

LOCAL MATTERS OF INTEREST.

SATURDAY

W. J. White, of the immigration department, left Ottawa yesterday for Quebec to meet eleven British newspaper editors who are to make a tour of the Dominion. They arrive today by the Allan line. After spending some time in Ontario, they go to the west, and upon their return will proceed to the maritime provinces.

The engagement is announced of Miss Lulu M. Outhouse, daughter of Miss and Mrs. Kendrick Outhouse, to William H. Plummer, manager of the shoe department of The Sussex Mercantile Co. The marriage will take place August 5th at the home of the bride.

R. B. Atkinson, chief fire warden for the county of Cumberland, upon information laid before him, caused the arrest of John Skidmore, son of Fred Skidmore, yesterday, charged with setting fires in the woods near his home at Oxford Junction. Skidmore was brought to Amherst last evening and lodged in jail to await examination before Justice Casge, which will take place in a few days. The fire did not do very much damage.—Amherst Telegram.

New Brunswick is going to have a record blueberry crop this year, and everyone remarks on the uncommon size of the fruit by contrast with last season. The Sussex Packing Company are planning to can large quantities and the can shops in this place these days. They report the market good and sales made as far west as Alberta, ten cars in all. This quantity involves the use of over 150,000 cans and 120 tons of berries. So the boys and girls will not want for work while it lasts. Berries will be shipped in from all over the province, as far west as St. George and north to Grand Anse-Sussex Record.

The ladies of the northern end of the city have a handsome member of the Fire Department to thank for the ride of that undesirable character known as "The Huger," who has been carrying on his squalid operations in secluded quarters of the public, though he has been a couple of weeks ago. Last night about a quarter to eleven o'clock somebody informed this gentleman that "The Huger" had grabbed at several women on the railed roadway leading to Fort Howe. This busy fireman made a personal investigation and found such to be the case. Without calling the police or running the risk of a fizzle in the police court, he walked up and gave Mr. Huger a sound thrashing, until the miscreant pled for mercy and offered to buy him off in currency of the realm. A small crowd collected, and when his character pleased them, what further would do to the man, they advised that he give him one or two more for luck and let him go. He did so. That is the whole story.

In recognition of the promptitude and coolness displayed by the crew of the Kennow in rescuing the crew of the Lalla Rookh which was sunk in the West of a couple of weeks ago, the men, who were saved, have sent gold cuff-links to each of the rescuers. The initials of the recipients are engraved on each pair of links, and the date July 15, 1907, and the letters L. R. of the sunken yacht. Letters of appreciation of the assistance rendered were also sent. The Kennow's crew who are naturally pleased with their action on the part of their friends, though considering that they themselves did nothing to deserve it, consisted of Lawrence Allen, (captain), Thomas Leaningham, (second), and Albert Linton. The Lalla Rookh's crew were Dr. Will Warwick, (captain), George Warwick, George Ewing, James Powrie and David Ledingham.

Yesterday's Fredericton Herald says: M. E. A. Burpee, a prominent farmer of Burton, Sunbury County, is anxiously waiting for details of the disaster to the steamship Columbia, for the reason that his son, Moses Burpee, was the engineer of the ill-fated steamer. This action on the part of the Pacific Coast, 175 miles north of San Francisco on Saturday last and over one hundred lives were lost. Of a total crew of sixty men, thirty-eight were saved. Mr. Burpee, who was in the city yesterday, has received no word from his son since the accident, and is naturally very anxious about him. Mr. Burpee has been in the west about fourteen years and visited here about five years ago on his bridal tour. He has been employed on the Columbia for some time.

About eleven o'clock last evening a large crowd, attracted by shouting and a general uproar, collected near Mill street opposite the Union depot. The noise arose from a scarp which was going on between some hiliarious sailors and some of the town boys. Earlier in the evening some sailors from one of the steamers were going about the streets singing and shouting. They were promptly hustled away to their steamer, and one fellow, who made a lot of trouble, was arrested. Shortly afterwards they returned, evidently looking for trouble, and they got it. When the police arrived the town boys beat a hasty retreat and the police at last succeeded in getting the men back to their steamer. One fellow, who had been seen in the crowd, but who had not been in his protests at the treatment he had received, and demanded justice in no gentle accents.

The Citizens' League, of Hamilton, Ont., called the attention of the police to a wrestling match between a man and a bull, which was advertised to take place last night. The authorities concluded that the contest came within the cruelties to animals act, and the promoters accordingly were notified by the police that it could not take place. It is understood that the affair has been called off as a result.

Young Adon Major, who on Wednesday was before Justice Casge at Amherst, on charges of forgery, was yesterday sent up for trial at the next session of the Supreme Court. Mr. Fleming said at the examination that he took both orders in good faith and it was when a third was presented that his suspicions were aroused.

A pile of brick and stone now mark the spot where the old Chipman house formerly stood. Last evening's sermon at the Congregational church, Union street, was delivered by Rev. Mr. Anthony, of Milton, N. S. Calls have been extended to Mr. Anthony by both the St. John and Yarmouth churches. At present he is undecided which to accept, but will announce his decision within the next week. He will leave for his home today. This was not Mr. Anthony's first appearance in St. John, as he preached here about three years ago.

John E. Moore, of the harbor commission, returned to the city at noon on Saturday. In regard to the resignation of Mr. Moore as minister and acting minister of the department were out of the city and therefore nothing could definitely be promised. The resignation, however, interviewed Sir Wilfrid Laurier, who said that the government had always done what it could to assist this port and that he had little doubt the request of the delegation would be granted. This will probably mean that both dredges will be put at work on the site of the new wharf.

Rose Dutz and Louis Gritz were married at the home of Hyman Gritz, 34 Chapel street, yesterday. Many Jewish friends were present and despite the fact that it was Sunday, the party made merry with wine and song. The marriage is said to be the culmination of a romance which began when the couple were young and were living in Germany.

An explosion occurred in the Dominion Junk Company's store at the corner of Main and Harrison streets a few days ago. A soda water cylinder charged with chemicals went off and the neighbors thought that a dynamite explosion had taken place so loud was the report. No one was injured but a horse which was standing near took fright and ran away.

Rev. W. C. Gaylor of St. John the Baptist church was last evening appointed editor of the New Freeman. Father Gaylor will assume his editorial duties very soon. He intends writing a series of articles dealing with the history of the Roman Catholic church in this province. The first of the series will be on Early Jesuit Missionaries of New Brunswick. He has already obtained an enviable reputation as a writer and historian. His new work will no doubt help to maintain this reputation. At the present time Father Gaylor is camping at Spruce Lake, recuperating after a period of hard work at his church duties.

FOUR PERSONS WERE KILLED

Carriage Run Down By Pennsylvania Flyer. Attempted to Cross Railway Track and Were Struck by Special Train Travelling at High Speed.

ALLENHURST, N. J., Aug. 7.—Four persons, employees of the Norwood House, were instantly killed tonight when their carriage was run down by a Pennsylvania passenger flyer known as the Bankers Special, at the Corlies avenue crossing here. They were Thomas Edwards, a driver, and Loretta Grace, Jennie McDonald and Hannah Murphy, waitresses. The waitresses were all young women who came here from New York when the summer hotel season opened. They lived at a cottage some distance from the hotel to which they were being conveyed tonight. The Corlies crossing is just south of the local station of the New York and Long Branch railway, and the station platform was crowded with summer visitors, who witnessed the accident. Edwards had stopped his team at the crossing where an excursion train, drawn up at the station, blocked the road. As the excursion train drew out Edwards started his horses, and the carriage was squarely on the rails when the flyer, south bound, and the approach of which had been hidden by the apparently moving special, tore across the roadway. The vehicle was smashed to bits and the bodies of its occupants were badly mangled.
