NOON IN CHATHAM

What Is Going On In Town When The Clock Strikes 12.

Noon, the dinner hour, the hour of comfort, of pleasure and relaxation—the one hour in the twenty-four which comes to men and women of every station with greater similarity than the hour of any other function in life.

Promptly as the clock strikes 12 in Chatham the shadows on anxious faces turn to lines of good will, and if villainous hot bread, pies, spiced and other indigestibles were excluded there would be no such words as dyspepsia or indigestion in the dictionary.

But the contrary is true, and medical science has to step in and aid the man or woman who has been too busy to pay proper attention to health.

The greatest step forward in medical discovery is Mi-o-na, which cures all stomach and digestive troubles. In hundreds of the best homes in Chatham and adjoining towns the handy little tablets, so pleasant to take, yet effective, have given quick and lasting relief in indigestion and that disagreeable full feeling after eating.

Mi-o-na acts very gently. Much of its wonderful power over indigestion comes from its uniform but sustaining action. The required stimulating and strengthening is given to the important organs of digestion without producing the slightest weakness or reaction.

A 50-cent box lasts for a couple of weeks and will ward off a dozen attacks of indigestion. C. H. Gunn & Co. give a guarantee, absolute and unqualified, with every box of Mi-o-na to refund the money if it does not give satisfaction.

A FINE SPEAKER

For the past two Sundays the people of William street Baptist church have had the pleasure of listening to Rev. G. W. Ray, of Blenheim.

Both services were conducted by Mr. Ray, and his evening discourse was one worthy of mention.

Mr. Ray is a famous traveller, having explored as a missionary all parts of Africa, and was the first white man to enter the country of the Gaingwa Indians of Paraguay.

He has penetrated into the heart of Brazil some 1,200 miles, and for thirteen years preached to the inhabitants of that place. His sermon on Sunday evening was on the Prodigal Son. He explained very fully the Prodigal, leaving home, his poverty, his return, and his reception.

His speech was interesting, and descriptions and explanations were vivacious.

The music was very good, an anthem by the choir being well rendered.

The male quartette, composed of Messrs. Carter, McAlpine, Byram and Wanless, sang with much effect a beautiful selection, entitled "He Knows." The quartet are winning an excellent reputation throughout the city.

AN OLD SUBSCRIBER

There is a highly-respected resident of Thames Street, Mr. Bolton, who probably holds the record as a continuous reader of this Great Home Journal.

Mr. Bolton is now 78 years old, and commenced taking the Weekly Planet when he was a youth of 18, thus making him a reader of this paper for 60 years.

Mr. Bolton first subscribed for The Weekly Planet, then the Tri-Weekly Planet, and later The Daily Planet. Mr. Bolton is a wonder for one of his years, and above all, knows a good thing when he sees it. May he live long to peruse the columns of the Great Home Journal is the wish of the Planet staff.

The tourist's season is now on and we are advised by W. E. Risping, general passenger and ticket agent, that he has some especially attractive tours for the present summer season, reading to all the summer resorts of Canada, including Muskoka Lakes, the Niagara District, Georgian Bay, Lake Superior, River St. Lawrence, and Gulf and Atlantic Coast points, and would be very pleased to furnish information to any intending passengers.
