Don't submit to asthma. If you
suffer without hope of breaking the
chains which bind you do not put off
another day the purchase of Dr. J. D.
Kellogg's Remedy. A trial will drive
away all doubt as to its efficiency. The
sure relief that comes will convince
you more than anything that can be
written. When help is so sure, why
suffer? This matchless remedy is sold
by dealers everywhere.

expel worms from the system, but will
induce healthful conditions of the
system under which worms are no
longer thrive. Worms keep a child
in a continual state of restlessness and
pain, and there can be no comfort for
the little until the cause of suffer-
ing is removed, which can be easily
done by the use of these powders,
than which there is nothing more
effective.

DEMANDS EIGHT-HOUR DAY.

President Wilson Sends a Note to
Railroad Executives.

WASHINGTON, Aug. 22.—Presi-
dent Wilson indirectly served notice
on the railroad executives Sunday
that he had no intention of yielding
in his demand for an eight-hour day
as a means of averting the threaten-
ed strike. He also made clear his
position on arbitration. He said:

"What I am proposing does not
weaken or discredit the principle of
arbitration. It strengthens it,
rather."

"It proposes that nothing be con-
ceded except the eight-hour day, to
which the whole economic movement
of the time seems to point, and the
immediate creation of an agency for
determining all arbitrable elements
in this case in the light, not of pre-
dictions nor forecasts, but of estab-
lished and unestablished facts."

The direct effect of this strategic
move from the White House was
somewhat bewildering to the railway
executives. They have heard from
leaders of the Brotherhoods and Con-
gressional sources that as a last re-
sult the President will appeal to Con-
gress for temporary Federal receiver-
ships.

noon by jumping from the lower

River. He made the jump from the
north side of the American portion
of the bridge. McQuade left his coat
and hat on the bridge. These ar-
ticles of clothing established the
identity of the suicide.
