Closing of Poultry Exhibition.

PRESENTATION OF PRIZES.
The Poultry Exhibition was continued yesterday, closing at nine o'clock last night when the presentation of prizes took place. The Mount Cashel Orphans, accompanied by the guardians, and the volunteers now in training attended the Show during the afternoon and enjoyed it immensely. His Excellency the Administrator and Lady Horwood were met on arrival by President LeMessurier and other officers of the Association. His Excellency, in a brief address congratulated the Association and the individual members thereof on the splendid success of the Show. President LeMessurier made a happy reply, thanking Sir William and Lady Horwood for the interest shown by them and their appreciation of the efforts of the Association, also expressing the gratitude of the Association to the donors of the large number of prizes, which were then presented as follows:—

SPECIAL PRIZES.

Mrs. Otway will accompany the Colonel at the above appointments.

Oil Heaters!

HAVE YOU SECURED ONE?

This little engine of comfort is obtainable now at a LOW PRICE compared with other household articles, but perhaps some patriotic vulture will swoop down on the market and make a corner, then up goes the price.

Buy one now and get ahead of the speculator.

Ayre & Sons
LIMITED

A New Thrill For Blase Motorists

Driving a Willys-Knight is a greater enjoyment than the novelty of your first motor car.

It registers an altogether new and different motoring experience.

While many engines perform well when new, the Willys-Knight retains its maximum efficiency, in fact grows better with use.

Can you conceive of a greater boon? It explains why the passive tolerance of many motorists has been changed into active enthusiasm by the Willys-Knight.

One veteran motorist says his car glides so smoothly and evenly as though there were a vacuum in front of the radiator instead of the powerful and faithful Willys-Knight engine back of it.

Begin now to enjoy the engine advantages obtainable from this engine that makes beneficial use of carbon; that thrives on carbon; that for thousands of miles grows stronger, and more flexible through carbon; that never needs carbon cleaning and valve grinding to "set it up."

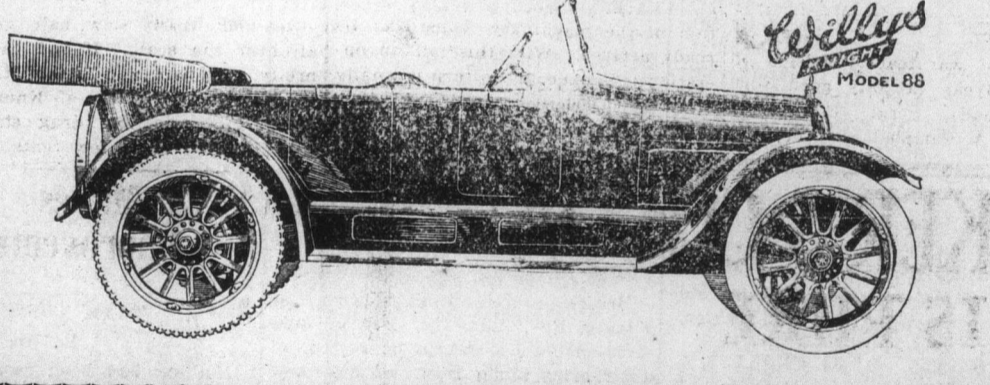

Come in and see us about it.

Brief Specifications.
Eight cylinder Knight type engine. French Blue Body. 125 inch wheelbase. 24 x 4 inch tires, non-slip in rear. Motorometer. Wire or Artillery Type Wheels. Windshield Wiper. Spiral Bevel Gear Drive.

Milady's Boudoir.

THE NERVES.

If our women built up their bodies by out of door exercise and, at the same time cared for delicate complexion and fine hair, they would be the most beautiful women in the world.

There is only one thing to prevent this ambition and that is the American woman's nerves. You may believe, because the French woman is quick and slim, that she, too, is a bundle of nerves, but it is not so. She is temperamental and her emotions are near the surface but her nerves have rest because she never worries from one day to the next.

The American woman does a host of nerve racking things to mar her beauty. I know a woman who is free every hour of the week, and yet she will shop on Saturday when the mental tension of a crowded store is at its height. Buying goods and waiting for change in such an atmosphere brings a pucker to the brow, and wrinkles about the mouth that never would appear if she shopped on Monday morning at nine o'clock. We

Americans never rest, for we fill our spare moments in reading exciting fiction, watching intense dramas or playing bridge as if our lives depended on it.

You must learn to control your mind when there is real need of physical strength, for worry only too quickly leaves its stamp on the features. If you have missed a train don't pace the platform and search the face of the clock every moment. This mental hurry will not increase the steam pressure in the engine carrying the next train.

Do your best to cultivate repose and you will conquer our National weakness. Follow the English habit of taking cross country walks in the open air and study the French woman's clever manoeuvres to improve her natural looks. The combination of these should give you real claims to that elusive quality known as beauty.

A Faithful Servant.

READY TO WORK NIGHT OR DAY. Gas is your ever ready helper right in your home—no begging for delivery, no delays in getting it. One gas so used to it that one is apt to forget how helpful it is. Take a little trouble. Study its uses; get to understand how to obtain every particle of help you can from it.

Remember that for Light, Heat or Cooking it has no equal. If you have any little difficulties with it, bring them to the Gas Office. Our advice and help will be most readily given.

Lumbermen's Sports in Scotland

Newfoundlanders Among the Winners. The most notable event of the week was the Lumberman's Sports which took place at Stanley, Saturday, Oct. 20th. It was under the auspices of the Stanley Woodmen's Funds Committee, whose funds augmented by some \$300. The event was observed by us as a holiday, and quite a number of men went thither by rail.

Many notables from various parts of Scotland were present to see the unique aquatic and other sports put on by members of the Canadian and Newfoundland Forestry Corps. Amongst them were the Duchess of Atholl, Colonel Mrs. Fotheringham, of Murthly, Madam Tempest, Comptroller of Dalguise V. A. D. Auxiliaries, Highland Railway; Sir J. S. Mackenzie, timber controller for Scottish Forestry; Lady Maxwell, Sir Joseph Abercrombie, Lt. and Mrs. Herbert Abercrombie and Mrs. Campbell.

A band from the Scotch Home Guard in attendance, and rendered very interesting overtures during the afternoon. The event was under the direction of Capt. McLaren, commanding Canadian Forestry Corps, and Lt. H. Cole, of the Forestry Companies. The Duchess of Atholl, Sir J. S. Maxwell, Major Ferguson (of Canadian Corps), and Major Sullivan were Judges of the various contests.

Be it said to the credit of our own war team, they maintained their reputation gained on September 15, being the champion team of the district. The Canadian team, made up of big husky chaps from the Western Provinces, one of them weighing over 15 stone, boasted of what they were going to do. Yet our lads did a clean walk over with them even in the water. When our team got against the Scot of Scotchmen, selected from within a radius of forty miles, the tussle was long and furious. In the final event they were thirty-three minutes in the water, struggling with might and main, while the excited spectators kept vociferously cheering our lads. Eventually our team got the better. Scots across the line, both sides having scored a point; and thus the list of sixty stailings was equally divided amongst them.

Our list of war team consisted of Lt. K. Goodwin (a fully qualified expert of anchor man), Sergt. E. G. G. Corporal J. A. Campbell, Lt. G. G.

BAKER'S COCOA IS PURE

Purity in cocoa means scrupulously cleaned and carefully blended with the excess fat to an extremely fine mechanical process, used, the finished product added mineral matter.
