

THE ART OF FEEDING.

It is not what an animal eats, but what he thoroughly digests and assimilates that goes to make the profit in feeding. Undigested food is the rock that feeders most often come to grief on, and undigested food is the origin of almost all stock ailments. The successful feeder is the feeder who can most rapidly manufacture animal products from the raw material at the least cost, and one case of indigestion often spoils the record of a whole herd. By many of the most successful feeders, Herbageum has come to be recognized as the greatest and most economical means of ensuring perfect digestion and assimilation of foods. It enables feeders to utilize coarser and cheaper foods without retarding the growth or the fattening process.

We give here a report of a test made by a practical feeder. The test was made on stall-fed cattle, but the argument applies to all classes of stock. The report is as follows: "Last winter I fed 18 steers. I had previously used Herbageum, and was satisfied that there was a good profit in its regular use. However, in order that there should be no possible doubt about the matter, I fed 17 of the steers Herbageum in addition to their regular food, and to the one remaining steer, which was a good one, I gave exactly the same food without addition of Herbageum. The 17 steers gained rapidly, and at the end of two months' feeding were greatly in advance of the one steer that had been getting no Herbageum. I then began giving him Herbageum also, and in a short time this improvement became as rapid as the others.

"My experience shows me that when stall cattle get Herbageum, there is never any trouble from indigestion or waste of food through lack of assimilation." JOHN GIBBS.

GOSSIP.

(Continued from page 191.)

Mains are not numerous, but the start made is of the right kind. Golden Gloster is a thick, smooth cow, of the Brawith Bud family. She was sired by Prince Gloster, dam Golden Trophy, by Revenue, second dam Golden Gem, by Sussex (imp.), third dam Orange Flower (imp.), bred by Cruickshank. She has seven straight Cruickshank crosses on the dam's side, and six on the sire's. Recently she dropped a fine heifer calf from Clipper Hero, junior champion at Toronto. Another broad-backed, thick-hearted cow of the Lavender strain, and by Prince Gloster, is Lavender Gem, dam Lavender Princess, by Barmpton Victor. She also is suckling a fine heifer calf by Clipper Hero. Amaranth, red, sire Collynie Archer (imp.), bred by W. Duthie, dam Amy, bred by Hon. J. Dryden, sired by Earl of March, is an outstanding two-year-old. Her great thickness and depth, well-fleshed back, and broad buttocks gives her that compact, meaty appearance which is desired, and her natural smoothness and general conformation completes all that is needed. She is heavy with calf to Prince Gloster. Another two-year-old, with calf to the same bull, is Fair Beauty. She was sired by Collynie Archer (imp.), dam Red Beauty, by Earl of March. Like her mate she is of grand conformation and thrifty appearance. Maid 6th, sire Village Boy 9th, dam Maid 5th, by Duke of Sonya, is an excellent breeder. Her yearling heifer, Golden Drop, sired by Sittytton Hero B., is one of the best. A choice pair of two-year-old heifers, one a Ury and the other a Lavender, and a Mayflower cow with her bull calf completes the list. The bull calf is one of the very best seen by the writer this season, a splendid deep, straight-backed, masculine-looking fellow, and has a grand coat, as can be seen by referring to the advertisement. He is also for sale.

A. E. Thompson, Wakopa, Man., writes the "Farmer's Advocate" as follows: "In reporting to your valuable paper my sales for the past year, I might say that I feel satisfied with my sales, and my showing at the Winnipeg Industrial, 1903, as it was my first year to show a pure-bred herd of hogs, I won eight firsts, three seconds and three diplomas. My sales are as follows: First-prize boar of calendar year to P. McGrath, Oak Bluff, Man.; second-prize boar of calendar year, also another good boar, to E. Winkler, Greta; first-prize sow of calendar year, also the great show and breeding sow, Hill Grove Maid No. 4662, to John Lawrence, Wakopa, Man.; second-prize sow of calendar year, and another promising young sow, to J. H. Burgess, pipestone, Man. A boar to the following: A. T. Eason, Roleau, Assa.; W. Cartier, Alameda, Assa.; W. Collier, Hamota, Man.; Alex. Henderson, Ninga, Man.; C. M. Brownridge, Willocks, Assa. B. Hilbert, Kneehill Valley, Alta., boar and sow. Sows to: W. J. Thorn, Sidney, Man.; pair; Jas. Torrence, Bossevain, Man.; pair; one to Jas. Hamilton, Jr., Wakopa; Fred James, Wakopa; Hugh Fraser, Miami, Man.

"I have also added to my pure-bred herd of Hereford cattle (to head the herd), Lord Ingleside 6th No. 1742 (93914A), winner of four firsts, three diplomas and silver medal. He has headed Mr. Jos. A. Chapman's (Beresford, Man.) herd for the past three years, and has yet to sire a poor animal. I also purchased from Mr. Chapman Lady Tushingham 32395A and three two-year-old heifers, bred by Mr. Hunter, of The Maples, Ont.; Pride of Durham 3rd No. 2025; Lady Normandy 2nd 2023, and Lady Glenelg 2nd 2021. Elsie No. —, purchased from B. & W. George, Aurora, Ill., winner of second at Winnipeg and first at Brandon, has done well, and is due to drop her second calf in March, by Imp. Cock Robin.

"Three young boars and three sows are for sale, and two bulls."

Mr. Gerald Wade, of the Dept. of Registrar of Live Stock, and who has been connected with the Dominion Shorthorn Association for the past twelve years, has been appointed Assistant Secretary of the Dominion Shorthorn Breeders' Association, and a member of the Herdbook.

Weak Spells.

Mr. R. H. Sampson's, Sydney, N.S.,
Advice to all Sufferers from
Nerve Trouble is

"GET A BOX OF
MILBURN'S
HEART AND NERVE
PILLS."

He says: "I have been ailing for about a year from deranged nerves, and very often weak spells would come over me and be so bad that I sometimes thought I would be unable to survive them. I have been treated by doctors and have taken numerous preparations but none of them helped me in the least. I finally got a box of Milburn's Heart and Nerve Pills. Before taking them I did not feel able to do any work, but now I can work as well as ever, thanks to one box of your pills. They have made a new man of me, and my advice to any person troubled as I was, is to get a box of Milburn's Heart and Nerve Pills."
