Get More Money For Your Hay

Because of the light hay crop there will be a big demand for well cured and neatly baled hay. Dain-baled hay is preferred by City Dealers, and brings topnotch prices, because the Dain All Steel Pull Power Press compresses hay into smoothest, most compact bales—straight-edged and dust-proof. By selling direct to City Dealer or Exporter you save Middlemen's large profits and expenses. You save freight, too, because perfectly-shaped Dain bales load the car to full capacity—10 tons or more. Only about 8 tons of irregular or ragged bales can be loaded on average car, but railway never charges for less than 10 tons per car.

Write to-day and learn about our co-operation plan, free to users of Dain Hay Presses, by which you can secure maximum profits from your hay. Answer following questions so we can advise you intelligently: 1—How many tons of hay have you, and in what condition? 2—How far from railway? 3—Would you like to own Dain Press and bale neighbors' hay as well as your own, or would you prefer some one else to buy press and bale your hay?

Dain Pull-Power Press

One horse, two horse, and Belt Driver; several sizes in each style. A Dain Press to suit every pocketbook. We are the largest hay-tool makers in the world. Success of hay growers is vital to us. All information and co-operation we can give customers is free to our patrons. Send for free catalog explaining construction in detail and showing why Dain Press is fastest, lightest draft, easiest operated and most durable.

"BAKER" Wind Engines.

The "BAKER" Wind Engine is built for heavy duty. Neat and compact in design. The perfect work because they are built on principles that are absolutely correct, and the easiest running mill made.

The wheel is built on a hub revolved on a long stationary steel spindle. As a result there is less friction.

It has a large number of small sails without rivets. The small sails develop the full power of the wind.

The engine is so constructed that the gears cannot wear out of mesh.

Has ball-bearing turntable, and self-regulating device.

All working parts are covered with a cast shield, thus protecting same from ice and sleet.

We make a full line of steel towers, galvanized steel tanks, pumps, etc.

All goods fully guaranteed. Write for catalogue No. 58.

THE HELLER-ALLER CO.,
Windsor, Ontario.

Important!

Trinidad Lake asphalt is of vital importance to every roof. Lengthens its life. Saves time, labor, money.

Genasco Ready Roofing

is made of Trinidad Lake asphalt. Doesn't crack, rot, or break. Gives lasting protection to your home, barn, and all other buildings.

The Kant-leak Kleet clamps seams watertight without cement or large-headed nails. Makes laying easier than ever. Saves time. Protects against wind. Gives fine finish. Furnished in rolls of Genasco, when ordered.

Look for the trademark. Ask your dealer for Genasco. Mineral or smooth surface. Highest award, Seattle, 1909. Write for samples and the Good Roof Guide Book.
