DEAR SIX, - In January last I came to Moncton rom Memramcook to consult a physician, as I was in the last stages of Consumption. When I arrived here I had at once to go to my bed, and was so low I never expected to leave it. A physician was called who pronounced my case as hopeless; that I might ive a week or two, but not certainly more. As a ast resort he recommended "Robinson's Cod Liver Oil with Lacto-Phosphate of Lime." I purchased to bottle and after taking the first dose commenced to improve. It seems, after taking a dose, as if I had eaten a good, hearty meal. I have continued taking it ever since and am rapidly improving. I am confident that had it not been for your Oil I would HAVE BERS IN MY GRAVE TO DAY. You are a theory to use this in any way you wish, as I am anxious to let others, who are afflicted in the same way, know, in the hope that they too, may receive the same benefit. Dress Goods, sell the stock now on hand, all seasonable and staple goods, at prices which cannot fail to be satisfactory to the purchaser. JUST RECEIVED.
