OLD PASHA TRIES TO DODGE HIS TAXES

President of Turkish Senate Held Up as Object Lesson to Others

CONSTANTINOPLE, March 8.—The authorities have lately been showing considerable energy in the collection of arrears of taxation, and particularly of the property tax. It is estimated that the arrears on account of this tax, in Constantinople alone, amount to over \$5,000,000.

Said Pasha, a former grand vizier and at present president of the Senate, is a wealthy property owner and owes large arrears of taxation on his property. On the other hand, as an old-established government official, he has claims on the treasury for arrears of salary for an even greater amount.

Probably with a view to serving as an object lesson to the world at large of the impartial methods of the new regime, Said Pasha has been singled out as one of the first victims to be proceeded against on account of his arrears of taxes. The old pasha had already informed the authorities of his willingness to settle his arrears with salary bills, and he repeated this proposal, which, of course, the treasury refused to entertain.

Finally, brokers, accompanied by police, paid a visit to Said Pasha's residence, and notwithstanding the protests of the pasha, seized furniture and other articles to the value of the claim.

At the last moment the pasha gave way and signed a cheque for the sum required.

OFFICER ATTACKED ARRESTING PRIVATE

NEWPORT, R. I., Mar. 8.—When Patrolman John Gentile, of the Newport police force, tonight arrested Private John Hahn of the 117th Company, Coast Artillery Corps, he was attacked by other soldiers from Fort Adams and by several seamen apprentices. After his night club had been taken from him in a scrimmage in which he was used roughly, Officer Gentile managed to pull his revolver. Firing four shots into the air he summoned a number of reserve patrolmen.

Upon the arrival of these reinforcements, the fight appeared to be serious enough to warrant sounding the general alarm. But the well-armed officers of the law gained the upper hand, and soon had several of the alleged offenders under actual arrest. They accomplished this despite the fact that orders for assistance from the crowd of soldiers which gathered yielded only one volunteer.

BOSTON BOYS TO THE FORE

BOSTON, March 8.—Boston boys took three of the four bouts at the Army A. A. tonight. Jim Flynn of Boston boxed Morris Harris of Philadelphia eight rounds to a decision, while Melody of Boston got a decision from Unk Russell of Philadelphia. Young Nixon of Cambridge, pummeled Biz Muckey of Cleveland so badly in two rounds that the latter's second carried him from the ring. In the final bout Montana Jack Sullivan defeated Angus Morris of East Boston in eight rounds.

MARRIAGE OF CZAR'S BROTHER IS ANNULLED

Holy Synod Declares Union of Grand Duke Michael is Void

MOSCOW, Mar. 8.—Now that the Holy Synod has declared the marriage of Grand Duke Michael and the twice-divorced Mme. Marmontoff null, and void, all the facts connected with the romance of the czar's brother are becoming known.

Grand Duke Michael's wife is beautiful, elegant, of superior intelligence and splendidly educated. When very young she married Sergius Marmontoff, of this city. He is a famous millionaire, and takes a deep interest in art and music. He it was who discovered the new world-famous singer, Chalapin.

Grand Duke Michael came here on a visit, met Mme. Marmontoff and fell madly in love with her.

Her love for the grand duke growing, she told her husband all and asked to be released from him. He consented to a divorce.

Then Mme. Marmontoff went to St. Petersburg, where she and Grand Duke Michael found many opportunities to meet. Scandal's tongue began to wag. Fearing the czar's wrath, Mme. Marmontoff's family urged her to marry again.

Hearing this the grand duke said to his intimates:

"I will get you a husband."

The grand duke went to a young officer of the regiment of cuirassiers of which he is colonel and suggested that the officer marry Mme. Marmontoff, lend her his name, but remain her husband in name only. The young officer was complaisant, married and was raised in rank in the army.

The woman continued to receive the grand duke's attentions. Everybody in the imperial household knew of it, but such detestable marriages are not uncommon where high dignitaries are concerned.

Gossip grew so outspoken that even the husband resented it and divorced her. Thereupon the czar sent his brother to command a regiment at Orel. Virtually the grand duke was a prisoner, an exile from St. Petersburg at least.

The woman came here to Moscow. Grand Duke Michael escaped from Orel and hurried here. After much difficulty he found a priest who was willing to marry him to the lovely double divorcee.

ONE THIRD OF BODIES FOUND

The Majority of Rogers Pass Victims Carried Into Chasm 1500 Feet Below

TRACK CLEAR NOW

VANCOUVER, B. C., March 8.—The track was cleared and traffic resumed at midnight, while the rush work of rescue came to an end tonight at the avalanche disaster in Rogers Pass. It is one-third of the bodies of sixty-three killed have been recovered so far, and twelve of these are Japanese.

Work will be kept up for several days along the edge of the slide near the track in an effort to find more bodies; tonight officials admitted that most of the missing must have been carried by the front of the avalanche into the chasm of Bear Creek, fifteen hundred feet below, at present inaccessible.

Bermuda's Chief Port In Jeopardy

Coral Ledge Choking Up the Harbor, Says Mr. Baizley

The residents of the beautiful Bermuda islands are finding it necessary to get rid of some of the accumulation of the coral insect, which made one of America's finest winter resorts out of the "lat. lon." where the waves once washed. The bugs are still busy, and are blocking up the entrance to Hamilton Harbor, the most important in the Bermuda.

Predating Contractor Baizley of Halifax has been in Bermuda for the past three weeks, at the request of the Hamilton people to survey a coral ledge which is choking up the harbour and making it difficult for the steamers to reach their berth. Those most inconvenienced are the boats of the Pickford and Black Line running to Bermuda from here and from Halifax. It is becoming increasingly more difficult and more dangerous for the steamers to make their docks. Mr. Baizley reached St. John yesterday by the steamer Dahome, and left for his home by last night's express.

He reported to the town of Hamilton that the removal of the ledge was expensive, although the work would be great inconvenience to navigation, and would immensely improve the value of the harbor. Contractors have not yet been called for, but it is probable that Mr. Baizley will take the job.

Mr. Baizley comes back disgruntled at the fact that he has spent his life in the Maritime Provinces. He says now that Nova Scotia is no place for a man to live. The blooming islands, their drives, and the tourist hotels had him going some.

RETAIL MEAT MEN TESTIFY

Probe Into Increased Cost of Living

DEALERS PLACE BLAME

Declare Farmers and Packers are Responsible for Increase

WASHINGTON, D. C., Mar. 8.—Retail meat dealers today placed upon the farmers and packers, responsibility for the higher price of meat, in testimony given before the select senate committee which began its inquiry into the increased cost of living.

Five retail men from New York, Philadelphia, Baltimore and Washington were heard, and Walter Brown, a Washington dealer, who kills his own meat, was the only one who did not admit that the price of meat had gone up at least ten per cent during the past five years. Mr. Brown insisted the prices were practically the same then as now. All agreed, however, that competition among the retailers kept the price to the consumers as low as possible, consistent with the price charged by the wholesalers.

Each witness vigorously denied the charge that the retailers were responsible for prevailing prices and none would admit that any agreement existed among them as to prices. While no one charged that the packers were all in a combination, all the witnesses declared that they seemed to be no competition among them for the trade and that their prices ranged about the same.

The committee will meet again tomorrow. The wholesalers will next be heard and after that the packers.

CORSETS, PERFUMERY FOR RURAL MANIACS

Inmates of Wisconsin Asylum Are Protected With Costly Gloves and Shoes

PROBE IS ON

DODGEVILLE, Wis., March 8.—May be a 44 corset is the proper thing to provide an inmate in a rural Wisconsin insane asylum, but the country board of Iowa County is greatly agitated over the discovery that the and similar expenditures have been the rule for some years in the county asylum, which as the Special Investigating Committee reports, cost \$4,000 more than should have been the case in the last four years. There is no charge of improper use of money by the superintendent, E. J. Perkins.

The investigating committee found these among the expenditures, half-dozen corsets \$24; perfume, three bottles, at \$12.75; corsets, amount total, \$5.50; 4 dozen gloves, \$3; other items for gloves of higher quality, \$15 and \$24 per dozen; shoes at from \$2.75 to \$3.50 per pair.

The report of the State Board of Control declares the inmates are in as good condition physically as in any asylum in the State.

FIND PLANT IN HEART OF HUB

Counterfeiters Den Unearthed

FIVE ARRESTS

Boston is Flooded With Bogus Ten Cent Pieces During Past Year

BOSTON, Mass., March 8.—A counterfeit plant in the heart of the city of Boston, within a stone's throw of the federal building and the sub-treasury of the government, which claim the exclusive privilege of furnishing money for commercial uses, which has been turning out counterfeit dimes to the consternation of the municipal and government officials for a year or more past, was uncovered late today by officers and three men were placed under arrest charged with counterfeiting.

Dimes of the date of 1909, which bore a fine resemblance to the real article except in the sharpness of the detail, have been flooded on Boston merchants and street car conductors for nearly a year. Secret service men have worked on the case for many months and finally within a few days, Secret Service Agent Joseph A. Murphy of South Boston was able to trace a complete counterfeiting plant, a big press, rolling machine, gas forge and much raw silver and copper.

At the automobile show, Fredrick Hartung, aged 30 years, was taken into custody and later Robert T. Semple, aged 27, of 57 Spencer street, Dorchester, and his brother, William Semple, aged 41 years, of 6 Perry street, Brookline.

The inspectors claim that a partial confession was made by Frederick Hartung, in which it was shown that the men had formerly occupied rooms supposed to be occupied by inventors' quarters at 185 Franklin street last February. On the door at Franklin street was the name of Semple and Hartung, manufacturing jeweler.

The plant was disclosed in part through the tracing of quantities of silver shipped from dealers in Providence, R. I., to the Boston men.

LILLIS STILL IN HOSPITAL

Knife Used by Cudahy Rusty and Blood Poisoning is Feared

KANSAS CITY, Mo., March 8.—Fearing that complications may develop, J. P. Lillis, president of the Western Exchange Bank, who was severely cut by John P. Cudahy, a packer, last Sunday morning in the Cudahy home, was not taken from the hospital to his home today as had been planned. Lillis may remain in St. Mary's Hospital for some days.

Dr. Ayres, who is attending the injured banker, fears that blood poisoning may develop. The knife which Cudahy used is said to have been old and rusty.

Lillis is still unable to talk, as his lips were sorely battered. Nurses say that he has not spoken since his arrival at the hospital.

As the knife did not touch any vital part, Lillis will probably be up and out in a few days if blood poisoning does not set in.

Mr. Cudahy still remains at the Cotes home. He refuses to talk.

John Moss, Cudahy's chauffeur, who assisted in the roping and carrying, has not been found.
