

There are in Toronto so many Christian workers, and so many departments of Christian work, that the students have unequalled opportunities for gaining a practical acquaintance with the various methods pursued, and must receive both stimulus and enrichment from this contact.

College Pastors are appointed by the council from year to year from among the older and more experienced graduates. The plan is for one College Pastor to come into residence each term for the space of a week or ten days, give special addresses daily to the students, see them in their rooms, and in every way come into close contact with them for the promotion of their spiritual life, and the edification and stimulus which may come to the students from men not very much their seniors, who are of themselves, and who, while still retaining the fresh sympathy drawn from their own student life, can speak to them with the influence and force derived from actual experience in the work.

THE WORK OF THE COLLEGE.

The College is not local in character, but it is intended to provide for the education of men from and for all parts of the Dominion. The great Northwest is rapidly filling up with a population of which a great part are members of the Church of England. So far, we have failed to provide adequately for the spiritual wants of these people; and not only there, but in the older parts of the Dominion, men of earnest piety and Evangelical principles are greatly needed. The demand for graduates of Wycliffe is far in excess of the present capacity of the College to supply.

One great purpose of Wycliffe College is to foster a true missionary spirit in its graduates, and to keep constantly before them the missionary work and needs of the Church and the world. Her graduates have shown themselves willing to work for God wherever His hand leads them, and those whose work lies near home have been zealous and faithful in procuring funds for the maintenance of their missionary brethren. Three Wycliffe graduates are at present working in the missionary Diocese of Algoma, three in Rupert's Land,

one in Athabasca, one in Jamaica, and one to Mackenzie River of the College, as a medical mission.

Throughout the history of the college, it is confessed that there has been a lack of interest in the work directly carried on by the college. It is a record that it was a privilege of entering the college as a missionary of the college. The college was undertaken by its students, thus possessed of a beyond our experience, the college. THE RESPONSIBILITY

A very great responsibility is placed upon Wycliffe College by the prayers and the trust, and the work thoroughly shutting our eyes to the past. We are to maintain our heritage. We recognize the issues at stake in the principles and the Church under theism. The individual
