THE BANNER RUBBISH.

Premier Whitney absolute and unqualified denial to the report which appeared in the Globe, that the Government is considering a redistribution in Kent was no surprise to those who knew where this impudent fabrication originated. The same item appeared in the Banner on Wednesday. A deal to their article was, of course, not considered necessary, for people reading it in that organ would not doubt recognize it as a "remarkable lapse of memory," or, possibly, "an innocent slip."

Ever since the Conservative convention, the local Liberal organ has been making its vocabulary and patching up yellow and untruthful stories, in a pitiless attempt to stir up trouble and attract attention from the local candidates nominated, Mr. Clements and Mr. Sulman are everywhere recognized as a winning team. They are strong candidates, and the banner evidently realizes it as well as anyone in West Kent—and this realization is by no means confined to the paper which has the task of talking up a man who is losing ground every day through a since which he finds himself unable to break. There were stories of a split in the party, etc., and their brilliant example of unlimited imagination, was the story of a redistribution, dropping Dover, Chatham, Tp., Dresden and Wallaceburg from the constituency of West Kent. This was done as a direct attempt to prejudice the people of Wallaceburg, and the other places mentioned, against Mr. Sulman—but it didn't work. In their enthusiasm they sent a like despatch to the Globe, where it caught the sharp eye of Premier Whitney, and what was his answer to all this imaginary talk about what was going on "in the inner Conservative circles?" Here are his words given to an interviewer:

"IT IS ALL RUBBISH, WITHOUT THE SLIGHTEST FOUNDATION."

This is the Banner's answer, and once more the unfortunate organ is discredited in the eyes of the reading public.

It is a disgrace to journalism, for it is now quite clear, to use the Banner's own words, "that this story of a redistribution was concocted with malice aforethought by a certain clique"—and this "clique" does not extend outside the Banner office!

A portion of the Banner yarn reads as follows: "It was also hinted that the Government were angered at West Kent having elected so strong a candidate as Mr. McCoig."

This will, no doubt, be no news for Mr. Whitney. Wherein has Mr. McCoig proven his strength as the representative for this constituency in the Legislature? What has he done for his riding since his election? When did he ever rise in his place in the House and make a speech advocating anybody's rights? What has he done—outside of smiling? If the Banner's reference to Mr. McCoig's "strength" are correct in any respect, Mr. McCoig must certainly be an ardent devotee to Physical Training.

And Mr. McCoig is still silent. It is said that he hasn't been able to even "smile" since the nominations at the recent Conservative convention.

The Banner calls its writings "Remarkable Lapse of Memory," and "An Innocent Slip," and Premier Whitney caps the climax by calling its despatches to the Globe "Rubbish."

The explanation of the Railway Company in reference to the Third street bridge question is generally accepted as an acquittal of the company from much of the blame in this matter. It is hoped that they will see to it that the strengthening of the bridge is not delayed any longer than is entirely necessary.

Hon. B. F. McFarlane, chairman of the Board of Commissioners of the Federal District of Washington, addressed the Canadian Club of Ottawa outlining the system under which the capital of the United States is governed. There is a local feeling in Ottawa to place that city on the same basis as Washington, by inaugurating a Government by Commission.

For some time past the Banner has been crawling before the public by explaining its errors in reports with such expressions as "A Remarkable Lapse of Memory," and "An Innocent Slip." Last night, it added another to the stock of phrases it keeps ever on hand, and within easy access. After this Banner subscribers will read "Innocent Mistakes."

AGONISING PILES

Only those who suffer from piles can imagine the agony which this ailment causes, and only those who have tested Zam-Buk know the relief it brings. Piles are caused by congestion of the hemorrhoid veins. Zam-Buk cools the burning surfaces, stops the bleeding, softens the walls of the congested veins, and gives prompt relief. Even in chronic cases Zam-Buk will not be found to fail. It cures when all else fails. The following case was of 12 years standing, yet Zam-Buk proved equal! Read the details!

THE PLANET, CHATHAM, NOV. 16, 1906.

The Woodstock Conservatives had a rally Saturday night, and showed that the local association is gaining strength. North Oxford was once a forlorn hope, as far as the Conservatives were concerned, but there is now a fighting chance in that riding.—St. Thomas Times.

Premier Whitney says that the despatch in the Globe dated from Chatham relative to a redistribution in Kent is "Rubbish, without the slightest foundation." It is too bad the Banner editor was not satisfied with publishing that little fairy tale in his own paper without discrediting the Globe, too.

The Conservatives of Kent are early in the field with their candidates for both the Dominion and Provincial houses, and they appear to have got two good men. Mr. Sulman has yet to win his spurs, but Mr. Clements has had some experience, and has shown himself to be a first-class representative, having a firm grip of public questions and the ability to debate them.—St. Thomas Times.

The Stratford Hockey Club has been reorganized, and arrangements are now being made for a successful season under the new officers elected. It is time that something along this line were being done in Chatham. We have in the Maple City every facility for the promotion and encouragement of hockey—thanks to the enterprise of the curling club—and there is plenty of material for a fast team. Hockey, curling and skating are practically the only winter games that count, and none of them should be neglected.

JUST A LITTLE BIT OFF THE TOP

We have a suspicion that there will be something hotter than rental bills to pay when the next Liberal convention is called.

The Banner has been worrying so long about imagined "splits" in the Conservative party that some of the organ's effusions are taking on the appearance of being half-cracked themselves.

The Mayor of Hamilton has refused to call out the militia to stop the street car strike. While the strike was on, the Mayor probably thought he would get in-line too, and make a hit.

In Russia they disfranchise the voters who they think won't vote

the right way, which Chas. Hyman will notice is a much more economical plan than the ten dollar bill route.
