

# The Watchman,

*The Official Organ of the Grand Division, Sons  
of Temperance of Nova Scotia.*

---

The above-named paper has changed hands—Mr. James A. Haldiday, the former publisher, having given it up. His mantle has fallen upon us, and we intend to take it up and go on.

The paper will be henceforth printed and published at this office. The first thing we shall do is to enlarge the paper, making it a sheet of 25x34, but with the same number of columns as formerly—28.

We ask the support of members of the Order throughout the Province,—we ask it, and we will give them the value of their money, as much as they receive in any newspaper. The paper will contain business articles, the news of the week epitomized, temperance tales and articles, and interesting items from home and abroad.

It is a disgrace and a shame that temperance papers are not better supported than they are. No wonder that rumsellers and upholders of them turn up their noses and sneer at the way in which temperance people support their institutions. We will give you value for your money, and every temperance man throughout this Province should hasten to subscribe his name, and pay his dollar, for the support of the newspaper which, more than anything else, is calculated to sustain and uphold the principles which he loves so much to talk about.

The price of the paper will be ONE DOLLAR per year in advance.

During this winter we shall send an agent to all the Divisions in the Province, who will thoroughly canvass them and report what they do.
