TELEGRAM 1730

Ottawa, October 1, 1943

SECRET AND PERSONAL. Following for Vanier from Robertson, Begins: General No. 16.

Prime Minister approves your appointment as representative of the Government of Canada to the French Committee of National Liberation in Algiers.<sup>2</sup> It is intended that Dupuy should return to London to act as Chargé d'Affaires to the five Allied Governments still there and that you would continue to act as Minister to the Greek and Yugoslav Governments in Cairo. Appointment has not been formally made and I shall advise you when you can begin the formalities of your departure from London. You would technically remain Minister to the Allied Governments there as no letters of recall would be presented. I should be glad to have your views on possible date of departure and other arrangements. We are securing from State Department their post report on Algiers and shall send you copy by airmail. Ends.

His Majesty's Government in Canada have now been informed that the President of the Republic of Chile has under consideration the appointment of Mr. Eduardo Grove Vallejos as Envoy Extraordinary and Minister Plenipotentiary of Chile to Canada and to that end is desirous of ascertaining whether such an appointment would be agreeable to His Majesty.
