

E. WRIGHT REINSTATED AT WOLVES LIGHTHOUSE; MISS WOOD'S DECLARATION

J. C. Chesley, Marine Agent, Presided Over Hearing Tuesday, and Evidence of Wright and Miss Wood is Taken in Affidavits.

Wednesday, May 19. Prompt action by Chesley Wright in securing legal advice and in presenting evidence to the Department of Marine and Fisheries...

It is expected that developments will result in connection with the person of E. Wright, but in the case of Miss Wood action may be taken in the matter before many days have elapsed.

The affidavits, as taken yesterday at the customs house, follow: In the matter of the supposed drowning of Sydney Lord and Mark Lord...

Frank Pennington and Bibber Stewart with several others came on the island the next morning in a sail boat. I gave the cap and mitten which I had found on the shore to Bibber Stewart who took them to Sydney Lord's wife...

From what I saw near the camp of Sydney Lord and Mark Lord I feel sure that they had been on the island in the month of January, 1912, and there is no doubt in my mind that they lost their lives by the dory overturning in the storm as no trace of the dory was found...

From all I saw after the storm I am sure that the men Sydney Lord and Mark Lord were on the island in the month of January, 1912, and there is no doubt in my mind that they lost their lives by the dory overturning in the storm as no trace of the dory was found...

ITALIANS ATTACK HENRI BOURASSA'S NEWSPAPER OFFICE. Mob of Thousands Smash the Windows—Incensed at Article Criticizing Italy's Motive in Entering War.

Montreal, May 27.—Several thousand Italians made a raid on Henri Bourassa's newspaper office, Le Devoir, tonight, smashing the plate glass windows in the office of the publisher, Le Devoir, and made an attempt to force an entrance into the building from the rear. However, before serious damage was done, mounted police and policemen on foot drove the mob away from Le Devoir office, and made three arrests.

The cause of the Italians' wrath against Mr. Bourassa and his paper was an article published in Le Devoir, which was a scathing attack on the world war on selfish grounds. Reference to this was made earlier in the evening by Rev. Liborio Latoni in an address delivered at what began as a peaceful demonstration on Champ de Mars, in support of Italy's alliance with Great Britain, France and Russia, and his words inflamed the demonstrators.

They were incensed at the article, and as they moved toward Mr. Bourassa's office. Cummings' Cove Items. Cummings' Cove, May 26.—Miss Alma Chaffey, of Eastport, spent the weekend at her home here.

STIRRING EVENTS AT DARDANELLES

(Continued from page 1.) doubt manned with machine guns. Just as Greek troops obtained possession of an important tactical point. On May 7 the attack continued, the French troops again improving their position, while on the left the Twenty-ninth Division succeeded just before sunset in driving the enemy back nearly into the village of Kritika.

May 8 the attack was again resumed, and the advance in the face of a very heavy fire was begun. French troops attacked the Turkish trenches with the bayonet and the whole line, except on the extreme left, advanced steadily. At night the Turks attempted a counter-attack, but this was everywhere repulsed with heavy losses.

During the fighting of these three days the Australian corps at San Bas, in spite of having seen reinforcements to support the main attack successfully held their own and resisted all attacks. The fight on these three days was severe. Happily a large proportion of the Australian troops represented only slight wounds. It had been clearly demonstrated that the Turkish defenses were strongly constructed, and that their capture must be achieved by the use of tactical and methodical methods of trench warfare.

The French forces throughout these operations fought with magnificent courage and dash, and they suffered heavy Australian War Spans. During May 9 ground was gained everywhere and was consolidated. At 10:45 p.m. an attack was brilliantly carried out by the Fifteenth and Sixteenth battalions of the Four Australian Infantry Brigades. These detachments attacked and carried with bayonets three lines of Turkish trenches at Sari Bar and established themselves therein.

A heavy Turkish counter-attack was launched at dawn of May 10, and forced the Australians back to their original trenches, but the guns of the corps were in readiness and they opened fire on the enemy at close range. The execution was terrible and the bodies of the Turks lay thick upon the ground, as to form an obstacle.

During May 10, 11 and 12 further reinforcements for the French, British and Australian troops arrived. On the night of May 12 troops of the Twenty-ninth division under Major General Hunter Weston, undertook an attack against the enemy's extreme right, under cover of a demonstration by artillery, and infantry. The Australian company of Gurkhas crept along under the sea cliffs and occupied a cleft in front of the Allied line, where they dug themselves in during the night.

On May 13 and 14 the left of the Allied line was again further advanced, and the position of the Indian brigade made secure. On May 15 the 29th division worked furiously and established themselves in trenches 200 yards in advance. The Allied artillery was well handled. Aided by aeroplane observation it destroyed, by direct hits, Turkish positions, and exploded a wagon-load of heavy gun ammunition, as well as demolishing some new Turkish entrenchments.

On this day General Bridges, commanding the Australian division, was mortally wounded during an attack on the Australian position. His subsequent death caused an irreparable loss to his command.

Further advance was made on the night of May 18 by the French troops, supported by the Royal Naval Division. During the night of May 19 a continuous fire was maintained against the Turkish position, and New Zealand corps, but no attack was delivered.

ITALIANS OCCUPY HEIGHTS AND MARCH ON TRIESTE (Continued from page 1.) May 25, the French again repeated their attempts to break through our lines between Vermele and the Lorette Hills, but strong forces were brought up, and the narrow stretch of ten kilometers (six miles), but the attacking force everywhere was repulsed. We are in full possession of our position. An economically large number of fallen Frenchmen are lying in front of our trenches.

Further French attacks were directed late in the evening against our line of Souches-Neuville, and in the district of Stry. The body of yesterday's results cannot yet be perceived.

An air attack was successfully carried out by us on the fortifications at Soudan, on the Lower Thames. In the southeastern theatre an attack by our troops progresses to the north-west of Przemysl, and in the district of Stry. The body of yesterday's results cannot yet be perceived.

Austrians Claim Gains. Vienna, May 27, 9:10 p.m.—The following official communication was issued today: "In the northeastern theatre of war, in the district of Przemysl, our troops in the bitter fighting are making further progress. East of Radymno parts of our Sixth Corps captured Nienowice and the heights of Hosodysko, which the Russians stubbornly defended, and took over 2,000 prisoners and six guns.

"Southeast of Przemysl our allied troops succeeded in penetrating a hostile main defense position near Goussauk, repulsing the Russians. We captured 2,800 prisoners and eleven machine guns. The fighting is proceeding.

"Simultaneously the Austrian and German troops of General Alexander Linsinger's army broke through the Russian front line southeast of Drohobycz and near Stry after severe fighting and forced the Russian to retreat. The attack also is proceeding here.

"On the Pruth river and in Russian Poland the situation is unchanged. "In the southwestern war theatre, in the Tyrol and at some points southeast of Przemysl, our troops are pushing our frontier works with heavy artillery. Near Caprice (to the northeast of Trent), in the Cordevoie Valley, two Italian companies were annihilated by our machine guns.

"On the Corinthian frontier there has been an unsuccessful bombardment. In the coast district the Italians have crossed the frontier at several points. Enemy detachments which advanced to our positions were repulsed.

Driven Back With Heavy Losses. London, May 28, 1:30 a.m.—A despatch to the Central News from Petrograd says: "On the 28th and 29th the Austro-

GERMANS ATTACKED THE ENTIRE RUSSIAN FRONT BETWEEN THE UPPER VISTULA AND THE LEFT BANK OF THE SAN AND WERE DRIVEN BACK WITH HEAVY LOSSES.

The Russians following a counter-attack at Stry, took some prisoners. The missing man was killed, but the captain does not state how. The Morwenna sailed from here early this year, chartered to the Red Cross line, and was on her way from Cardiff to Sydney (N. S.) when torpedoed.

The Morwenna, which was reported torpedoed off the Welsh coast this morning, left Cardiff, Wales, yesterday for New York, and was commanded by Captain Holmes, a Nova Scotian. She had only gone on the Atlantic service this season under charter, it is believed, to the British admiralty.

Last season the Morwenna, together with the City of Sydney, were operated by the Black Diamond line, a subsidiary company to the Dominion Coal Company. The Black Diamond line went into liquidation and the Morwenna was chartered to the Bowring Company of New York.

A late despatch from Cardiff says: "The Morwenna was torpedoed and shelled by a German submarine at midday of Wednesday at a point 100 miles west by south of St. Ann's Head, Pembrokeshire. The Morwenna was built at Dundee in 1904. She was 260 feet long.

Shelled By Murderers. Cardiff, Wales, May 27, 11:30 p.m.—The members of the crew of the Morwenna say that after the vessel was torpedoed they lowered their boats, one of which had not entirely been freed from its tackle when a shell from the submarine blew off the head of one of its occupants and wounded three other men. The skipper of the Jaquette says when he saw the submarine attack the Morwenna he started the Jaquette full steam ahead, intending to ram the submarine. The underwater boat, however, evaded the trawler and fired many shells at her, but all of them missed their mark.

GERMAN BARON ARRESTED BY THE DOMINION POLICE. Fredericton, May 27.—The Misses Sherman received word yesterday that their brother, Frank J., assistant general manager and enlisted as a private in the McGill overseas battalion of Montreal, has acquired his initial knowledge of banking in this city and after his appointment as assistant general manager about ten years ago was in charge of agencies in the West Indies. For several years he has been stationed in Montreal, filling one of the most important banking positions in Canada and was in receipt of a salary of \$10,000 a year. "I am very glad my brother is going out to fight for the empire," said Miss Stella Sherman to the "Times" correspondent. "I am proud of him more than ever."

Private Sherman is a brother of Rev. John Sherman, curate of Trinity church, St. John. A heavy wind storm, accompanied by rain and snow, passed over the city last night. The wind had a velocity of thirty miles an hour and caused some damage to telephone wires. The temperature was about an inch of snow fell.

John P. Carpen and Herbert A. Burton of this city have enlisted in the 8th mounted rifles. Reports concerning the Nashwaak district received here yesterday seem exaggerated. Instead of seventeen million feet, which is more than the company's total cut, having been abandoned, only about half a million feet of lumber is being cut by the upper drive. The river has risen a foot and the lower drive is coming along all right.

FROST DESTROYS ONTARIO FRUIT AND VEGETABLES. St. Catharines, Ont., May 27.—Fruit and vegetable growers, with statistics before them this afternoon, declared that the frost of last night was equal in severity to the worst since May 25, 1889. Hundreds of acres of early tomatoes are totally destroyed, and large vineyards are rendered entirely unproductive. Grape Crop Destroyed.

Niagara-on-the-Lake, Ont., May 27.—Fruit growers here declare that frost last night destroyed their crops between the place and Saint David's, seven miles away. Practically the whole of the grape crop is gone and most of the berries, but the amount of loss cannot be estimated yet. Farms situated along the Niagara river and Lake Ontario roads escaped serious damages but the ranches inland suffered considerably.

Digby Soldier is Likely to Be Blind. Digby, N. S., May 26.—(Special.)—Word has reached here from a hospital in which he is being attended, that Lance Corporal Alex Viets, son of Mrs. Jane S. Viets of Digby, has lost the sight of his right eye, and the doctors have little hope that he will be totally blind. He was wounded by a trench mortar. It is thought he will recover from his scratches and other injuries.

SEND MONEY FOR TOBACCO FOR THE SOLDIERS. Toronto, May 27.—"I am particularly anxious to provide hospital accommodation for the Canadian wounded soldiers so that they will not have to be separated," said Lady Beck, who is just back from England, in an interview tonight. Canadian-wheeled chairs and surgical supplies were preferred by Canadian nurses in England. "Send money every time for tobacco," she said. "It goes twice as far." Jam, in fact, everything with the home flavor, was most acceptable.

BIG RECRUITING MEETING IN WOODSTOCK

(Special to The Telegraph.) Woodstock, N. B., May 27.—The opening of the recruiting campaign in the Opera House tonight was attended by a very large audience. Mayor W. S. Sutton presided, and addresses were made by P. C. Squires, Robert E. New ton and Rev. Dr. McDonald.

Mr. Newton, who is on the staff of the provincial agricultural department, has enlisted for overseas service. Dr. McDonald made an eloquent appeal for recruits, and his address was frequently punctuated with applause. He referred to those already at the front whom he said had made names for themselves that would be written high.

"We have not done our share," said the speaker. "We have done a great deal, but should send more men. Every man physically fit should settle with himself whether he could do more by remaining at home or going to the front. Men are making splendid sacrifices to take their place in the ranks. The best men are going and it is up to us all to do our duty by the country."

Lieut. Hamilton was on the platform with the service roll, and when James E. Lynott, John Chandler and James Gough walked to the stage and "signed up" the big audience broke out in thunderous applause, the band striking up the British Grenadiers. Lieut. Hamilton announced that when it was at the army during the war when it is expected many will enroll.
