GERMANY FACING TERRIBLE BURDENS

Amsterdam, via London, Aug. 28.—The Berlin Vorwaerts in discussing the new German war loan directs attention to what it characterizes as the alarming financial situation which Germany must face at the conclusion of the war.

"The imperial debt and pensions alone will demand an annual expenditure of at least two and a half billion marks (\$625,000,000), or a little less than the ordinary and extraordinary imperial expenditures of 1913. In other words, the income of the empire hitherto will only suffice to pay the interest on the national debt, for all other expenses new sources of taxation must be created."

However, remember that the taxation controversies of 1908 and 1909 can easily imagine into what internal political difficulties the war is leading us."

A young man saying good-bye to his sweetheart was leaning on the garden gate. "Well, she's really a good girl, isn't she?"

"I'm going to ask you a favor," the girl said, hesitatingly.

"It is already granted," he answered. "A very great favor," she repeated, as if doubtful of the propriety of asking what it was. "You're sure that you won't think it presumptuous or forward of me?"

"Never," he assured her. "Only tell me what I can do for you."

"Will she really be a good girl?" she asked, looking at him with a pleading expression. "I don't know," he replied, "but I'll try to find out for you."

"Thank you very much," she said, and he saw her go. "I'll try to find out for you," he repeated, and he went back to his work.

When anyone abuses "Central" over the phone, you can bet it is a non-subscriber—someone that's making use of someone else's phone," said the "Hello" girl.

"The way we find out is to ask them the number of the telephone they're using. Nine times out of ten they don't know, and we can hear them asking the owner of the phone before they reply."

TAKE THESE

COMPLETE NERVE FAILURE

A Most Remarkable Cure by Dr. Cassell's Tablets, The Famous All-British Medicine

Was Utterly Helpless and Could Not Move Hand or Foot

No Treatment Tried Was Of The Slightest Avail

He Had to be Fed With a Spoon Just as he Lay

Told Recovery Was Hopeless

Made Strong and Well by DR. CASSELL'S TABLETS

The following extraordinary cure of a man who suffered from such complete Nerve Failure that he had not moved for eighteen months, and had to be fed as he lay, aroused such widespread interest last year in the Mother Country that we now publish it for the benefit of our Canadian friends. Here is the wonderful story of Mr. Thomas Sedgemore, of Lyndale Cottage, 19 Chapel street, Sudleigh, Salterton, Devon, England. He says—

"I was completely helpless, could not move hand or foot, and had been in this condition for eighteen months when Dr. Cassell's Tablets cured me. The trouble first showed itself in the year 1908, and I sought advice. This proved useless, and I was steadily getting worse. I was advised to go to an institution where I should have the very best skill available. I was an out-patient there for four months, but nothing they could do for me, was of the slightest avail. On the contrary, the trouble got worse. When I went I was just able to hobble on sticks from the station, when I was

about by herself. The cause of the trouble was her being knocked down by a bicycle when she was three years old. She was very much bruised, but seemed to get over it quite well. Some years later, however, she complained of pains all over her body and began to lose the power of her limbs, until soon she was quite helpless. We had the best advice, but the case was considered incurable. She became a helpless cripple, unable to move hand or foot, and it was thought that she could not live many months."

"However, finding that everything was tried failed, I thought I would just try what Dr. Cassell's Tablets would do. The result amazed me. The first sign of benefit was that Hilda improved in general health. She began to eat better. Then slowly, but quite surely, power returned to her limbs, and she was able to get up for a little. It is only six months since I first got the Tablets, and now she is cured and is in the best of health."

BRITAIN'S GREATEST MEDICINE

There is an irresistible healing force latent in Dr. Cassell's Tablets which, acting on the nerve centres and bodily functions, literally complete health and vitality for the whole system. Where Dr. Cassell's Tablets are persevered with benefit must result. Take them for Nervous Breakdown, Nerve Failure, Infantile Weakness, Neurasthenia, Sleeplessness, Stomach Disorder, Wasting, Palpitation, and they are specially valuable for nursing mothers and girls appearing weak and thin. All druggists and storekeepers throughout the Dominion sell Dr. Cassell's Tablets at 50 cents. People in outlying districts should keep Dr. Cassell's Tablets by them in case of emergency. taken out I had to be carried on a stretcher. I had not the power of a single muscle, was so utterly helpless that I had to be fed with a spoon just as I lay."
