will ever be imitated by all commanders and crews of vessels.

A. G. HOWARD,

BARRACK CANTEEN.

OFFICE OF ORDNANCE,
St. John, N. B., 21st August, 1837.

NOTICE is hereby given, that the CANTEEN in the Barracks at Fredericton, is to be Let upon the following conditions, for *Three Years*, from the 1st October next, to the 30th September, 1840.

No person but of unexceptionable character, or who will not undertake, bona fide, to reside in the Canteen, and conduct the business thereof in his own person, will be approved: and two Sureties will be required for the regular payment of the Rent, and of all sums which may become due in respect of the said Canteen, and for the due performance of the several conditions and stipulations of the Lease.

The person whose proposal shall be accepted, and his Sureties, must execute the Indenture of Lease and Covenants relating thereto, the particulars whereof may be known by applying at this Office, or to the Barrack Master at Fredericton.

The names of two respectable persons, with their Christian names, professions and places of abode, who will join the Tenant in executing the Indenture, as his sureties, must be inserted in the proposals: and the Ordnance Department does not undertake to procure the Tenant a License.

Sealed Proposals, addressed to the Respective Officers of Ordnance, with the words "*Tender for Canteen*" written on the outside cover, will be received at the above Office, on or before twelve o'clock, at noon, of Friday the 15th September next, after which hour any proposals received cannot be noticed.

By the Mutiny Act, Canteens are not liable to have Troops billeted on them.

All persons making Tenders are to take notice, that they Will be held to the strict performance of the covenants of their Leases and full payment of their Rents, without any remission or reduction further than the covenants of the Lease itself set forth.

The form of the Tender to be as follows:

I hereby offer for the Canteen in the Barracks at Fredericton, for Three Years from the first October next, the Rent of Ten Pounds sterling per annum, for the house as a dwelling, and the further Rent of —— sterling per Month, for every Ten Private Soldiers who may occupy the Barracks during that period, and propose Mr. —— of ——, and Mr. —— of ——, as my Sureties for the same.

The Rent of the Canteen as a dwelling is fixed at the sum stated above, therefore the biddings will be upon what is offered for every ten men occupying the Barracks. This number will be ascertained from the Barrack Master's Monthly Returns, which are made up on the first day of every month; and no changes in the occupation of the Barracks which may take place in the progress of the month, either for or against the Tenant, will be taken into account. No less number than ten will be charged against the Tenant, nor will any odd number be calculated: thus, if the Barracks should be occupied by 148 men on the first day of the month, only 140 will be calculated for that month. The bidders are also desired to introduce no fractional part of a penny in their offers, as they will not be noticed, nor will any Tenders be noticed except such as are strictly according to the above Form.

The Rent to be paid in British Money, or Spanish or Mexican Dollars at the rate of 4s. 4d. each.
