**ASHTON'S FACTORY-FILLED SALT**

is the best and purest of all the salts that are made.
The only salt that can be used with safety in making
butter and cheese. It enhances the value of butter
from two to ten cents per pound, and in keeping
quality it has no rival. Its perfect solubility makes
it a profitable salt for dairymen to use, so much so
that Ashton's would be cheap at its present price
even if other kinds were given for nothing. There
is an actual gain of from one to four percent from
using Ashton's; in other words, a clear profit of
from \$9 to \$36 for every sack used. We do not ask
you to take our word for this. Upon application
we will furnish testimonials from well known
dairymen. If you read them carefully you will try
the salt, and if you try it you will use it and use no
other.

The Oshawa Mowers.

They surpass all other mowers in workmanship,
quality of material, excellence of construction, and
performance of work.

New Model Threshers.

The best threshing machines in America. They
do the largest amount of work, and thresh cleaner
than any other machines can do the work. In excel-
lence of construction they are unequalled. They
are the best made in Canada, and are only equalled
by their namesakes in the United States.

Portable Engines.

No better agricultural engines are made.
Hall Threshing Machines.

The best in the market for horse-powers.
