IS SUCH THING AS BASEBALL INSTINCT

Players Do Right Thing in Crisis, Without Reasoning Out Their Play.

Manager Kelley, of the St. Paul, Minn., team, is a firm believer in what has been called baseball instinct, where players intuitively do the right thing in a crisis, where they have no time to reason out what should be done. At he stopped, and swept his hand across Paul baseball headquarters, he cited numerous instances of instinctive action by players, which was the right thing for them to do, but which they did without taking any time to reason out the situation.

The most striking of these instances was a play pulled off by Charlie Jones on the Minneapolis grounds on July 5 last. Corbett was pitching for the busy in their half of the ninth and made three, putting them many ahead. Corbett started in bad in the last half of the ninth and two runs were scored after two men were out.

McNichols was in first, with Cy Coul-

ter at bat. Coulter knocked out one of his long singles to right center and the ball on about its fourth bound, For the first time Faradeane's face ball he was traveling at full speed, with one hand. When he caught the grew crimson, and his dark, sad eyes headed toward the right field fence.He "Sit down," he said, pointing to the ball straight as a die to Eddie Wheelmissed by the home crowd, which was sore at losing the game in this manner. "At the time," says Manager Kelley, "I remarked to Bausewine that the play was one of the best I had ever

The talk drifted to unusual happenings on the diamond last summer, and the manager told of a remarkable play which came off at Columbus. Wrigley next man up laid down a perfect bunt along the third base line, which did not roll fifteen feet from the plate. Wheeler was waiting for a bunt, scooped up the ball beautifully and retired the batter. Meanwhile Wrigley was headed for third for all he was worth with no one on the bag. Wheeler was tearing back to his station and Kelley took the only chance he had of retiring the runner. He looped the ball high in the air timing it to arrive with Wheeler. He judged the time and distance perfectly and Wheeler arrived just in time to catch the ball and tag Wrig.

Although Ailsa Craig lacked the services of their crack goalkeeper, W. Alexander, who is sick, they were masters of the situation from the start. Five minutes before time was called, when the score stood 9-2, the local boys let up, and London scored two more goals. London started the scoring by finding the nets in two minutes. Craig soon five minutes, but after that the locals ran right away from St. Johns.

The score at half time was 6-2. In the BASEBALL.
