## "GOOD CLOTHES."

We all like to wear what we call "Good Clothes." Now good  
clothes are costly—not dear—but they become dear if they have to  
be discarded practically unworn. The French Dry Cleaning Pro-  
cess meets the difficulty. We can afford to buy the best and most  
beautiful fabrics without being extravagant, because of their quality  
we can rely on being able to have them restored by this process to  
their original beauty quite often enough to enable them to be eventu-  
ally discarded without a lament.
