BUY CANADIAN GOODS, MOTTO OF THIS MAN

Has Sign to this Effect
Hung in His Store and
Finds it Brings Excellent
Results.

Placed in a conspicuous position in a certain business establishment of the North End, an attractive little sign, reading as follows, gave rise to an amusing incident last evening:

"Any Article Manufactured Of Canadian Soil By The Application of Canadian Brain and Muscle Will Always Have First Call With Me, And It Is Only Good Business On My Part That I Should."

A customer entered this place of business, and on approaching the counter his eye once caught the sign with the few well chosen words. He perused it carefully and repeated the slogan until he had memorized it. The idea advanced by the Board of Trade and other such corporations for boosting this country at once struck him, and thinking the above sign an excellent medium for urging the public to patronize home industries, he turned to the proprietor and enquired where a similar sign could be procured. The idea, he thought, was a grand one and would have a far reaching effect.

The conversation lingered for some time on the matter, and then ready to make a purchase the man stepped forward and said, "Give me a tube of Colgate's tooth paste."

A knowing smile and a glance at his customer was all that was needed and then the customer came back with, "Or rather, give me some Canadian made." The proprietor was ready at the call, and going to the end of the counter he handed out the product of a local manufacturing concern.

A few words followed and the purchaser was convinced of the value of the sign, for in future, he declared, that he would see to it that when possible Canadian-made goods would have first call with him.

"It is the same way with the majority of customers," said the proprietor afterwards. "They purchase goods without thinking of where they are helping other countries when they could do just as well with home manufactured goods, and so assist their own country."

"The little sign," said he, "works remarkably well. When their attention is called to it many take it to heart; and since I have had it placed here customers who previously were not particular in their choice have insisted on my serving them with Canadian-made goods."

HARD, SOFT OR BLEEDING?
No matter what kind or where located, any corn is promptly cured by Putnam's Corn Extractor, being purely vegetable it causes no pain. Guaranteed with every bottle of "Putnam's" use no other, 25c. at all dealers.

Seven Hours in New York
This is the attraction at the Opera House for three days, beginning with Monday, Labor Day Matinee, and ending Wednesday night.

Seven Hours in New York
is one of those merry musical song plays that give you two hours and a half of real enjoyment, sends you home forgetting the cares and worries of life, and making you feel glad that you are able to be alive and kicking.

Seven Hours in New York
has given universal satisfaction wherever it has been played. It has a clever cast of comedians and sou- brette, and a chorus that add zest to all the musical numbers and dances that make up the musical end of the

programme—and there are eighteen of them—anyway a plot doesn't matter. It is fun and recreation one is after, and Seven Hours in New York fills the bill, just as truly as if one spent seven hours in real old New York, and New York is some place. Matinee Monday begins 2.30.

ALFRED L. BELYEA IS
AWARDED CONTRACT.

Ottawa, Aug. 28.—The contract for the erection of the fish hatchery at Little River, St. John, and buildings in connection with the hatchery, has been awarded to Alfred L. Belyea, of St. John, who was the lowest tenderer, the price being \$5,311.

FAIR SUPPLY IN THE COUNTRY MARKET TODAY

In the country market, today, will be found a fairly large supply of produce, but the quantity for disposal is somewhat limited on account of the haying season, which has prevented a large number of the farmers from coming into town. Meat still ranges a little high, while the vegetable market is becoming better stocked, and consequently a noticeable drop in the price has been effected in this line of commodity during the past week. While the variety of the offerings in the meat market is small, the supply of the meats on hand is quite large and sufficient to meet the demand.

The following are the quotations for today: Roast beef, 12 to 22 cents; steak, 18 to 22 cents; lamb, 12 to 15 cents; chops, 16 to 22 cents; veal, 10 to 16 cents; pork, 18 to 20 cents; corned beef, 12 cents a pound. Chickens are selling at \$1 to \$1.50 a pair and fowl are bringing from \$1.25 to \$1.50.

Butter is selling from 27 to 30 cents a pound, and eggs are selling for 28 and 30 cents a dozen.

In the vegetable market the following prices prevail: Corn, 20 to 25 cents a dozen; squash, 3 to 4 cents a pound; tomatoes, 10 cents a pound; beans and carrots, 5 cents a bunch; peas and beans, 40 to 50 cents a peck; cucumbers, 2 cents each; potatoes, 20 to 25 cents a peck, and turnips, 25 cents.

PERSONAL.
Edward J. Britt, of the Boston Globe Advertising Department, with his wife are in the city on a visit.

Miss Jessie Cossaboom, of Digby, is spending a few weeks with Mrs. Fred J. Newcomb, Celebration street.

Robert Laskey of the National Drug Co., of this city, and Wm. W. Laskey, of Fredericton, are attending the National Exhibition in Toronto.

Miss Mary Kilpatrick, of Newark, N. J., left this morning on the steamer Governor Dingley. She has been the guest of Mrs. Frederick Watson, Cannon street, for the past two weeks.

Mrs. J. B. Thompson and Miss A. L. Coleman will leave for New York Tuesday, Sept. 2. Miss Coleman intends spending the winter with her sister, Mrs. J. B. Thompson, Morris Heights, New York city.

Capt. Frederick Rouse, of San Francisco, arrived in the city on Monday last and is the guest of his sister, Mrs. J. T. Hazlewood, West Side.

FUNERAL.
The funeral of Charles Bradley took place at 8.45 o'clock yesterday morning from his residence, 126 Main street to St. Peter's church, where solemn High Mass of Requiem was celebrated by the Rev. S. Grogan, C. S. R., with the Rev. E. Walsh, C. S. R., as deacon and the Rev. J. O'Regan, C. S. R., as sub-deacon. Interment was at the new Catholic cemetery and relatives acted as pall-bearers. The funeral was one of the most representative that ever took place in the North End, men of all walks of life being represented. Many floral bouquets were sent.

The body of Charles Maysfield, who died in the General Public Hospital Thursday, was taken to Gouda Point yesterday for burial. Services there were conducted by Rev. A. W. Daniel.

John Boden.

(Brooklyn Eagle, Aug. 27.)
Several hundred persons, many of them sporting writers and newspaper men, attended the funeral of John Boden, at St. Saviour's church, Eighth avenue and Sixth street, today. The body was brought to the Boden home, at 465 Ninth street, from Spring Valley, N. Y., where Mr. Boden died on Sunday. The Rev. J. J. Smith, of Baltimore, Md., was the celebrant at a solemn High Requiem Mass which was sung at the funeral services. Father Buckley acted as deacon, with Father Moran as sub-deacon. The eulogy was delivered by the Rev. James J. Flood, pastor of the church.

Some of those who were in attendance at the funeral today were John A. Hennessy, Frank J. Bryan, Joseph Potter, M. J. Boyle, Wilton C. Percey, John Pury, William Kelcher, John William Schmidt, R. McNamara, Colonel Edward M. O'Brien, William O. McInerney, Henry O'Leary, H. O'Neill, Joseph McGinn, Hugh Logan, William Freeland, Frederick Moran, Colonel James D. Bell, Michael E. Butler and W. Stebbins.

SCHOOL INSPECTORS HELD CONFERENCE

Educational Officials Met
Dr. W. S. Carter in Fredericton, Yesterday, to Discuss Matters of Importance.

Special to The Standard.
Fredericton, Aug. 29.—The conference of the school inspectors with the Chief Superintendent of Education, which concluded here this morning, was declared by Dr. W. S. Carter this evening to have been one of the best ever held.

Inspector Steeves, the director of agricultural education, gave an address which was declared by Dr. W. S. Carter to have been one of the best ever held.

At this afternoon's session Director of Manual Training, J. E. Pascock, gave an address which included a resume of the recent meeting of the Educational Association at Ottawa, which he and Dr. Carter attended, and explained the report and recommendations of the commission on technical education.

NERVOUS CHILDREN Are Often in the Early Stages of St. Vitus Dance.

They Need a Tonic to
Strengthen the Weak
Nerves and Restore
Them to Natural
Health.

Many a child has been called awkward, has been punished in school for not keeping still, or for drooping things, when the child is not really at fault, as the trouble is really St. Vitus dance in its earlier stages. So common is this nervous disease in childhood that in some schools one-fifth of all the pupils have been found suffering from it in one form or another. Before the presence of the disease is betrayed there is usually a disturbance of the general health. The child shows listlessness and inattention. Then it becomes restless, and twitching of the muscles and jerking of the limbs and body follow. A remedy cures it so thoroughly that no trace of the disease remains is Dr. Williams' Pink Pills, which make the new blood necessary to feed the starving nerves and gives them the nourishment they demand.

Mrs. Hiram Barnhart, Scots Junction, Ont., says: "About two years ago my oldest daughter, Mabel, then ten years of age, was stricken with St. Vitus dance. She could not keep still for half a minute, no matter how hard she tried. Her limbs would jerk and twitch and every little thing would start her crying. I gave her several bottles of medicine said to be good for the nerves, but instead of helping her she was steadily growing worse. Her voice would change so that we could hardly understand her, and her face became twitched until she did not look like the same child. I had used Dr. Williams' Pink Pills myself when run down, and finally decided to give her these. When she had taken two boxes I could notice an improvement, and at the time she had used five boxes she was fully cured. However, I was determined to make the cure permanent if possible, and I gave her two more boxes, and I can truthfully say that she has never had a symptom of the trouble since, and is now as bright and active as any child of her age. I heartily recommend Dr. Williams' Pink Pills to all mothers as the result of what they have done for my child and myself."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Special Suburban.
On Monday, September 1st, C.P.R. will operate special train St. John to Wolford, leaving St. John 1.10 p. m. local time, making usual suburban stops.

**Insist on Getting
Premier Gasoline**
IT isn't what you pay for Gasoline, but what you get out of it that determines its real cost.

Premier Gasoline gives more mileage per gallon than any other gasoline on the market. It atomizes readily, burns cleanly, and gives full power at all altitudes and temperatures.

You can get Premier always because The Imperial Oil Company is an absolutely dependable source of supply.

You can get Premier everywhere because The Imperial Oil Company has its stations everywhere.

Premier is a homogenous, pure, refined gasoline. It is produced as the result of scientific study by The Imperial Oil Company, the largest gasoline manufacturers in the Dominion.

Premier is always uniform. You can go from coast to coast with Premier without having to change your carburetor.

Be sure and get Premier Gasoline. Sold by dealers throughout the Dominion. Suitable storage tanks and pumps can also be purchased from The Imperial Oil Company.

To Automobile and Motor Boat Owners:
Insist on PREMIER GASOLINE for Power
Insist on POLARINE OIL AND GREASES for Lubrication

THE IMPERIAL OIL COMPANY, Limited
Toronto Montreal Winnipeg Vancouver
Ottawa Quebec Calgary Edmonton
Halifax St. John Regina Saskatoon
Also distributing stations in all towns throughout the Dominion.

SWEDEN PROTESTS AGAINST ACTION OF UNITED STATES

Health Authorities Believe
Many Cases of Typhoid
Fever Originate in Country wells—Public Warned

From what information can be gathered, it is learned that typhoid fever which presents itself most frequently throughout the summer months, but during the present summer has been more prevalent in this city than for some time, can be traced to the pleasure seekers who are in the habit of spending the week-ends in the country, or whose vacation prompts them to "rough it" in the enticing summer abodes.

Inquiries at the local Board of Health office yesterday afternoon elicited the information that of the many cases of typhoid reported in the city this year, fully eighty per cent are believed to have had their origin in the country homes, and in this way spread throughout the city.

It is from the well with the old oak bucket that causes the spread of this disease. The moss covered bucket may have an attractive and romantic appearance to the pleasure seeker, but the water which is dipped from the well is impure, and medical authorities has it, that from drinking the water from the country well bucket the visitor to the alluring homestead contracts the contagious disease.

To a reporter yesterday Dr. Melvin, local health inspector, stated that during the past week there was a marked decrease in the number of cases of typhoid fever in the city. The disease, he said, in the majority of cases, did not have its origin in the city, but in eight out of every ten cases reported it was contracted in the country from the impure water, and brought into the city. This, he said, was the source to which the fever could be traced.

Similar statements have been given out by health authorities in Upper Canadian cities. There, too, the number of cases of typhoid is a great increase over other years, and precaution is being taken to prevent its further spread through this source, particularly in Montreal and vicinity.

By advising the public of the danger, it is hoped in this way to cut down the spread of the disease. The country is generally considered healthy, but in this respect at least it has a bad effect on the human system.

IN THE COURTS CHANCERY DIVISION.

Argument in the case of Hugh Lawrence et al. vs. Mary V. Lawrence was heard yesterday morning before Chief Justice Barker. The case involves the construction of the will of John A. McC. Lawrence, who after making certain specific bequests, bequeathed the residue of his estate to James Myles and his wife, Mary V. Lawrence, directing that it should form a fund "to be used for benevolent purposes in any way they may see fit."

The amount of the residue of the estate is about \$10,000. M. G. Teed, K.C., and J. Roy Campbell argue the case for the plaintiff, and H. A. Powell, K.C., and J. King Kelley, K.C., argued the case for the defendants.

It was admitted that the bequest must fall for uncertainty but the testimony of the deceased was disputed, the plaintiffs contending that the amount so devised should go to the next of kin and the defendants that it should form part of the residuary estate and the trustees, being the residuary legatees, the amount should go to them. Judgment was reserved.

WEDDINGS.

Hawkes-Steeves.
Hopewell Hill, Aug. 28.—A pretty home wedding took place at the residence of Mr. and Mrs. Eben Steeves, Hopewell Hill, on Wednesday evening, August 27th, at 8 o'clock, when Gertrude Mabel, daughter of Mr. and Mrs. David Steeves, of Dawson Settlement, became the bride of Alexander Hawkes, of Curryville. The ceremony was performed by the Rev. Thomas Stebbings.

The bride was becomingly dressed in a white embroidered gown and carried a bouquet of white sweet peas. She was attended by Miss Amelia Hawkes, sister of the groom, the latter being supported by his brother, William. After the ceremony and congratulations refreshments were served to a number of invited guests. Many useful presents were received by the young couple.

WEDDING AT MOUNTAIN DALE.

The home of Mrs. Hanford Snider, Mountain Dale was the scene of a very pretty wedding when their second daughter, Bessie E. Ganong, was united in marriage to Russel Reade, of Amherst, N. S. The bride entered the parlor leaning on the arm of her brother, A. T. Ganong, to the strains of Lohengrin's wedding march rendered by Miss Eva Greig. The bride was becomingly attired in white satin draped with white nines and lace and wore a bridal veil and orange wreath and carried a bridal and maiden hair fern. Miss Florence Reade, of Cornwall, acted as bridesmaid, while the groom was ably supported by his brother, Frank Reade, of Sackville.

The bridesmaid's dress was of white, further spread through this source, particularly in Montreal and vicinity. By advising the public of the danger, it is hoped in this way to cut down the spread of the disease. The country is generally considered healthy, but in this respect at least it has a bad effect on the human system.

WEDDED IN ANDOVER

Miss Bessie A. Curry, of
Andover, Becomes Bride
of Rev. Arthur Ross, of
Dawson City.

Andover, N. B., August 28.—A very pretty wedding was solemnized in the Presbyterian church, on Wednesday, the 27th, at high noon, when Miss Bessie A. Curry, youngest daughter of Mr. and Mrs. Wm. Curry, became the bride of Rev. Arthur Ross, of Dawson City, Yukon.

The bride entered the church to the strains of Lohengrin's bridal chorus, looking very lovely in a gown of ivory satin, with veil, arranged with orange blossoms, and carrying an immense bouquet of bride's roses, and was preceded by her sister, Miss Janet Curry, as bridesmaid, wearing a charming gown of blue silk, with black picture hat, trimmed with touches of blue and a yellow and blue shaded plume and carrying a large bouquet of yellow roses, and was given in marriage by her father. The groom was attended by C. H. Elliott, and Rev. Gordon Pringle performed the ceremony, which was made doubly impressive by the sweet strains of Dvorak's "Humoresque." At the conclusion of the ceremony the bridal party left the church to the inspiring music of Mendelssohn's wedding march. The church was beautifully decorated with golden glow and green by friends of the contracting parties. The guests were ushered by Messrs. David Wiley, Wilmont Curry, Robert Curry and Mr. Mosner.

After the ceremony about sixty guests repaired to the home of the bride's parents, where they showered congratulations on the happy couple. At 1 o'clock a sumptuous luncheon was served by Messrs. Jessie Walker, Rena Evans, Bessie Lawson, Pearl Waite and Gertrude Tibbits, assisted by the ushers. The house was gaily decorated with cut flowers and white ribbons. The bride's mother wore a taupe satin with touches of mauve, and hat to match. Miss Curry wore a handsome dress of white silk with lace trimmings, and picture hat of Saxe blue plush with plumes.

The groom's gift to the bride was a ring set with emeralds and diamonds to the bridesmaid, a brooch of Yukon gold; to the ushers, pearl tie pins, and to the organist, Miss Pearl Waite, a brooch of Yukon gold.

Mr. and Mrs. Ross left on the afternoon train for a short trip to Nova Scotia and Cape Breton, and will return for a few days before starting on their long trip to Dawson City. The large number of costly gifts gave evidence of the popularity of the bride and groom.

There were many out-of-town guests among them being Mr. John Anderson, grandfather of the bride, of The Barony, who is hale and hearty, although in his 92nd year.
