The very newest idea in BLACK DRESS FABRICS is the Frise Effect. Frise is an adaptation from the widely admired Crepon styles, the patterns being less pronounced than in the Crepons, yet preserving at the same time the uneven and broken surface that gave to Crepons their great popularity.

Our new stock of Fall Black Dress Fabrics embraces the leading styles in the Frise Effects and all the other makes of Black Dress Materials that are being worn this season in London and Paris.

For an extra special we show a line of beautiful Nette Cloths, 42 inches wide, at 40c. per yard.

Stock of Coloured Dress Goods is complete.

We sell good Black Silk at one dollar a yard that is worth a dollar a yard, and a pair of Genuine French Kid Gloves for one dollar a pair that represent the best value obtainable.

Ladies' Jackets in latest cut and style of choice material at \$5.50, is good value. We have them.
