Abstainers' Superiority Again Demonstrated
The superiority of Total Abstainers over non-abstainers as Life Insurance risks has again been demonstrated during the past year. The ratio of Death Claims occurring during the year to those expected was:
In the Abstainers' Department 41.8%
In the General Department 71.6%
In other words, the mortality among abstainers was nearly 30% less than that among non-abstainers.

"I know of no single truth that should be more potent in driving people to insure than this—that the time may come, does come to many, when they cannot get it. The one who makes the best bargain is the one who insures early, the man who insures today."
WHY WAIT?
The cost of Insurance in The Great-West Life is low, the profits high, the Policy terms most liberal, and the Contracts cover the needs of every age and circumstance. Ask for rates—age nearest birthday.
