NO BUZZ CART FOR CITY ENGINEER SAYS COUNCIL

Board of Works Report Was Rejected, Then Adopted in such shape that it would be known Later Minus Automobile—Assessment Department Placed on Different Basis --- Mr. Ludlow Now Chief.

Two reports at the City Council meeting last night received an interesting discussion. Ald. Suddaby submitted the works committee report, and because it contained a recommendation for an automobile for City Engineer Jones it was thrown out holus bolus by the Council, much to the dismay of Ald. Suddaby, who asked his confreres to make an amendment to the report rather than throw it out. At a later stage he brought the report in again, and it went through minus the buzz cart. There was only one dissenting voice to the reorganization of the assessment department as recommended by Ald. Spence. Ald. McEwen kicked, but the fact that the finance committee and the assessors had arrived at an amicable arrangement showed that no injustice was being done to any one, and that the department was being placed on a proper basis. The following are the proceedings on the com- William Lang Grand View she had started a hunger strike.
