#### PERUVIAN CONSULS RECALLED.

LIMA, Peru, Nov. 26. The Peruvian Government has not recalled its consuls in Chile for several months. The newspapers here have news from their consuls in Chile and it is believed that a strict consular control is in force in all Chilean ports. Peruvian consuls in Chile have been ordered to bring all Peruvian citizens who are leaving Chile. The reported order by the Peruvian Government that all the Peruvian consuls in Chile are to be recalled is incorrect.

The long column of soldiers marching in the parade, accompanied on either side by a line of Alsatian girls. As they kept step with the soldiers they gave an original and picturesque effect to the parade. Marshal Petain everywhere was greeted most warmly as he passed at the head of a column in an open automobile followed by other cars carrying General Gouraud and other Generals. After the military review the Alsatian societies held processions through the streets and their bands kept the chilly air ringing until a late hour.

"William II. must be commanded to return and to account before this tribunal." The Spartacus organ also demands a reckoning with the Socialist leaders Ebert, David, Molkenbaur and others for participation in propaganda calculated to absolve Germany from responsibility for causing the war.

#### OPPOSITION NOT SERIOUS.

WASHINGTON, Nov. 26. Information reaching the State Department today indicated that the refusal of General Semenov, anti-Bolshevik commander in the Transbaikalian region to recognize the dictatorship of Admiral Kolchak set up by the All-Russian government at Omsk, has not created so serious a situation as was at first feared. According to latest advice General Semenov's forces have divided rapidly since last summer and are so completely without a legitimate, consequently it is believed that the Semenov dissension, without the aid of the Bolsheviks, will be of little difficulty in Russia which has progressed satisfactorily under the direction of the All-Russian government will be continued.

#### FOOD SHORTAGE NOT SERIOUS.

BERNE, Nov. 25. Madam Roatka Schwimmer, of the Food Peace Party fame, who has accepted the position of Hungarian Minister to Switzerland, being the first woman to receive such an appointment, declared to the correspondent that the food news of Hungary were "nowhere near urgent." However, she added, there is some danger owing to the lack of coal. The situation in Hungary is such, Madam Schwimmer continued, that the government would be willing to abide by any decision of a peace conference no matter how unfavorable, because the government is helpless.

#### PROOF OF CONSPIRACY.

LONDON, Nov. 25. (British Wireless Service). Publication of official reports from the Bavarian Minister at Berlin, to his home government, confirm evidence already in the hands of the Entente, that Germany and Austria conspired to bring about the war. These revelations have been published in Munich after permission had been asked by the Bavarian Minister of the German Federal Government. They are in the form of a report sent to Munich on July, 1914, by Count Vonlethenfeldt, the Bavarian Minister at Berlin.

#### STRASSBURG CELEBRATES.

STRASSBURG, Nov. 25. After four days of continued celebration, the inhabitants of Strassburg were still at the height of their enthusiasm when Marshal Petain with General Gouraud made his official entry to-day at the head of crack troops of the French army. The passage of the troops was declared to be one of the greatest military spectacles that this ancient town had ever witnessed, and these are not unusual here. The long column of soldiers marching in the parade, accompanied on either side by a line of Alsatian girls. As they kept step with the soldiers they gave an original and picturesque effect to the parade. Marshal Petain everywhere was greeted most warmly as he passed at the head of a column in an open automobile followed by other cars carrying General Gouraud and other Generals. #### BRUTAL TREATMENT OF PRISONERS.

LONDON, Nov. 25. (British Wireless Service). Many shocking stories of ill-treatment are told by British prisoners who have reached England from Germany. Unfortunate Britishers who arrived at Friederichsfelde, Prussia, after hostilities ceased had a hard lot. They had been taken prisoners shortly before or during the British advance and were compelled to work behind the lines being driven from place to place "like something lower than beasts." Of one working party of 1800 only 282 came into Friederichsfelde. From twenty to thirty daily went into hospitals and fifty of the party died during the first week in camp. Several of the men said that they caught snails and ate them while on the march. #### Il Childs Cross, Feverish and Sick

Look Mother! If tongue is coated, cleanse little bowels with California Syrup of Figs.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver, and bowels so nicely. A child simply will not stop playing to empty the bowels and the result is they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhea. Listen Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

Any cooking vessel can be cleaned in half the time if it is first steamed. Fill it with water, put the lid on and stand it where the water will get hot.

#### Fr. Matthew Celebration.

The postponed Father Matthew anniversary celebration was held last night in the T. A. Hall, a large number of members and their lady friends participating. President Ellis, in addressing the gathering, spoke of the work of the Society during the last fifty years, and the good it had accomplished. He also referred to the Great War and the part the Society's members had played in it. In the near future the Society would erect a monument to the memory of the members who made the Supreme Sacrifice. A feature of the celebration was the presentation of a sash of honor to Mr. M. J. Tobin, who had completed his 21st year as Guardian in the Justice Branch. The presentation was made by Mr. Ellis, and a very happy reply followed from the recipient. Following a dance was held, the T. A. Band furnished the music, and refreshments were served at intervals. Rev. J. J. Walker, P.P., St. Brendan's, was present, and who was President and a letter was read from the Spiritual Director Rev. J. Pippy, regretting his unavoidable absence.

#### Christian Brothers.

The annual collection for the Christian Brothers will be taken up in the Catholic Churches of the city on Sunday next. The collection will be the largest on record there is but little doubt and every cent will be needed. Every year the staff is increasing, and with the high cost of living and school materials, the demands on the Brothers' exchequer is correspondingly increased. It is unnecessary to speak of the work of this noble body of men, who have sacrificed so much in the interest of the youth of the country, and who have for the last forty years been fighting them to fight the world's battles, and with what splendid results. Both at home and abroad, they have trained pupils of St. Patrick's and Holy Cross Schools occupying the finest positions in the land in Church and State and commercially, and their fitness to maintain them is the result of their early training at the hands of the good Brothers. There is no distinction in class or creed made in the reception of pupils into their schools, and their system of teaching has the approval of all educationalists. They but little for their work, and it is the duty of all pupils, ex-pupils and parents to contribute to the prologue page of the opportunity will be given, and all should contribute according to his or her means. Let the 1918 collection be the biggest on record, let it give and give as much as they can afford.

#### A Worthy Suggestion.

Editor Evening Telegram.

Dear Sir—There is not a citizen of the Great British Empire whose heart does not throb with joy now that a Victorious Peace is about to be concluded.

The next thing then is to have our sons return to us, and while we believe this will be accomplished as soon as possible, there are circumstances in connection with the return of some of them which may cause protracted anxiety and suspense as well as unnecessary expense if steps are not taken at the start to avert such.

Numbers of Newfoundlanders are overseas with the Canadian and Imperial forces, and the mothers and fathers of those men will think it quite a hardship if their sons are carried past their very doors to far-off British Columbia, Alberta, Saskatchewan, Manitoba and other places to be discharged without having the opportunity afforded them to visit their homes first.

Once discharged, our men would have to find transportation to their homes which in many cases would be a great hardship for the men themselves and would entail large expense to the parents of the brave fellows whose sacrifices only those who know have had the experience.

All these brave men without exception have sacrificed or jeopardized their whole futures as well as "not counting their lives too great a price to pay for the liberty of our race" and it will be a small boon to grant them the opportunity to visit their homes as they go by.

Then again, those of us who have sons with the Imperial forces, think it only just and right that those men should be given "free transportation" to their homes in Newfoundland when discharged, and surely it is not too much to ask our representatives at the Peace Conference to take this matter

#### Old-Time Fight.

Several lovers of the ancient art of the fist, witnessed a splendid exhibition of physical courage and endurance Saturday night, on Central Street, when a man picked a quarrel with a shopkeeper there. The aggressor hauled off his coat, and trying his braces around his waist, invited the other to wade right in. The shopkeeper, who was a very muscular man, and being fond of his pugilistic reputation, was not loathe to accept the challenge.

1st Round.

The shop-keeper started the ball rolling by a forceful hook, which caught the other man somewhere between the nose and the eyebrows, drawing claret. This knocked him to the ropes, where his seconds administered aid.

2nd Round.

The wounded man entered the ring with a bound and tried to down the shop-keeper, but the latter feinted, and avoiding the onslaught, lodged an uppercut as his opponent whizzed by. This nearly incapacitated him and he barely rose to his feet before "time" was called. The plucky little S. K. decided to end the fight right there and then, and stepping back made a rush for the door, landing an uppercut, hook swing and short stop in quick succession. The aggressor had to be carried home by his friends, and he is now recovering slowly.
