## Their Certain Doom

If tires were bought to-day at so much per mile—  
If they were paid for only after they were scrapped—  
Cut-rate tires would be no more. Their doom would be assured.

A Goodyear tire that cost \$40 and ran 6,000 miles would certainly be preferred to a low-priced tire costing \$30, but which ran only 4,000 miles.

That's why we sell Goodyear tires. They mean greater satisfaction to motorists—and, of course—ultimately bigger business for us.

Lower your tire-cost-per-mile by buying better tires—here. The difference in your yearly tire bills will surprise you.

### Auto Salesmen

I journeyed forth to buy a car a modern car with seats and wheels; I went where auto salesmen are, and listened to their divers' spels. And that is why you see me now, here in my padded cell alone, a cold wet rag upon my brow, my reason shaky on its throne. I saw ten thousand in my quest, ten thousand cars, from last to first; and every car was the best and every other one the worst. If you behold ten thousand cars, of which each tumbler is the best, your intellect receives such jars as promptly knock it galle.

west. If you behold ten thousand boats; and all but one of them the worst, though you may have ten thousand goats, you'll lose them all, the last one first. The agents talked three weeks ago to me. All all kinds of facts did they advance; they would not chop a cherry tree—a man could see that at a glance. They talked to me by day and night, each agent sang his sad, sweet song; the car he handled was just right, and all the other cars were wrong. So in my padded cell I rans, filled up with mind-restoring drugs, and, with a slipper in my hand, I await the roaches and the bugs.

### Dancing and Music

The emotional side of the majority of people cannot be satisfied by Free Libraries, Gymnasiums, Playgrounds, etc. The love of moving the healthy body to the rhythm of music in some form of dancing is an in-born peculiarity of the average man and woman; with liquor and indecent music, however, dances may do more harm than bacteria. It is pathetic to see in our large towns and cities young men and women rush to some dance hall to satisfy a desire for amusement.

People who have used up their strength in Dancing, Late Hours, Rich Foods or have, perhaps looked too long upon the Wine when it was Red and have let Old John Barleycorn sap their vitality will find a boon in the use of Hacking's Heart and Nerve Remedy. It will dispel "that tired feeling," take away that feeling of depression and nervousness that comes from lowered vitality and brings back the healthy rich, red color to the cheeks. It will make your beauty sleep more satisfying so that you will awake in the mornings full of life and hope and more able to carry on with the day's work. The "habits that hurt" can more easily be overcome if you will use Hacking's Heart and Nerve Remedy to strengthen the Nerves, to add power to the Heart and to revive and stimulate the circulation of the Blood. Buy them from your dealer. 50c a box, 6 for \$2.50.

DRUGGIST

Two thousand Indian cloth shops in the heart of Bombay and the biggest cloth market in India, were destroyed by fire. The loss is estimated at thirty million rupees at least (about \$10,000,000).

Don't believe all you hear—especially when it is about yourself.

Sandy George's Car was stolen on Sunday night by some party who wanted a cheap ride. After driving it to the outskirts of Paisley, the party turned the bus around facing Walkerton and left it. Nothing was the matter with the machine when the owner found it. While the party put over his little stunt safely, it will not go lightly with him if he is caught, for swiping autos is a serious offence which calls for a sojourn behind the bars.—Telescope.

### Motor License to be Raised

The Hon. P. C. Biggs, Minister of Highways in the Drury Government, paid a visit to Collingwood and Meaford a week ago last Friday. He was entertained to luncheon at Collingwood by the Mayor and Council, many representative citizens of the town and district being present also. The Hon. Mr. Biggs made a vigorous address at Collingwood, outlining the policy of the Government in the building of the Provincial Highways and feeders for them. He claimed there was no public business so important as good roads. The Provincial Government proposed to build 2,000 miles, to serve every county, and run through every county town, but every municipality must have some definite plan to fit in with the provincial system. An engineer would be appointed for every 90 miles of roadbed, with divisional foreman and sectionmen. All the roads would be brought up to standard efficiency and maintained at that standard. Men will be responsible for every yard of the 2,000 miles and the department will demand 100 per cent. of efficiency. The Hon. gentleman went on to say that the Government intended to increase the licence fees of motor vehicles next year, from which \$2,000,000 was derived this year.—Owen Sound Sun-Times.

To escape a spanking an eleven-year-old girl, living on Cherry street, New York, jumped from the fire escapes of her home on the fourth floor. She had quarrelled with a neighbour who had promised to tell her father and he would punish her. When he came home she jumped. She had left a note saying she would rather die than be whipped. She never spoke again. She died in a hospital with a smile on her face.

### Nearly A Disaster

Grand Trunk train No. 28 from London to Toronto left the track about two miles from St. Marys early on Friday morning last and 200 passenger had a close close. A rail turned under the heavy engine while the train was proceeding at about 25 miles an hour, and six coaches run off the track. Had the accident occurred a few yards farther on there would have been one of the worst disasters in the history of the line. Passengers were transferred to a special train sent from Stratford.

## Wives and Mothers of Canada

Stratford, Ont.—"I am very enthusiastic in praise of Dr. Pierce's Favorite Prescription as a tonic for expectant mothers. I have had experience both with the 'Prescription' and without it, and am in a position to know that there is a vast difference. I was never nauseated or sick at all with my 'Prescription' babies but I was extremely uncomfortable with the others and my suffering was greater when I had not taken the 'Favorite Prescription'. I shall always take pleasure in recommending it to expectant mothers."—MRS. LEOTA M. PEPPER, 114 Grange St.

Halifax, N. S.—"I was in a run-down, nervous condition for over two years, had been treated by several doctors and only found temporary relief. I could not sleep at night my heart palpitated so, and I was almost afraid to close my eyes. Being persuaded, I wrote and stated my symptoms to the Medical staff at Dr. Pierce's Invalids' Hotel in Buffalo, N. Y. I was advised to use Dr. Pierce's Golden Medical Discovery with the 'Favorite Prescription' and the 'Pleasant Pellets'. I did so with the very best results. I could sleep and became my natural self again. I certainly recommend Dr. Pierce's medicines to all sufferers, for they have done for me what doctors failed to do and they have saved me doctor bills, too."—MRS. JOHN EOMANS, Clam Harbor.

Toronto, Ont.—"For over thirty years I have been a user of Dr. Pierce's Pleasant Pellets. I have taken them for liver trouble, biliousness, constipation and sick-head-aches and they always gave me the relief wanted. I am sure the 'Pleasant Pellets' have saved me many a sick spell. I can highly recommend them."—MRS. ELEANOR BOWNESS, 60 Strang St.
