The St. Thomas Council and S. One of Them Claims That the W. Traction Company Confer On Needed Bylaw.

The St. Thomas city council and representatives of the Southwestern Traction Company, held a midnight session, Friday night, went over the proposed bylaw clause by clause, and came to an agreement in all excepting one, viz., that the company will have the right to pick up passengers in the city and carry them from one point to another, coming into direct competition with the street railway. The company agree to pay the city \$1,200 for the first five of the 25-years franchise, \$1,450 the second ten,

\$1,600 the third, and \$2,00 per year for the last ten years.
An important clause adopted provides that the company is to keep not less than two trains a day at St. Thomas for Port Stanley on excursion days; that the excursion rate from St. Thomas to Port Stanley will not exceed 20 cents for the return trip; that there is to be no discrimination in regular rates in favor of other places and against St. Thomas; that the connection from London be made by October, 1905; that the Port Stanley line be in

operation by June, 1906. President Rumball asked that the clause providing that the company's ars carry no passengers from one point of the city to the other be elimnated. He said the company would oring the city as many passengers as t would take up within the city limits, and it would prove of more convenience to the citizens and less trouble to the company, who would be freed to put off local passengers. It would not, he claimed, make \$500 a year difference in ne company's receipts.

Alderman Lawrence desired to have pavement, and he alleges stoutly that the clause left as it is for two years, when if the citizens desire, it could be emodeled, perhaps to allow the company to carry local passengers. The council will meet again on Tues day night, when the clause will be again considered, and when an agreement, thought, will be reached.

Pere Marquette May Put On Another Detective Heenan Will Not Fly Into Train-Other Changes Probable.

The Pere Marquette Railway Company intend making some innovations in their summer nimetable for the Port Stanley line, which will be much appreciated by Londoners. For one thing, there will probably be six trains a day to and from London's popular summer resort, instead of five, which was the number last year. time of the excursion train which left here at 9:40 a.m. for the Port last season, will, in all probability, be changed to 10:30, thus giving excursionists more time to eat their breakfasts before starting out. A return

train will leave the Port about 7 p.m., est life of any man on the road. Don't and the train leaving there about 9 let any of those detectives (with a p.m. will be run much later, in order smile), give you the romantic "steer, to accommodate those who wish to unless they back it up with a couple have a long day's pleasure. These latter three changes are what are figured on by Passenger Agent Britton, proved by headquarters.

They have been through the Western States, and are visiting Sarnia Tunnel today. This evening they will leave for Niagara Falls, and from there pass to Toronto, and thence to Lachine en route to Montreal, where they will embark for home. A great many prominent English railwaymen are in the party, which is about 220 strong. Three special trains were provided by the G. T. R. for the purpose of the tour, and each is fitted up magnificently, with dining-cars and all modern conveniences. The trains will pass through here at 3:30 a.m., so that not many Londoners will During the rector's vacation, the various Anglican ministers of the city will supply the St. John's pulpit.
