

FROM ALL OVER THE MARITIME PROVINCES

FREDERICTON

Fredrickton, N. B., Dec. 4.—George R. Perley, of Margerville, warden of Sunbury county, was nominated in the interest of the provincial government party in a convention held at Burton today. The feeling of the convention was strongly in favor of a resident of the county being the candidate, and several outside men who were after the nomination were disappointed. The nomination was for the term commencing on the resignation of Hon. J. D. Hazen. The election is set for the 14th instant.

Wm. J. Murphy, baker, is seriously ill from pleuro pneumonia, and his condition is causing his friends considerable alarm. One of the largest horse heads seen here this season was brought this morning from L'Anse-au-Loup. It was secured by Frank Dorian a week ago. It has since spread to eight inches.

Six inches of snow fell here since Saturday, and the excellent sleighing gives promise of a brisk Christmas trade. D. J. Shea was re-elected warden of the Fredericton Division A. O. H. last evening.

Israel Goodine, aged about twenty years, son of Alex. Goodine, of Upper Kingsclere, died at the Victoria Hospital today, his death being due, it is said, to injuries received from a kick in a mix-up with a young man named Long in a store at Upper Kingsclere some months ago. Since the incident occurred a civil action has been brought against Long in the courts and it is not unlikely that criminal proceedings will be taken, charging him with being responsible for Goodine's death. Young Goodine is survived by his parents, five brothers and five sisters.

Fredrickton, Dec. 5.—Arthur K. Limerick, this morning received notice of his appointment as inspector of weights and measures for Fredericton and York county. The position has been vacant since 1903, when it was held by the late E. C. Froese, and since that time the work has been carried on, what little was done, by inspectors from other districts. Mr. Limerick will go to St. John tomorrow, where he will be sworn in before T. Burke. The position carries with it a salary of \$300 per year and expenses.

The appointment of John A. Humble, of Stanley, as claims agent on the I. C. R. has also been made. This position is worth \$1,800 per annum and traveling expenses, and was formerly held by E. H. Allen, of this city, and later by John S. Leighton, Jr., of Woodstock. Mr. Humble will enter upon his duties at an early date. For many years he has conducted the Stanley Orange business, and is one of the best known residents of York county.

Fredrickton, Dec. 6.—The Royal Gazette today contains proclamation that after the first of May next liquor licenses will not be issued in the parish of Lancaster, St. John county, or in the parish of Richibucto, Kent county.

W. S. Thomas has been appointed manager of the Bank of New Brunswick here and will come from Sussex in the course of ten days or two weeks to take up his new duties. W. E. Jardine, the present manager, recently resigned, has been appointed to the Bank of Vancouver in Vancouver, and will leave in about three weeks for the Pacific coast city to take up his new duties at the first of January. C. W. Riddick, accountant at the Fredericton branch, has been ordered to report at Yarmouth (N. S.) to relieve for two or three weeks and will then assume the management of a new branch which the bank is opening at Clark's Harbor (N. S.). Gordon Todd, now accountant at Campbellton, will succeed Mr. Riddick here.

In the Royal Gazette today notice is given of the appointment of John A. Y. Smith, St. John, and Archibald Alcorn, of Blackville, Northumberland county, as a board of examiners to act upon applications at the last session of the legislature to examine candidates for licenses as stationary engineers. John Kenney, the factory inspector, has been appointed secretary of the board. The examiners will receive \$20

per day and expenses while engaged in their duties and Mr. Kenney will have his expenses paid while attending to his duties under the act.

John K. Sullivan and Ald. Jewett returned last night from New York, where they attended the horse show. They and other Fredericton men purchased seven animals, all high-class racing stock. Mr. Sullivan bought Martin Walnut, Roy Smith purchased a valuable hackney and W. A. Clark the pacing mare Melville.

The action of the government in reviving the office of inspector of weights and measures, abolished by the Liberals fifteen years ago, has created considerable surprise here. There was no demand for a revival of the office, but it was wanted as a reward for a worker, and that view of the matter carried weight with the patronage dispensers.

The Intercolonial railway station is nearing completion, and will be ready for occupancy about the middle of January. Many people would like to see the C. P. R. authorities follow suit, and replace the old station here with a modern brick and stone structure.

HOPEWELL HILL

Hopewell Hill, Dec. 4.—Frank Smith, son of R. Chesley Smith, left today to locate in Vancouver (B. C.), where he has three brothers already living.

The Albert county Sunday school convention is to meet at this village on Monday, Dec. 12.

The second snow storm of the season arrived on Saturday night, and the roads, which had become bare, have five or six inches of heavy snow, making fine sleighing.

F. H. Barnett, who has been in the State of Maine, has returned to Albert, to resume his duties as station and express agent, which he held before the train service closed down in the spring.

Hopewell Hill, Dec. 5.—Rev. Canon Smithers, of Fredericton, conducted service in St. Alban's church at Riverside on Sunday.

Canon Smithers, previous to assuming his present duties, was priest in charge of the Albert mission for some seven years, and his friends were pleased to see him. St. Alban's church, a picturesque stone building of unique design and artistic interior, was built during Canon Smithers' incumbency at a cost of \$3,500. There is at present no rector in charge.

A. S. Milton and Fred Smith, two of Hopewell's representative farmers, attended the winter fair at Amherst this week.

A crying need at this village, which has been present for some time, was fully emphasized by the resumption of train service on the railway as cold weather has arrived, is the establishment of some sort of station accommodation for the winter.

Public suffering great inconvenience and discomfort in cold weather, waiting for the train, whose arrival is more or less uncertain. In the early days of the road a station agent was employed, who did not keep the station open permanently, but who kept on a fire at train times and, after sunset, which was locked up at night, some years ago, this was abandoned, and now the freight room is open to the storms, the front door being kept open and travelers and the mail carrier stand shivering without any fire, and the public must wait for the train, and the passenger traffic as well as freight business at the Hill station, and it would seem that the public ought to have some additional accommodation to that they now have. It is understood a person could be secured to keep a fire at train times, and look after the mail, for \$10 a month, and it is hoped the management of the road, now that they are making a new start down this way, may see their way clear to give the people this convenience.

Joe DeWolfe, game warden for theishes of Hopewell, Harvey and Alma, three of the six parishes in the county, was in the village today collecting information regarding the number of moose and deer in his district. The warden said that his statistics so far showed forty-six moose killed and sixty-five deer. This will likely be added to some by his brother, who is Hopewell yet to hear from. Alma parish had a record of thirty moose and twenty-five deer.

The Baptist quarterly meetings for the district of Albert county opened at the Cape yesterday.

A young son of Walter Downey, of Carleton Place, had one of his wrists badly hurt recently by an axe his brother was using. The boy was reaching for a handle and got too close to the lad that was chopping. Dr. Lewis took several stitches in the wound.

E. P. Hoar, of Moncton, was in the village yesterday. Mr. Hoar, who has held the position under the Hagen government, known as "structure" superintendent, is according to report, about to resign his position, and it is said, is only to make one more official trip to this county.

Mrs. Archie Stuart went to Moncton today to remain a few weeks.

DEER ISLAND

Deer Island, Dec. 4.—Mrs. Warren H. Fountain has her new barn erected on the site of the old one which was recently destroyed by fire.

Mrs. Alma Chaffey, of Eastport, spent the week-end with her parents at Cumming's Cove.

Rev. J. Harry Puddington preached in the United Baptist church on the island on Sunday the 3rd inst.

Mrs. Geo. Thompson, of Fair Haven, and daughter, Mrs. Andrew Stuart, of Stuart Town, are visiting Mrs. Thompson's sons in Worcester (Mass.).

Mrs. Leighton and daughter, Miss Nellie, of Pembroke (Me.), are spending the winter with relatives here.

Mrs. Myra Chaffey and nephew, Vernon Conley, left a few days ago for Verdun (Mass.).

The ladies of the Methodist society of Cumming's Cove, held a successful harvest supper in Moss Rose Hall. The proceeds will be used for church purposes.

NORTON

Norton, N. B., Dec. 4.—Mrs. Abram Sherwood, of Hillsboro (N. B.), who has been visiting Mrs. J. M. Campbell, left for her home Saturday.

James Cummings, of New Glasgow (N. S.), is the guest of Mr. and Mrs. Wm. Burns.

Lulu Murphy left last week to visit Winnipeg and other western towns.

Miss Emma and May Roland and Miss Green left Saturday for Boston (Mass.).

Mrs. D. F. Lewis left today for Brown's Plains and vicinity to spend a short while.

Mrs. Walter Campbell, of St. John, who has been visiting friends in Norton, returned home Saturday.

The body of the late Mr. Storey, who died suddenly in Worcester (Mass.), was brought to Norton Saturday. Gordon,

son of George, son of the deceased, accompanied the body home. The funeral took place at Fortine (K. C.), yesterday, and was largely attended, several going from Norton.

The funeral of the late John Innis took place last Thursday and was largely attended. The services were conducted by the Rev. J. B. Colwell, who preached a sermon in the old Central North Baptist church. On account of the temporary bridge being partly destroyed by the recent frost, the funeral procession had to go to Norton station to cross the river, making it a distance of about ten miles. H. Y. Huns left last week for Moose Jaw (Alta.).

APPOHAQUI

Apohaqui, N. B., Dec. 4.—The many friends of Mrs. C. W. Weyman regret that she is not improving in health and slight hopes are entertained for her recovery.

Miss Wilcox, professional nurse, of Hampton, is in attendance.

Mrs. George Veysiey is visiting her daughter, Mrs. Heber Wiles, of Calhoun's (N. B.).

Miss Nellie Veysiey is visiting her sister, Mrs. C. H. Keith, of Petticoat.

Miss Beatrice Simeux and little sister, Kathleen, of Sussex, spent Sunday with relatives here.

A. B. Wetmore, who has been seriously ill with typhoid fever at the home of his sister, Mrs. Heber Folkins, is slowly improving.

Mrs. William Johnson has closed her home for the winter, and will spend some months in Moncton and St. John.

Miss Flora Ellison, who has been visiting her sister, Mrs. W. T. Peters, of Robb's Bay, returned home yesterday.

Mrs. William McAuley and Mrs. J. E. McAuley are visiting relatives in Darchester.

Among those who left here to attend the Maritime Winter fair at Amherst were Col. H. M. Campbell, M. H. Parles, Howard Patterson, Reginald Raymond, James McAuley, Walter McAuley and Howard Raymond.

SALISBURY

Salisbury, N. B., Dec. 6.—William Armstrong, harness maker, who has been spending a few weeks in Albert, with his sister, Mrs. Hamilton, spent a few hours renewing acquaintances here on Monday, while en route to his home in Truro (N. S.).

Armstrong spent his early boyhood days in Salisbury, his father, Rev. J. J. Armstrong, being pastor of the Baptist church here some seventeen years ago.

Since the first of December the train of station accommodation from Moncton to the Salisbury and Harvey railway has been making through return trips between Albert and Salisbury. The new time table for the winter went into effect on Monday.

In the morning instead of the afternoon. G. Allison Trites, who has been spending a few days here with his mother, returned to his home in Truro (N. S.) yesterday.

Miss Edna Storey, teacher of Moncton, spent Sunday in Salisbury, with the Misses Duncan.

Four Salisbury hunters, who spent last week some forty miles up from Moncton on the Grand Trunk Pacific railway, met with splendid success. They shot seven deer, one moose and one caribou.

The funeral took place at St. John's home, on the Grand Trunk Pacific railway, met with splendid success. They shot seven deer, one moose and one caribou.

There is nothing better for cleaning copper utensils than hot vinegar, salt and milk. Take a cupful of warm milk, add a quarter of an ounce of hot vinegar and a tablespoonful of salt. Rub on hard with a flannel rag.

While keroline is now generally recognized as better than any drug store or barber shop preparation for the hair, it is generally known that crude oil is better. Used once a week it will destroy dandruff and promote a fine growth of hair.

Hot brooms or whisks may be dipped in hot water and the uneven edges trimmed with shears, and then dipped in cold water and all water shaken out. This makes the straw harder and the trimming makes the brush almost as good as new.

To make a good sweet potato pie, take a cup of mashed sweet potato, a teaspoonful of cinnamon, half a teaspoonful of salt, some of butter and ginger, half a cup of sugar, a cup of milk and one well beaten egg. Bake for half an hour in a slow oven.

Pilch of chicken livers is an excellent dish for luncheon. Boil the livers until tender and put in an open dish lined with lettuce. Put a layer of rice over the top and turn the mound out into the dish in which it is to be served. Cover with a rich tomato sauce.

To iron a handkerchief so that the corners will come out exactly even and square, iron it out first, then fold it twice, leaving a little space. Then, when the second fold is made, the corners will push up to be exactly even.

Bananas are rarely found in this country ripe enough to be digestible, although they may be perfectly yellow. To properly ripen them so that they will be excellent food, by a bunch and hang it up in a dry place with the stem in water. In a few days they will be much improved.

ST. JOHN MAN IS DEAD IN THE WEST

The Seattle Post-Intelligencer says: "James Albert McWilliams, head of the McWilliams-Henry Building Company, of Everett, died at his home 1115 Thirtieth avenue south, yesterday. He was ill only a few days."

"Mr. McWilliams was born in St. John (N. B.). He came to Seattle in 1884, and was one of the organizers of the Spring Hill Water Company, the first water company in the city, and for several years was its superintendent."

"In 1888 he was a factor in organizing what is now the Seattle Electric Company, and for several years was its president. The McWilliams-Henry company, of Everett, had been organized six years ago, since when Mr. McWilliams has been identified with the Everett concern."

"He was seventy-two years old. Three sons and two daughters survive him."

FIVE DOCTORS GAVE UP ALL HOPE

Said She Would Die of Kidney Trouble — "Fruit-a-tives" Cured Her.

Mountain, Ont., Dec. 14, 1910.

"For six years, I suffered from dreadful Kidney Disease. My legs and lower part of my body were fearfully swollen, and the pain was awful. My people thought sometimes I was dead, as I would faint from the agony. Five different doctors attended me, and all said it was kidney trouble and gave me all sorts of getting well. A kind neighbor told me to try 'Fruit-a-tives' and mentioned the case of Mrs. Fenwick, who was cured by it."

I took 'Fruit-a-tives' and in a short time, I began to feel better, the swelling went down, the pain was easier, and when 'Fruit-a-tives' entirely cured me. All my friends look upon my recovery as a miracle, and I am unable to praise 'Fruit-a-tives' enough."

(Miss) MARGIE JANNACK. "Fruit-a-tives" is the most scientific remedy ever discovered for Irritation or Congestion of the Kidneys, frequent Pain in the Back, and Swollen Limbs. 50c a box, 6 for \$2.50, or trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

THE WONDERFUL CHRISTMAS TOYS

Dolls That Speak and Squeak and Cry, and Dolls That Flirt

MODEL KITCHENS

Handsome Ranges With Pots and Kettles and Pans—Materials for Skyscrapers, Bridges and Elevators—Automatic Draw-Bridges and Interesting Merry-go-rounds—New Games.

This is the season of the year when Old Santa Claus displays upon well stocked shelves and counters the fruits of a year's labor. Already the toy department in the city stores is crowded with interested children and anxious parents, intent upon choosing suitable gifts for the younger members of the family. Windows of the variety stores give some slight indication of the wealth of wonderful games displayed in the city stores.
