S. MILLEY

Chicago Stock Co.

Were one to sit in the Atlantic Bookstore and listen to the many enquiries as to the coming engagement this week of the Chicago Stock Company they would soon discern that good news travels rapidly. It is very evident from the nature of the question that some of our local theatre patrons have visited one of the large Nishne cities during the past month. Since the telephone is constantly ringing and the query asked, "Is it true the Chicago Stock Company comes to the People's Theatre this week?" This, too, is notable at the box office window, with many other questions added. The announcement has been made, and it is true that the Chicago Stock Company comes to the People's Theatre this week for a two weeks' engagement, beginning Thursday, June 9th. Considered the best and most elaborately equipped, also presenting some of the best modern dramas, this attraction has proven the peer of all others. Each and every play is mounted separately and as originally presented in the large cities. Of this important feature Manager Rosskam has ever taken pride, and it is such pride that has established his company as the foremost popular-priced organization now before the public. The Chicago Stock Company is by no means a new attraction. This is their 18th year be-

fore the critical public. In a season they play no more than six engagements, remaining from five to ten weeks in a city. In Detroit and Chicago they remain in each twenty weeks every year. The company number 30 acting people, the largest dramatic organization travelling. They have a repertoire of twenty plays for the performances to be given. Every play is massively staged, and elicits the astonishment of the auditor. The opening bill is Grace George's wonderful success "Clothes."

22 Killed in Streets.

List of Accidents in May Shows Automobiles were Responsible for Eleven Deaths in New York.
New York, June 3.—The list of killed and injured due to vehicular traffic in New York City, as compiled by the National Highway Protective Society for the month of May, shows that 22 persons were killed and 104 injured. Of this number 11 children under sixteen years old were killed and 18 injured. Automobiles were responsible for the deaths of 11, trilly cars killed 3, 5 were killed by wagons, 2 by automobile trucks, and 1 by a motorcycle. Seventeen persons were run down and injured by motor-cycles. Nine drivers of automobiles ran away after accidents.

Invermore Sailed.

The S. S. Invermore sailed for Labrador at 10.15 this morning. She will call at the usual ports in Newfoundland, including Atandale, and will go as far north as Horse Harbor. The ship is now in first class condition and no expense has been spared to make the accommodation suitable to the travelling public. Everything is scrupulously clean. A set of intermediate quarters has been fitted up this year on the deck, and the hospital has been enlarged and improved. Capt. Parsons takes charge this season; Capt. Jacob Kean is mate and Mr. Grills is steward; Mr. Sterrick, purser; Mr. Madigan, chief engineer.
Those who contemplate taking a trip to Labrador will find the accommodations in the Invermore all that can be desired.

One Man Electrocutted.

And Three Others to be Put to Death.
Richmond Va., June 3.—Henry Smith, alias Henry Battine, was put to death in the penitentiary early this morning for the murder, near Alexandria, March 6, 1909, of Walter F. Schultz, of Chicago, an artist. The negro confessed, naming Eugene Dorsey, Richard Pines and Calvin Johnson, all negroes, as his accomplices.
These three men will be electrocuted next Friday. Schultz had gone to Washington for the inauguration of President Taft, and was sight-seeing in Alexandria when the negroes set upon him, dragged him into an alley, and there murdered and robbed him.

Star-C. C. C. Dance.

The preparations that are being made for the dance at the Prince's Rink to-morrow night indicate that the event will be a most successful and enjoyable one. The Committee in charge are very busy the past few days decorating the interior and waxing the floor. The C. C. C. Brass Band will furnish the music.

T. A. Club Meets.

The T. A. Club held its quarterly meeting last night, a large number of members being present. The reports of the Secretary and Treasurer were of a very satisfactory nature. The club will hold a dance in the theatre flat of their Hall on Regatta Night. The Club will likely hold other dances during the summer.

CRICKET.—The St. Bonaventure's and Methodist College teams played an inter-collegiate match at St. George's Field to-day.

Preliminary Games.

The preliminary games of the Star-C. C. Sports took place last night, but could not be concluded as darkness had set in. The band of the C. C. C. was in attendance and entertained proceedings with its dulcet strains. There were a good many spectators present and although it was cold, all enjoyed the games. The grass had been uncut on St. George's Field where the games were held, and this more or less impeded the players, but it was not the fault of the management, and this will be rectified to-day. The remainder of the games will be played to-night.
The games of last evening resulted as follows:—
Star vs. C.E.I.—Won by Star; score 3 goals to 1 goal.
Casals vs. St. Bon's.—Won by St. Bon's; score 1 goal to nil.
B.I.S. vs. Feldians.—Won by B.I.S.; score 2 goals, 1 corner; to 1 goal, 1 corner.
C.L.B. vs. C.C.C.—Won by C.L.B.; score one corner to nil.
Highlanders vs. M. Guards.—Won by the Guards; score 2 goals to nil.
Inter-Col. St. Bon's vs. Methodist College: won by Methodist College; score 1 goal to nil.
Referees.—C. Ellis, W. Stranger.

St. Joseph's Concert.

The concert held in the church at St. Joseph's Parish, Holytown, last night under the auspices of Rev. Dr. Kitchen, was a successful event. Miss M. Brown, organist, had charge of the programme, and Mr. Fitzpatrick introduced the singers. Amongst those who assisted in the successful rendition of the evening's programme were:—Misses G. Malone, R. Brophy, Clara Smith, B. Malone, J. Howlett, K. Murphy, A. Murphy, Messrs. P. F. Moore, M.H.A., T. H. O'Neill, J. Fox, C. Fox, Leo C. Murphy, R. J. Power, J. O'Reilly and the children of St. Joseph's School. Amongst the audience were Messrs. J. J. Mullaity, C. W. Ryan, M. W. Myrick and W. Ellis. At the conclusion Rev. Dr. Kitchen thanked the performers and the audience for their attendance. He particularly thanked Miss Brown to whose assistance the success of the concert was mainly due.

Hymen's Bonds.

Mr. Geo. J. Scott of Cochrane St., St. John's East, led to the altar Miss Janie Hughes, of Military Road, last night. The nuptial knot was tied by Rev. Father Tierney, of Petty Harbour. Mr. Scott is of one of the oldest fishermen planter families of St. John's East. Scott's Room in the Crow's Nest, Holytown, being one of the oldest in the East End. Miss Hughes, his bride, is an accomplished pupil of the Nuns of the Presentation Convent. All their friends wish them a prosperous voyage over the sea of life. They were the recipients of many presents.

Lynched For Striking a White Man.

Now Madrid, Mo., May 31.—A mob has avenged the insult of a negro striking a white man by storming the jail, taking the negro to the banks of the Mississippi River and lynching him.
"An unknown" was the label pinned across the breast of the dangling form when found. The negro was charged with striking Town Marshal L. A. Richards after he and other negroes had been ordered off a street corner. No arrests have been made, the coroner's jury returning a verdict of "death by unknown hands."

The Grace Here.

The bright Grace Capt. John Jackman, arrived here yesterday from Figueria after a run of 27 days. The vessel had fine weather and favorable winds on the first part of the voyage and was off this coast after a run of 18 days. She met then much fog and head winds and thereby was detained. But for this weather she would have made a fine run. The vessel is in salt to A. Goodridge & Sons.

An Interesting Lecture.

At 8.45 p.m. to-morrow Rev. Mr. Thackeray will deliver a lecture in the S. A. Hall, Springdale Street, where George Boyd I. O. G. T., generally meets. His subject, which will be illustrated with lantern slides, is:—"The effect of the use of alcoholic liquors on the organism of the human body." The lecture will be a very interesting one; only a small admission fee will be charged and no doubt a large audience will be present.

Yesterday afternoon a young man Follett fell into the hold of a schr. moored at an uptown wharf and narrowly escaped being killed. His forehead was split across, and after being treated at McNeill's drug store he was brought to a doctor who stitched up the wound.

Coronation Oath.

Dear Editor.—It seems to me to be a great pity that any person of intelligence and education, and particularly so if of strong religious opinion, should think it necessary to raise a controversy of a disturbing quality over the question of the Coronation Oath taken by His Majesty on the day of the crowning, especially in the Colonial portions of the Empire, for the following reasons:—
1st.—Any educated person of ordinary intelligence knows that the duty of a King over the British Empire is primarily to assist in securing strict justice and entire freedom of opinion in religious matters to every loyal subject in his realm.
2nd.—Religious controversy wherever met with is one of the most disturbing elements of society, and the chief cause of separating those members of it, that would otherwise be good friends and neighbors, when carried to extremes a devastating fire.
3rd.—We in the Colonies are all aware that a subject of such magnitude as the Coronation Oath will receive the most careful consideration in the Imperial Parliament, and that therefore we may rest assured that what is wisest and best will be done with a questionable proceeding, which to say the least of it, is most distasteful, nay, intensely painful to the feelings of millions of His Majesty's very loyal and faithful subjects, well proven so on many a bloody battlefield, and also most distasteful to our very noble and tender hearted King himself, and foreign to the desires of the most intelligent of Anglican churches throughout the world over, and therefore should no longer be tolerated or insisted upon.
Further, we have not yet, despite such an array of theological assertion to the contrary, reached such an accurate knowledge of what really true religion demands, or what really were the instructions left for our guidance by our blessed Lord, beyond the one great central fact, that He suffered in His own innocent body, and bids all who would desire to be with Him hereafter to meekly take up their cross and forsaking all else, follow in His wearied footsteps, and to prove our faith by loving one another as He loved us and gave Himself for us. (See I. John, cap 4, verse 20.)
I ask, how can any man, calling himself a Christian, desire his King to take an oath that he is sure will inflict great pain upon the feelings of millions of his brethren and fellow-countrymen. Who made us judges in this matter?
It is high time to amend this most iniquitous oath, and thus remove another stumbling block from the path that leads to peace and love of man for man.
I would like to direct attention to another wrong that is inflicted on us all, i.e., the wording of our National Anthem. Does it not seem at least inconsistent that whilst extolling so heartily our beloved and lamented late ruler, King Edward the VII. and

God save our noble King,
May His reign blessings bring,
From Thee to all;
Cause bitter wars to cease,
Install the reign of peace,
All joys on earth increase,
God save the King.
To all the world impart
Grace to fill every heart
With love for thee;
May King and peasant low,
To Thee most humbly bow,
Praying Thy peace to know,
People and King.
Long may his reign endure,
His subjects love, aye sure,
Trusting in Thee;
And send o'er earth's wide space,
Headless of creed or race,
Love's light on every face,
God bless our King.
God bless his Consort too,
E'er faithful, constant, true,
God bless our Queen,
Send to the noble pair
All joys the earth can bear,
Granted in bounteous share,
God bless them both.

loyal and loving,

London, June 2.—The new Botha Cabinet of United South Africa yesterday decided to release Dinizulu, son of the famous Chief Cetewayo, who was serving a term of four years' imprisonment in Natal for harboring rebels, and give him a yearly allowance of £2,500, subject to his good behaviour.
The London Radical morning papers sarcastically express the hope that this act of clemency will not incur Roosevelt's displeasure on the score of "sentimentality."

The Straits Fishery.

The opinion of the captain and crew of the Diana is that there will be a good fishery in the Straits of Belle Isle this summer. The bankers fishing in the Gulf report cod abundantly plentiful, and the men believe that this fish will work through the Straits and ensure a good catch for those who fish there.

"Can't Quit Coffee"

Well, that is humiliating. It's hard enough to be a slave but infinitely worse to acknowledge the desperate condition where individual will is gone. However, there is nothing easier if you go about it in the right way. And nothing that will pay bigger dividends in health, comfort and money-making capacity.

Perhaps coffee keeps you awake nights, dulls your brain when you need the sharpest edge on your wits possible.

It's the steady, clear, original thinker whose judgment is wide awake during business hours, that makes the well-paid doer of valuable work; the chap who forges ahead on his own initiative—the successful money-maker.

If coffee gets in its deadly work for only one hour of your business day, that may be just the time when opportunity is calling the loudest. But if your judgment is cloudy from *caffeine*-poisoning—coffee-drinking—you may not see the opportunity or not be able to swing things your way.

To be in the best trim all the time, drop coffee entirely and use well-made Postum. By "well-made" is meant, as the directions say, boil your Postum at least 15 minutes after boiling begins. Have it dark and rich (it won't hurt you—not even a baby) and get the fine, snappy flavour and full food value.

Let Postum, in a word, help you quit coffee and start you on the road to every-day comfort, rousing good health and quite possibly a fortune.
