SYNOD COMMITTEES WILL MEET TODAY

Special Meeting of Church of England Synod Executive Last Night - Programme for Other Committees.

A special meeting of the executive committee of the Church of England synod was held last night in the Church Institute, Germain street, His Lordship Bishop Richardson was in the chair, and the business considered was several proposed amendments to the church act of 1885. Some progress was made in the matter and adjournment was made till 11 o'clock this forenoon.

The various Synod committees will meet as follows:
Today, Tuesday,
Lord's Day observance, 10 a. m.;

THE TURCO-ITALIAN WAR

Continued from page 1.
This evening the coffee houses in the Arab quarter reopened and the priests appearing on the small balconies of the minarets, invited the people to prayer. Crowds of Arabs gathered at different points and read the posted notice in Turkish which says:
"The Italian government made an unjust demand on Turkey asking her to give up Tripoli. The Turkish cabinet together with the parliament is preparing a definite answer to give to Italy. Meanwhile advise the population to remain quiet and respect the Italians."
This is the message received by the local authorities from Constantinople. It had been expected that Tripoli would be filled with the scenes of war, but the contrary was the case, and the impetuous African night settled down on a town that was outwardly serene.

Arabs and Turks Ready to Fight.
Malta, Oct. 2.—Word just received from Tripoli says that the Turks and Arabs are entreaching behind the city. Sixty thousand Arabs said to be armed with Mausers, hold a strong position 50 miles behind the town in a country which is an excellent natural stronghold. An advance guard of 5000 men is stationed at Tripoli, one of which the Turkish garrison have left the forts. Seven refugees aboard the Castle Garth went inland to their respective homes. Most of the fugitives are penniless. Several of the Americans aboard the steamer report that the Arabs and Turks in Tripoli are on bad terms. The Arabs are suspicious of the Turks, fearing that the country is about to be divided into two parts at night. The British fleet is still here.

Tunis Arabs Quiet.
Sixth Tunis, Oct. 2.—The Arabs here are quiet, but anti-foreign outbreaks are feared. The Greek steamer Alkestis, has arrived here with 300 refugees. The steamer left Tripoli Saturday afternoon. She reports that the Arabs are entrenched in the hinterland. The Italian squadron is stopping all steamers and has sent a patrol away from Tripoli, one of which carried a number of correspondents.

May Precipitate Turco-Greek War.
Constantinople, Oct. 2.—Mobilization is being hurried. Turkish troops have been sent to Macedonia and along the Greek frontiers. In spite of the government's pacific assurances the fear persists that if the war with Italy is prolonged a frontier incident will occur which will unavoidably precipitate a Turco-Greek war.
It might even happen that public opinion will force the government to seek in a war with the Balkans, compensation for its humiliation in failing to resist the aggression of Italy in Tripoli. Numerous telegrams reaching the Porte from the provinces described the feeling there as beginning to run high. The people are clamoring for desperate resistances and reprisals against the Italians.
The Turkish government has ordered the coal exporters to hold all Cardiff coal.

Southampton, Eng., Oct. 2.—The British customs authorities have seized four naval launches, each of 25 tons armed with quick firing guns, built for Turkey. Six similar crafts were delivered before the outbreak of the war.
Men and Supplies for Turkey.
Constantinople, Oct. 2.—It is stated that the war ministry has ordered the mobilization of seven classes of reserves and made provision for the calling out of nine additional classes. The government has placed an embargo on all private stocks in Istanbul and Constantinople, this measure greatly disturbing the shipping trade.

Italians Did Not Land.
Constantinople, Oct. 2.—A report from the military commander at Presesa denies an Italian landing there. The report explains that attempts to land were made, and the statement that a landing had been effected probably originated in the capture of the prefect of the port by an Italian warship while the prefect was proceeding to the warships for the purpose of ascertaining the object of their presence.

Italian Steamer Seized.
London, Oct. 2.—A Lloyd's despatch from Constantinople says that the Italian steamer Ernesto Dardi has been captured and the crew taken prisoners. A Leghorn despatch to Lloyd's says that the Turkish bark Constantino from Nice for Smyrna has been seized.

On board Italian warship off Tripoli.
Sunday, Oct. 1, 11 p. m. (by way of Syracuse, Sicily, 21)—No bombardment of Tripoli has yet occurred. The Italian consul is authority for the statement that the bombardment will begin in three days after the notification which was given Saturday.

Turkish Transport Sunk.
Rome, Oct. 2.—A despatch to the Tribune from Malta says that a steamer which arrived there at 6 o'clock this evening brought the news that Turkish transport ship had been shelled and sunk in the harbor of Tripoli. It confirmed the other advices that the bombardment would not begin until Tuesday—this in order to give the population time to withdraw to a place of safety.

Hands Off the Balkans.
London, Oct. 2.—A despatch received here by a news agency from Vienna says that Count Von Aehrenthal, the Austria-Hungarian foreign minister, has informed the Italian ambassador that any further action by the Italians on the Albanian coast will make it necessary for Austria to despatch warships thither.

Contraband Seized.
Southampton, Eng., Oct. 2.—The British customs authorities have seized four naval launches, each of 25 tons armed with quick firing guns, built for Turkey. Six similar crafts were delivered before the outbreak of the war.
Men and Supplies for Turkey.
Constantinople, Oct. 2.—It is stated that the war ministry has ordered the mobilization of seven classes of reserves and made provision for the calling out of nine additional classes. The government has placed an embargo on all private stocks in Istanbul and Constantinople, this measure greatly disturbing the shipping trade.

CORONATION PICTURES PARTICULARLY GOOD
Kinemacolor Films, at the Opera House, a Revelation in Realm of Motion Picture Entertainment.

The largest and most highly pleased audience that the Opera House has held this year witnessed the Kinemacolor motion pictures last night and all were greatly pleased with the production. It was the general opinion that seldom have motion pictures been shown that could equal those shown last night.
The views were in natural color and the subjects were so true to life that every moment of the performance was a masterpiece of art.
The first reel was that of King George V. and Emperor William, reviewing the troops in front of the Queen Victoria Memorial, after the unveiling services on May 16. The march past of the different divisions of soldiers and sailors was indeed magnificent.
Then came the scenes of London streets under normal conditions. The Peers and Peeresses leaving Chelsea for Westminster, and the Coronation processions along the Mall were wonderfully interesting.
The remainder of the programme included the Royal Progress, His Majesty receiving the City Sword at Temple Bar, the trooping of the colours and the Coronation Drill by the boys of Redham Orphanage.
Then there were shown films of the birth of flowers showing the evolution from bud to blossom by speed magnification. There was the Royal Horse show at Richmond and the great Naval Review at Spithead, which was a magnificent film.
The programme will be repeated this afternoon and this evening and there will be an entire change of programme. The Kinemacolor pictures are indeed worth seeing and should not be missed by any as they are a revelation in the motion picture line.

AUSTIN'S LIST OF VICTIMS
Continued from page 1.
family and what street they lived on before the disaster was asked. As fast as people turned away arms full carrying bread, meat, coffee and tea, their places were taken by others.
State Sanitary Engineer Herbert Snow, who is in charge of the work of getting out the bodies and clearing away the wreckage, has sent in a requisition for several hundred carpenters, and they are being rushed here today on a special train with tools.
As soon as these men arrive they will begin erecting sheds, kitchens and such buildings as may be needed properly to care for the homeless.
Unskilled labor for some of the work is being furnished by the Good Year Lumber Company, which is taking this method of providing temporary employment for its men thrown out of work by the flood. Hundreds of men who were thus placed are also being put on the pay roll of the state health department.
In taking the census on which tonight's estimate of the dead and missing was based care was taken to trace so far as possible, all survivors who left town after the disaster to take refuge with relatives or friends.
Pathetic Incidents.
Twenty-five coffins reached Austin today and one hundred more ordered by wire are expected tomorrow. Burial permits are issued as rapidly as identification proceeds. Outgoing trains carried several bodies to nearby towns today, but most of the victims will be laid away in Austin. A burial ground which was untouched by the flood. Relief workers today

FOOTBALL SEASON MAY OPEN IN PROVINCE ON SATURDAY
Harriers and U. N. B. May Play First Game Here—Local Team Should be Fairly Strong One.

If arrangements underway carry, the senior football season in the province should be inaugurated on Saturday afternoon next.
Efforts are being made by the management of the Harriers team to have the U. N. B. team play the first game of the year on the Marathon grounds, and the matter is now under consideration by the U. N. B. Should the negotiations succeed, a large crowd will no doubt turn out to witness the game.
The class of Rugby put up by the boys from the provincial college has been of the best, and warrants the expectation of something classy for all the season. Since the opening of the classes a few weeks ago, they have been hard in the game, under the coaching of Ben Church. U. N. B. should turn out some game. For a number of seasons a prominent figure in college football as a player and knowing the inside points of the game, Church has the essentials that go to make for an A1 coach, and a valuable ally to the team.
Reports from Fredericton say that the red and black team give promise of being up to the mark this year. While Capt. Deedes and a number of last year's men have left the college, recruits are plentiful and some of them are showing up well. Under Ben Church the whole team is getting into tip-top shape, and if the game here on Saturday materializes, Rugby enthusiasts should see a good contest.
The Harriers are shaping up well. The forward line will be particularly strong and as well as being heavy have speed. Many of them have experience of years behind them, and know the fine points of the game as well as being able to deliver the goods.
For the back line there is plenty of material to pick from. Tully has turned out, and is up to his usual standard. Jennings of last year's U. N. B. team is back as well as Drynan and Howard. A number of graduates from the intermediate ranks are doing well in practice and before the season advances far, will make the veterans hustle.
