On the second day of the Montreal West election trial, Mr. Mackenzie's counsel intimated that he did not wish to press the case farther, and after the evidence of a man named in a state of the corrupt practices had been used, though without the knowledge of Mr. Mackenzie. This Finlay swore what he could to secure Mr. Mackenwhat he could to secure Mr. Macken-zie's election, had promised him money if he would vote for that gentleman. At first he refused to go, but afterwards went and voted for him, and on the way back Russell gave him one or two dollars, and they had a glass of beer each at a saloon. This evidence was consi-dered sufficient to void the election, and Mr. Mackenzie was accordingly unseated.

unseated.

In the South Huron case, Judge Galt declared the election void on the ground of bribery by agents. He found that the respondent himself (Mr. M. C. Cameron), was not guilty of corrupt practices, and decreed that he should pay the costs of the petition.

of corrupt practices, and decreed that he should pay the costs of the petition.

The examination of witnesses in the Niagara case closed on Wednesday night, and this (Thursday) morning Judge Hagarty gave his decision, making the election void, and that Mr. Plumb was not disqualified.

The Tory press have made a great ado about the evidence brought out at recent trials regarding the corrupt practices employe: by Reformers on behalf of their candidates. In order to change the tune, we would direct their serious attention to the no less corrupt practices indulged in by Mr. Plumb's friends during the contest in this old burgh. It conclusively confirms our already expressed opinion, that Conservatives are equally guilty with Reformers in indulging in these practices, and we do most heartily wish that the present stringent election law will put an end to all such corrupt agencies as have hitherto teen employed by the friends of candidates belonging to both parties. It was proved that Mr. Plumb contributed \$1,2.00 to his election expenses, which was disbursed in many curious ways. For instance a Mr. Best had the control of some money—he could not tell how much—and out of that he loaned two voters \$20 each, which has not been returned, and which, it was admitted, was given for the purpose of influencing their votes. Then a Mr. Lawry ters \$20 each, which has not been returned, and which, it was admitted, was given for the purpose of influencing the rotes. Then a Mr. Lawry got \$20 in an envelope, which was handed to him by a Mr. Murphy, and strange to say he felt so little curiosity to know its contents that he did not open the envelope till a week after the election. He got rid of the cash, however, for he paid a person named Stuart a bill of \$150 for legal expenses, besides other bills. This money came from Dr. Wilson, who was charged by Mr. Plumb with the work of di-bursing the \$1,200. Again we have some curious evidence from a Mr. Thompson, who got an envelope containing \$250 in the place where he kept his curry comb. How this mysterious windfall came he did not pretend to know, but he knew well what to do with it, for the hight before the election he distributed the whole of it among Mr. Plumb's instructive friends, giving \$4 to one, \$40 to another, and so on. Each of these parties who received the money had a list of names of voters whom they were to call on and get to vote for Plumb. Of course everybody knows, or can rightly conjecture, how the money was used.

was used.

The evidence all through shows that Mr. Plumb's agents were as busy as could be in using the money so freely distributed, and even Mr. Plumb himself can hardly clear his kirts of the suspicion that he was directly.

COLD COMFORT.—The Min has a happy faculty of extracting com. ort AT CHASH'S out of almost every political event.
In the unseating of Mr. A. F. Mac. donald of Cornwall it for In the unseating of Mr. A. F. Macdonald, of Cornwall, it foreshadowed the ruin of the Reform party, and the break-up of the Government. He was re-elected on Tuesday, and this gives the Mail a chance for raising a song of rejoicing over what is pleased to call a "Grit defeat." Will the Mail please fix Mr. Macdonald's political status, and keep him in that place. It won't do to dangle him on both sides of the fence, as it may suit circumstances. circumstances.

REFORM DEMONSTRATION .- The Reformers of the County of Norfolk held a grand re-union at Simcoe on Wednesday. About 1200 were pre-Wednesday. About 1200 were present. The Hon. Messrs. Mowat and McKellar, and Messrs. Charlton, Clarke, Stuart, Hawkins, Saunders, and J. I. Mackenzie, delivered stiring speeches. Letters of apology for non-attendance were received from Hon. C. F. Fräser, and Hon. David Christie, and from A. S. Hardy, M.P.P., S. C. Wood, M.P.P., W. Patterson, M.P., and others. The proceedings were enthusiastic throughout. proceedings throughout.

PLOODSHED and disturbances still mark the progress of the canvass in Louisana, but they are confined to struggles between factions of the Republican party. The coloured citizens have been taught to rely upon force and violence in politics, and have learned their lesson only too well. Nevertheless there are cheering features in the contest, and the fact that in many cases, the coloured voters join hands with the whites in seeking reform is a sure sign of improvement. Louisana, but they are confined to

THE Government have resolved, it The Government have resolve i, it is reported, to change the gauge of the Intercolonial Railway at once, so as to take advantage of the present prices of rolling stock and materials. The line will be reduced to the uniform American gauge, the width at which it should have been built in the first piace. This is another expense that has to be borne to remedy the blundering of the former Administration.

THIS SHOULD BE NOTICED. — Parties purchasing goods always wish to buy them at the cheapest rate. Now the nearer you can get to the Manufacturer, the cheaper are the goods. Mr. Horsman, the popular Hardware merchant of this town, last summer visited the manufacturing districts of Europe, and purchased very largely from the manufacturiers there. He has also made special arrangements with manufacturers in the United States and Canada to have their goods at the lowest Cash prices. In consequence of the extraordinary bargains Mr. Horsman offers, his sales this season are largely increased; in fact, there has been a perfect rush at his mammoth establishment during the last two months. Remember, by purchasing Hardware from John Horsman the profits of the wholesale dealer, or middleman, are saved to the customers. Stoves and Tinware have been added this season, and on account of the very low prices at which these goods are offered by Mr. Horsman this branch of the business has exceeded his most sanguine expectations.
