BANKERS OF ENEMY CAUGHT BY FRENCH AT CROOKED GAME

Trying To Market Seized Entente Securities.

SELL TO INNOCENT BUYERS

French Secret Service Exposes a Slick Scheme of the Germans.

Paris, Nov. 30.—Commissioner Faralicq of the French secret service has reported that a far-reaching organization of German banks to market abroad securities and coupons which disappeared from the invaded districts and cities of Northern France and Belgium has been disclosed by inquiries into the case of Geobran Rabbat, a Syrian banker, arrested at Geneva. Rabbat was charged with having in his possession a quantity of Russian, Serbian and French Government stock taken by Germans in occupied territory. He formerly was a banker in Paris. The French Government got track of Rabbat's operations through the sale for 20,000 francs of coupons of Russian bonds belonging to M. Aumignon, who buried them in a garden at Termes in the Ardennes before the arrival there of the gendarmes. Commissioner Faralicq reported that his inquiries had convinced him the organization is in direct relation with German banks.

The Swiss and French police already have seized in various places in both countries papers, the examination of which will requirea month. It is stated that coupons on securities valued at about 20,000,000 francs already have been cashed by unwitting buyers.

A Spaniard has been arrested on the Swiss frontier. In a double-bottomed trunk in his possession were, it is charged, Argentine and Spanish securities worth 317,000 francs.

SUBMARINE'S CREW GUILTY MURDERERS, DECLARE SURVIVORS

Deliberately Sent Marina's Men to Death.

CUT OFF ALL ESCAPE

Blew Ship Up as Lost 19 Were Lowering Fifth Boat in Its Davits.

NEW YORK, Nov. 29.—"Cold blooded murder and nothing else" is the way in which the 41 American survivors of the British steamship Marina who arrived at this port today, described the sinking of that vessel without warning by a German submarine off the coast of Ireland on October 28.

The men were sent here from Glasgow by the American embassy on the Anchor Line steamship Tuscania.

Jesse T. Hancock, a printer of Richmond, Va., who had acted as a foreman of horsemen on the Marina, said that the nineteen men who were drowned, including seven Americans, had not the slightest chance for their lives, since the submarine, after firing the first torpedo without any warning, rose to the surface when the nineteen were still struggling to lower the vessel's fifth boat in the davits, and deliberately fired a second torpedo. With this second shot the Marina blew up and sank like a rock, taking the nineteen men with her.

Hancock was emphatic in his charge that the killing of the nineteen men was "absolute murder."

"It was shortly after 3:45 p.m. on Saturday, October 28, when we were about 65 miles off shore that we were attacked," said Mr. Hancock. "The first warning we had was when the torpedo hit our ship, the explosion all but breaking her in two. Four boats were launched in eighteen minutes and it was while the fifth boat was being made ready that the second torpedo was fired. Its explosion killed the remaining men on the deck, nineteen in all, including six of us horsemen.

Offered No Assistance.

"The submarine was sighted by us shortly after the Marina went down. It came to the surface several hundred yards distant, but it did not offer us any assistance. We floated in our boats for eighteen hours, the weather being cold and with sleet and snow falling part of the time. We were first discovered by the lookout on a lighthouse, the name of which I do not know. The lighthouse sent out signals to the British patrol boats, which soon after appeared Part of us were picked up by the patrol boat Williams, the others by the British ship Wadsworth, and we were landed at Castleton and Crosshaven, Ireland, from which points we proceeded to Dublin.

Gunners Went Down.

"When we left Newport News on September 22, we had a cargo of horses and ammunition. The horses were landed at Avonmouth and the ammunition at Glasgow. We left Glasgow on the return trip to Baltimore on October 26. Before leaving Glasgow a gun was mounted on the stern and two gunners from a British war vessel were placed on board. Both gunners lost their lives, as they stayed by their post in hopes of getting a shot at the submarine."

CARRANZA COLUMNS MOVING TOWARDS BORDER

Presidio, Texas, Via United States Telephone to Marena, Texas, Nov. 30.—A persistent report was in circulation today here and in Ojinaga, across the river in Mexico, that two columns of Carranza troops from Chihuahua City were moving toward the border here, one being at Coyame and the other at Aldama.

CYCLISTS LEAVING FOR TORONTO ON MONDAY

Members of Corps Granted Week-End Passes.

The Detached Cycle Corps, which has been training in London since September, will leave for Toronto on Monday morning, according to orders issued to its members. They have been granted passes for the week-end in preparation for their departure.

It is not expected that the unit will remain long in Toronto, as only preliminary training can be taken in Canada.

The corps is in command of Lieut. J. W. McVean.

MANY TOWNS EAGER TO HEAR LECTURE ON GREAT BATTLES

Frederick Palmer, the noted war correspondent, will be greeted by a large audience when he appears tonight at the Masonic Hall. The advance sale of tickets has been large and as no seats are reserved the balance will in all probability be sold at the hall tonight.

Many requests for lecture dates await Mr. Palmer in London. The Advertiser has received requests to be put in touch with Mr. Palmer from Cobalt, Sault Ste. Marie and St. Thomas. Other mail bearing Mr. Palmer's name evidently contains further requests for his appearance. As his stay in Canada is brief, it is believed that he will be unable to accept many of the invitations.

Now Everyone Can Understand It All

Arrangements for Battalions Here Made Beautifully Clear.

In spite of a report from Ottawa a few days ago to the effect that arrangements were being made to fill up some of the battalions now in training in Canada with drafts from other units and send them overseas, no definite word has been received at local militia headquarters.

Some time ago it was intimated in Ottawa correspondence received at headquarters that the battalions might be sent overseas soon, or some might be split up and used to fill up others, or the men might be sent over in drafts until all were over. On the other hand, definite word was received that all battalions must be brought up to strength at once and that they would not be sent overseas at all until they were up to strength.

Taken all together, the evidence is considered to be so clear that no one should have any doubts as to what, exactly is to be done.

DOCTOR'S MEDICINE CASE FOUND AGAIN

Stolen From Car, and All But "Dope" Bottles Emptied.

The medicine case which was stolen from the car of an East London physician on Tuesday evening was recovered today, hidden behind the weigh scales at the corner of Rectory and Dundas streets.

All that remained in the case were two or three bottles containing drugs known as "dope." The other bottles had been emptied. It is believed children had emptied the tablets out for the purpose of securing the bottles only.

It is not thought, since the rain, that anything dangerous to children would remain on the street, as the poison would have dissolved before this time.

It was thought at first that a dope fiend had taken the case, but this theor yis not sustained, because of the fact that the "dope" remained untouched.

WOMEN VOLUNTEERS REQUEST MAYOR TO SECURE THEM WORK

Want Manufacturers To Release Men Physically Fit.

NEARLY 100 REGISTERED

Emergency Corps Favors Immediate Registration, Perhaps Conscription.

"Whereas, nearly one hundred of the young women of London and district, actuated by a desire to render national service in this hour of supreme crisis to the empire, have registered to serve as munitions workers in order to free a like number of young men for active military duty;

"And whereas, thus far none of our local munitions factories have provided for the employment of women,

"Therefore, be it resolved that the executive of the Women's Emergency Corps of No. 1 Military District urge upon the attention of his worship the mayor, and city council the immediate necessity of approaching the local manufacturers of munitions and urging upon them the patriotic importance of releasing physically fit men for enlistment to be replaced by this large body of women willing to serve."

Unanimously Passed.

The foregoing resolution was passed unanimously today at a meeting of the executive of the Women's Emergency Corps held in Cronyn Hall, and a copy is being forwarded at once to Mayor Stevenson.

Action was also taken in regard to the resolution submitted by the executive of the National Council of Women to the local council regarding conscription, and referred to the Women's Emergency Corps as an affiliated society.

The following resolution was drafted to be read as representing the mind of the Women's Emergency Corps' executive at a meeting of the local council tomorrow:

"The Women's Emergency Corps places itself on record as favoring immediate national registration, with conscription in the near future should necessity arise."

A report was submitted by Miss Porter of the tearoom committee, of which Mrs. E. B. Smith has been convener for the first month.

Three Weeks' Profits.

The encouraging statement was made that with patronage and donations the net proceeds for the first three weeks amount to in the neighborhood of $70, ten per cent of which goes to the Sir John Carling Chapter I. O. D. E., the members of the chapter looking after the serving.

It was decided to continue the tearoom for at least another month and Mrs. John Macpherson has kindly consented to act as convener for the month of December.

The corresponding secretary was instructed by the committee to forward a letter of deep appreciation to Newton W. Rowell, K.C., M.P.P., for his time and service in coming from Toronto at his own expense to address a mass meeting under the auspices of the corps on November 16.

It was decided to forward a message of sympathy in her illness to Mrs. Robert Muir Burns, convener of the advertising committee.

Another Parallel Edith Cavell Case Brought to Light

NEW YORK, Nov. 30.—The Sun this morning publishes the following:

Paris, Nov. 29.—When the details of the shooting of Mme. Heloise Moresse become known the world will find the case is a parallel to that of Miss Edith Cavell, according to Vie Feminine, which today reports the death of the patriotic Frenchwoman executed in Brussels.

Mme. Moresse was the wife of a Belgian journalist. When the war began she remained with her husband. Her relatives last heard directly from her in January, 1915, but recently a merchant in Amsterdam wrote to them, saying that she died "tragically" February 29, 1916, "the victim of her ardent patriotism." Confirmation has been obtained of the report that she was shot by the Germans, but no details have been ascertained. Mme. Moresse was 40 years old and a nurse at the Tuck Hospital, which was founded by Edward Tuck, a former New York banker.

SETTLED OUT OF COURT.

ST. THOMAS, Nov. 29.—The suit for damages recently entered at London against the London and Port Stanley Railway by Mrs. John A. Ballantyne, this city, for injuries sustained last August, when the taxi-cab in which she was riding was run down at the Talbot street crossing by an L. and P. S. car, has been settled out of court.

TORONTO STOCK EXCHANGE.

Toronto, Nov. 30.—The local stock market was quiet today, the only considerable dealing being in Steel of Canada, which advanced from 79 at the oopening to 81 at the close, with sales of 1,025 shares. There was some trading in Smelters, Mackay, Quebec Light and Power, Steamships, Maple Leaf and Brazilian. Maple Leaf scored 1½ advance. Brazilian sold at 45⅝. Quotations:

OATS DROP IN PRICE WITH SUPPLIES FROM OUTSIDE

Hay was the principal offering on the local market today. The price was steady at $12 to $14.50 a ton. Straw was firm at $9.50 to $10 a ton, baled straw selling for $10.50 a ton. Oats dropped from 5c to 8c a cwt., selling for $2.12 to $2.25 a cwt. The drop was attributable to the fact that buyers here are obtaining supplies from outside points. Wheat was fairly steady, although most of the new wheat brought only $1.70 a bushel. Old wheat sold for $1.60 a bushel.

Potatoes were steady at $2.25 to $2.40 a bag, and dry onions were unchanged at $2.25 to $2.50 a bushel. Cabbages were sold for 60c to $1.50 a dozen. Carrots were fairly plentiful at 90c to $1 a bushel, and parsnips at $1 to $1.10 a bushel. Turnips brought 50c to 60c a bushel.

Apples found a good market at 80c to $1.25 a bushel, and crabapples at $1 a bushel. Pears were still for sale at $1 to $1.25 a bushel.

Dairy prices were steady and inclined to be firmer. Creamery butter sold retail for 48c to 50c a pound, and dairy butter in rolls for 46c to 48c a pound. Dairy butter, in crocks, brought 45c a pound. Poultry was firmer. Dressed chickens brought $1.40 to $1.70 a pair, and ducks 75c to $1.25. Turkeys sold for 26c a pound.

Hogs, alive, were firmer at $10.35 a cwt. Fat sows sold for $7.25 a cwt. Dressed hogs brought $13.50 to $14 a cwt. Hides and wool were unchanged.

GRAIN.

Winnipeg, Nov. 29.—Wheat closed 2⅝c higher for November, ⅜c up for December and 2⅞c higher for May. Oats closed unchanged for December, and 1¼c up for May. Barley was unchanged to 2c lower. Flax gained 3c in November, 2¼c in December, and 4c for May.

The feature of the closing was the strength of May wheat which cut down the 3¾c spread between the two months yesterday. Trade was fairly steady after the opening. Good buying by commission houses and export connections provided strength to the market sentimentally weak. News was mixed trading a little curtailed by reason of the American holiday on Thursday. The cash market was unchanged with No. 1 northern at ¼c over November.

Liverpool, Nov. 30.—Wheat—Spot was strong; No. 1 Manitoba, old, 17s 1d; No. 3, new, 15s 6½d; No. 1 northern (Duluth), 16s 9d.

SHARP COTTON RALLY WEAKENING AT CLOSE

[Reported by Thomson & McKinnon.]

New York, Nov. 29.—There was a decidedly better tone in the cotton market today. After opening about unchanged, gradually improved with reports from New York of a better class of buying. Spot interests as well as outsiders were active on the buying side. Owing to the increase in the ranks of the bearish element and frequent pressure from that source the market at times assumes the appearance of a two-sided affair, and it is the opinion of some good judges that much of a scalping attitude should be taken by traders, but in view of the underlying strength of the general situation, it would seem to us that purchases on declines are still to be favored. Realizing prior to a holiday caused an easier close.

Futures ranged as follows:

LONDON STOCK EXCHANGE.

London, Nov. 30.—The supply of money was increased today by the release of the war loan dividend. Discount rates were quiet.

The stock market shows few signs of expanding, pending the outcome of operations in Rumania. Gilt-edged securities were inclined to droop today, but the Government's decision to assume control of the South Wales coal mines had no effect on home securities. Argentine rails were firmer on better crop news, and shipping shares continued in good demand, despite recent losses by sinking. American securities were neglected, owing to the holiday.

TWENTY-THREE DAYS ON WATERLOGGED VESSEL

Crew of a British Schooner Rescued in Mid-Ocean.

[Canadian Press.]

New York, Nov. 30.—The story of the rescue in mid-ocean of the captain and five men of a British schooner after they had suffered twenty-three days of hardships on their water-logged vessel was told by the officers of the rescue ship, the American oil tanker Gold Shell, which reached this port today. Her arrival here marked the end of a six months' voyage, during which she struck a mine in the war zone and was nearly sunk.

The shipwrecked vessel was the schooner Arthur H. Wight of St. Johns, Nfld., Capt. Diamond, bound from Alicante, Spain, to her home port with salt.

According to Capt. Hayes of the Gold Shell, his lookout sighted distress signals on a low-lying hulk in latitude 42.27 and longitude 56.28 on the morning of November 28. Although a heavy sea was running, a boat was sent over the side of the distressed vessel.

The rescuers found the schooner waterlogged, the bulwarks, deckhouses and lifeboats swept away, and the sails and upper spars gone. In the shelter of the mainmast, the captain and crew were huddled, exhausted. The rescuers set fire to the schooner to prevent her from being a menace to navigation.

Capt. Diamond said his vessel left Alicante early in September. After being buffeted by head winds for weeks, he ran into a northwest gale on November 5. From that time on the crew fought hunger, thirst and the elements.

They had given themselves up for lost when the tanker arrived.

WALKERTON, Nov. 29. — The ladies of the I. O. D. E. held a shower at the town hall yesterday of jam and jellies to be forwarded to the hospitals in Toronto for convalescent soldiers. About 250 jars, most of quarts and half-gallons, are being packed for prompt shipment.

Beware of Giants! They are coming to town!
