Chiropractic is not a fad -- It is a Curative Science

It makes no claims to be a panacea for all the ills of mankind. But it is a curative science that goes to the cause of disease, and by removing the cause makes you well.

This is not a wild unsupported statement. It is a fact attested to by many right here in Alberta, among them many of your own friends.

Statistics show that 85 per cent of all Chronic cases, and 95 per cent of all Acute cases yield to Chiropractic.

Why not investigate for yourself? Ask about it. Consult a Chiropractor. The principle is so logical and sound and the results achieved so undeniable, that your own common sense will be your best guide.

Mr. John F. Ellison closed up on the purchase of the S. W. 1/4 of Sec. 11-2-20, from Dr. Stappo on the 11th inst. The deal has been pending for some time and is now completed. This is a very nice parcel of land and is conveniently near Mr. Ellison's other holdings, as well as being a short haul to the elevator. The sale is on the crop payment plan—a certain acreage to be sown each year and the proceeds turned over by the purchaser to the Vendor.

Mr. W. R. Rickmyer, of Woolford, has been in town for some time past under treatment by our local Chiropractor, Mr. A. J. Higgs. We trust that he will receive the desired benefits. Mr. Rickmyer is one of the settlers from S. Dakota, who came into the Woolford district with Mr. A. C. Drake and others some years ago. His record here has made him respected by a wide circle of citizens who count him as one of our able farmers, whose presence in our midst is highly valued. May he receive the health benefits he is seeking is the sincere wish of The Globe.

FOR RENT—Three rooms on Main St. Water and Light, Apply P. G. Paterson, Box 47, Cardston.

Hill Spring

From our Own Correspondent

"In Unity there is strength" The truthfulness of this statement has been proven by the citizens of Hill Spring, in the construction of another dug-way up the South Bank of the Belly River at the new bridge which was built in the summer of 1918. This has been under the management of Municipal officers. Considerable work has been involved in this undertaking as it has been cut through a rocky ledge. On account of the fine weather we are having the work has been discontinued so the people can work on the farms. It is now passable with automobiles and other vehicles in spite of the fact that it is by no means finished. Later on in the season this task will be completed and it will be one of the best grades in this part of the country. The powder used in the work was furnished by the government, and the labor done free-gratis.

Last Friday evening, Mr. Frank R. Smith and wife, gave a dance celebrating their recent wedding. A very enjoyable evening was spent during which Mrs. Smith treated all present to some excellent candy of her own make.

"Fruit-a-lives" Restored Her To Perfect Health

153 PAPINEAU AVE., MONTREAL.

"For three years, I suffered great pain in the lower part of my body, with swelling or bloating. I saw a specialist who said I must undergo an operation. I refused.

I heard about "Fruit-a-lives" so decided to try it.

The first box gave great relief; and I continued the treatment. Now my health is excellent—I am free of pain—and I give "Fruit-a-lives" my warmest thanks."

Mrs. Riada A. May recently received a very encouraging letter from the Mission president, Elder M. V. Ooms, of the Tongan Islands, relative to her son, Elder Ikey May, who is now on his fifth year of missionary work. Both the natives and the white citizens there hold him in high esteem. His band of young musicians is famed over the Islands, and he is doing a great deal of hard yet gratifying work. His President writes that he is the best dressed and best cared for of any of the Elders due to the native Saints, and he says he deserves it as he is performing as much work as any two Elders on the islands.

Mr. Claude Ferguson, after a pleasant sojourn in California during the winter, is home again and giving the glad hand to all his many friends here. For the winter months he thinks California about the liveliest part of the American continent. He reports that the L. D. S. people at Long Beach have a fine new church building, and that there are many of these people who are to be found at Los Angeles, and suburbs during the colder months. Everything is quiet in B. C., Washington and Oregon. At Salt Lake City he found on his return that business was just starting to pick up. Alberta looks good to him and so we all concur.

Mrs. F. W. Cavers was the hostess at a ladies whist party held at her home last Saturday evening. The guests were the wives of the members of the Masonic Order who were at Lodge. A delicious lunch was served and all went home with the remembrance of a very pleasant evening.
