FREE HELP FOR THE SICK.

Professor Adkin Offers to Help Ali Sufferers From Any Disease Absolutely Free of Charge-Professional Men Investigate His Powers.

PROF. THOS. F. ADKIN, President of the Institute of Physicians and Surgeons.

In all parts of the country men and women, doctors and surgeons, clergymen and educators, are wondering at the remarkable cures made by Prof. Thomas F. Adkin, discoverer of the Adkin Vita-

F. Adkin, discoverer of the Adkin Vitaopathic treatment.

Prof. Adkin heals not by drugs, nor by
Christian Science, nor by Osteopathy, nor
nor by Hypnotism, nor by Divine Healing, but by a subtle psychic force of
nature in combination with certain vital
magnetic remedies which contain the
very elements of life and health.

A reporter recently talked with Prof.
Adkin, and was asked to invite all readers of this paper who are sick or who
are worried by the ills of those dear to
them, to write to him for assistance.
"Some people have declared," said Prof.
Adkin, "that my powers are of God; they
call me a Divine Healer, a man of mysterious powers. This is not so. I cure
because I understand nature, because I
use a subtle force of nature to build up
the system and restore health. But at
the same time, I believe that the Creator
would not have given me the opportunity
to make the discoveries I have made,
nor the ability to develop them, if He
had not intended that I should use them
for the good of humanity. I therefore
feel that it is my duty to give the benefit
of the science I practice to all who are
suffering. I want you to tell your readers that they can write to me in the suffering. I want you to tell your readers that they can write to me in the strictest confidence if they are troubled with any kind of disease, and I will thorough oughly diagnose their cases and prescribe a simple home treatment, which I posia simple home treatment, which I positively guarantee to effect a complete cure, absolutely free of charge. I care not how serious their cases, nor how hopeless they may seem, I want them to write to me and let me make them well. I feel that this is my life's work."

So great is the sensation wrought in the medical world by the wonderful cures performed by Prof. Adkin, that several professional gentlemen were asked to investigate the cures. Among these gentle-

After a thorough and painstaking investigation, these eminent physicians were so astounded at the farreaching powers of Prof. Adkin, and the wonderful efficacy of Vitaopathy, that they volunteered to forsake all other ties in life and all other kinds of treatment, and devote themselves to assisting Prof. Adkin in his great work for humanity. With the discovery of the Adkin Vita-opathic treatment, eminent physicians are generally agreed that the treatment of disease has at last been reduced to an

exact science.
In all some 8,000 men and women have been cured by the powers of Prof. Adkin. Some were blind, some were lame, some were deaf some were paralytics, scarcely able to move, so great was their in-firmity. Others were afflicted with Bright's disease, heart disease, consumpnd other so-called incurable dis-Some were sufferers from kidney. trouble, dyspepsia, nervous debility, insomnia, neuralgia, constitution, rheu-matism, female troubles and other similar ills. Some were me and women addicted to drunkenness, morphine and other evil habits. In all cases Prof. Adkin treats he guarantees a cure. Even those on the brink of the grave, with all hope of recovery gone and despaired of by doctors and friends alike, have been restored to perfect health by the force of Vitaopathy and Prof. Adkin's marvelous skill. And, remarkable as it marvelous skill. And, remarkable as it may seem, distance has made no difference. Those living far away have been cured in the privacy of their own homes, as well as those who have been treated in person. Prof. Adkin asserts that he can cure anyone at a distance as well as though he stood before them.

Not long ago John Adams, of Blakesbury, Ia., who had been lame for twenty years, was permanently cured by Prof. Adkin without an operation of any kind. About the same time the city of Roches-

From Logansport. Ind., comes the news of the recovery of Mrs. Mary Eicher, who had been practically deaf for a year, while in Warren, Pa. Mr. G. W. Savage, a noted photographer and artist, who was not only partially blind and deaf, but at death's door from a complication of diseases, was restored to perfect health and strength by Prof. Adkin.

Vitaopathy cures not one disease alone, but it cures all diseases when in combination with the proper remedies. If you are sick, no matter what your disease nor who say you cannot be cured, write to Prof. Adkin today; tell him the leading symptoms of your carplaint how. at once diagnose your case, tell you the exact disease from which you are suffering, and prescribe the treatment that will positively cure you. This costs you absolutely nothing. Prof. Adkin will also send you a copy of his marvelous new book, entitled "How to be Cured, and How to Cure Others." This book tells you exactly how Prof. Adkin will cure you. It fully and completely describes the nature of this wenderful treatment. the nature of this wenderful treatment. Letters to the Editor JOTTINGS FROM OF SPORTS. MR. GREEN ASKS SOME QUESTIONS.

To the Editor of The Advertiser: I will take it as a favor if you will answer the following questions, which are of great importance to the public. In making bargains, have corporations any rights or privileges that citizens have not? For instance, last year's council made a bargain to lease the London and Port Stanley Railway to the Lake Erie and Detroit River Railway for a term of 30 years. The bargain was completed, except the sig-nature of the proper officials. As to whether the bargain was a good one or not should be beyond discussion. The council thought they made a good bargain. Is the present council bound, in either law or honor, to carry out the bargain made by last year's council? The next question is: About a year ago I obtained subscriptions from citizens for about \$190, to be given in prizes for sugar beets grown in the county of Middlesex, and asked the city council for a grant of \$200 for the same object, which they agreed to give. It was several times stated in the public press, and farmers grew the beets with the understanding that they were to receive about \$300 in prizes. Thirty-eight samples of sugar beets were brought in. I kept each sample separate, packed them, and sent them to the Agricultural College at Guelph, and paid all charges on them. The beets were analyzed, and I received a the fact that the O. H. A. executive has already decided that the overtime must be played in the case of a state of the prize money I got subscribed is in my hands, but the council refuses to pay their subscribed. got subscribed is in my hands, but the council refuses to pay their subscription. Is the council in honor legally bound to pay the money they subscribed, which is honestly due the farmers who grew and brought in samples of beets? As soon as I receive your reply I intend to distribute the money in my hands. If the council will not in my hands. If the council will not pay the money the farmers in the county of Middlesex will never grow sugar beets for a sugar factory in the city of London, if I can prevent them, for councils in the future might be as dishonest as the council of last year. A TERRIBLE

Mr. Chas. Welsh, of Picton, Ont, Suffered Intense Pain in His Back and Kidneys.

He Tried Plasters, Pills and Liniments, But They Failed to Help Him.

He Is Thankful for the Rapid Relief and Complete Cure Obtained Through the Use of Dr. Pitcher's Backache-Kidney Tablets.

Mr. Chas. Welsh, of Picton, Ont., is well known in that town and vicinity. He is engineer on the mail packet plying between Picton and Deseronto. About a year ago he was laid up with a severe attack of backache and kidney trouble, so bad that he could hardly get around. After trying everything he could

think of without obtaining relief, Dr. Pitcher's Backache Kidney Tablets, the new remedy for Kidney troubles, was suggested to him.

He decided to try the Tablets, and with what results we will allow him to

relate in his own words: "I was ailing with a terrible pain across my back and kidneys. It commenced gradually getting worse, so that I was obliged to stop work. I tried plasters, oils, liniments and pills, until I was almost ashamed to enter a drug store, and they all failed. I came across a man who had been using Dr. Pitcher's Backache Kidney Tablets, and he advised me to try them; and while I used them and ever since, I have never known what it was to have a pain or ache in the back or kidneys. Therefore I would advise any person who is toubled with kidney or backache trouble, to use Dr. Pitcher's Backache Kidney Tablets by all means, for I can highly recommend them ahead of anything else I know of, for they have made a sound man of me, when I could hardly walk up street before I took them. CHAS WELSH."

The action of Dr. Pitcher's Backache Kidney Tablets is rapid and positive, curing backache, crick in the back, puffiness under the eyes, swelling of the feet and ankles, bloating, mist before the eyes, gravel, high color of the urine, smarting or scalding, frequent rising at night, pains in the joints and muscles, uric acid in the blood, bedwetting of children, and all kidney troubles of young and old. Price 50 cents a box, at all druggists, or sent by mail. The Dr. Zina Pitcher Co., Toronto, Ont.

I am not much of a letter writer, but having seen how very useful Kelpion was to use on our long march, I think you are deserving of all the praise you can get. I am thankful to say that I never had much use for it myself, but when I did have occasion, I must say it was the best thing I had ever tried for sore feet and insect bites. Its praises were sung all over the camp. No matter what was wrong with a fellow, he was advised by chums to apply "Kelpion," and he would soon be all right. Our water bottles and our Kelpion were the two things treasured above all others in our marching kit. (Signed), Pte. D. R. Price, No. 901, C. I. V.
