Sometimes the Woman Dominates But-

Of course there are homes in which he woman strongly dominates. But almost always this is because she happens to be of such a selfish nature that peace with her on any other con-

dition would be impossible. Whenever I hear women boast of ize that they are advertising the probability of their possessing such a character. I also wonder if the eruption

POOR SPORT.

its destiny pursuing; and friends who late were buying hops are tired of basement brewing. Last year the hops-andraisins stores all day and night were busy, the Tired Clerks jumped around the floors until their heads were dizzy.

A fad comes up

And patrons carried home the hops and straightway went to brewing, prolucing much unholy slops that threatened their undoing. The home brewed hue, one good long drink would parof their graft when it was fairly started, and from their basements quite a raft of brewing junk was carted. And now there's no demand for hops, except*for proper uses, no patrons buy them in the shops to make illicit juices. Thus one great sport has petered out, for it was vain and hollow and soon or late, no man can doubt. all kindred sports will follow. Just now smart alecks think it cute to knock the low to pieces, and buy punk gin from some galoot who packs it in valises. But when they see their neighbors die from drinking poisoned whiskey, they'll think it better to go dry and be alive and frisky. The ghost of Barleycorn will wend around us for a season, but all the lawlessness will end as people think and reason
