

Cheaper than Shingles

Don't you want Barn and Chicken Houses as dry as your kitchen? Roof them with

Paterson's "Wire Edge" Ready Roofing

It is cheaper than shingles and you can put it on yourself. With each roll of "Wire Edge" are nails, caps and cement. You need only a hammer and you can make all the buildings rain-proof, snow-proof and fire-proof.

Our booklet tells about the roofing that never leaks and lasts a lifetime. Let us send you a free copy and samples of PATERSON'S "WIRE EDGE"

Sold by hardware dealers everywhere.

PATERSON MFG. CO. Limited
Toronto and Montreal

will have an institution at his back in all his commercial ventures that will aid him in his loans and discounts, not as a matter of charity, but of pure business, because what is done in the interest of the farmer will be of advantage to the farmers' bank—they are prepared to work for their clients. A hint to the far-seeing is sufficient.

The Empire at the Fair

Visitors to the Canadian National Exhibition this year will find the exhibit of EMPIRE Cream Separators one of the chief points of interest to those in any way interested in dairying. The Empire Cream Separator Company of Canada, Limited, has a reputation for doing everything thoroughly, and the exhibit which they have prepared is something new in character, and reflects a great credit on the company. They are showing their new improved frictionless EMPIRE, which we understand, contains a number of entirely new features which help to keep the EMPIRE as always before, in the front rank of cream separators. The company's catalogue this year is an unusually fine work of art, and will be furnished to anyone on request. We are sure that visitors will be made thoroughly welcome at the exhibit, and that those in charge will be most pleased to demonstrate the points of merit possessed by their machine.

\$3.00 to the Pacific Coast

from Chicago via the Chicago and North-Western Ry. A Tight Roof

A rust-proof tin cap is the latest device for getting a tight roof, and it seems very practical. The ordinary cap furnished with ready roofings is made of tin scrap, which, of course, rusts in a very short time. The outside is painted but the inside will rust just as quick. Many roofs have failed because the tin caps rusted out. A patent on this new rust-proof cap has been granted F. W. Bird & Son, East Walpole, Mass., the makers of Paroid Roofing. It is made of new sheet steel, and has more binding surface than the ordinary round cap, because it is square.

Caustic Balm Gives Wonderful Results

Berlin, Ont., March 22, 1904
The Lawrence-Williams Co.,
Cleveland, O.:

I have been using several bottles of GOMBAULT'S CAUSTIC E-L-SAM, and found wonderful results. Kindly send me full information in regard to agency, as nearly all who once give it a trial want a bottle of it.
M. S. STROME.

All the machinery has been moved from the front of the Clokey binder and placed in the rear, making a perfectly balanced machine with a boy weighing 90 lbs.
