NO IMMEDIATE EFFECT OF WAR ON WHOLESALES

Local Wholesalers and Manufacturers Not Pessimistic Over Outlook.

DEPEND ON ANTWERP

Closing of the Belgium Port Would Seriously Affect Glass Imports.

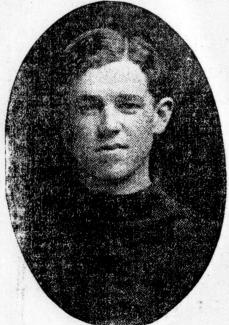

will not be immediately affected by the fering from a fractured jaw bone, war's upheaval in Europe, according to number of cuts about the face and several interviews given out today. It that several of his front teeth had was stated at the Hobbs Manufacturing been knocked out. Stitches were Company today that as long as the port taken in the more serious cuts about of Antwerp was kept open, they would no be affected very seriously by the toria Hospital, where he could be kept war and rumors of war.

T. A. McMahen, of the McMahen-Granger Company, who is now in Manchester, preparatory to visiting on the continent is expected to inform the local offices in a few days of trade conditions. The local firm has all its fall stuff in, and will not begin to receive spring stuff until September. If Belgium is involved in the war, and

Antwerp is closed as a port of entry, the world will be affected generally, in the opinion of members of the Hobbs Manufacturing Company. Belgium has the largest manufacturers of glass in all varieties, and stopping its port will deprive all countries of this useful and necessary commodity.

The D. H. Howden Company, John Marshall & Co., and Robinson, Little & Co. were of the opinion that it was too soon to form an opinion as to how the war would affect them. All firms are greatly interested in the war news, however, and all hope strife may be

The Waterworks Employees Locate Reason of Leak Near G. T. R. Bridge.

Employees of the waterworks department today completed the most remarkable job that has come to their attention in many years. A few days ago a leak in the ten-inch main on the south bank of the river just above the G. T. R. bridge was reported. Water oozing out from the embankment gave the employees their first clue as to where the leak in the main might be. The leak was probed and at some distance removed from where the water leaked out the broken main was found. It was covered by 42 feet of earth. The pipe had settled and snapped off.
