Cobalt Fire Victims Are Made as Comfortable as Possible

Authorities Report That No More Supplies Will Be Needed For the Homeless With Exception of Mattresses—Nipissing Company Has Forbidden Rebuilding in Fire Area—Tents Springing Up.

Cobalt, July 5.—The town was crowded yesterday with sightseers from the three other cities of the district, crowding into the silver hub to view the fire ruins.

A few days ago all over the ruins and enterprising Syrians would have already started building on a more pretentious scale if the Nipissing Company had not forbidden it until the ground has been properly laid out. Lots will be surveyed to get a proper alignment of the streets and town will probably impose building restrictions which will prevent further construction of the matchbox order.

The street through the Nipissing property will be widened by ten feet. The Nipissing were never desirous of allowing a town to grow up on their land, but they could not prevent the natural trend of growth towards the north. Now it is probable they will take advantage of the opportunity and do a considerable amount of exploration work, and in any case building will be delayed for some time.

Hundreds are going out of town and there is a land boom at North Cobalt and all places within a reasonable distance of Cobalt.

In the meantime the homeless people are sleeping in tents which have been laid out in military lines by Capt. Leckie and Major Holland.

The only lack is of experienced workers to raise the tents, as support from Toronto and the Militia Department are ample.

No more food is needed or supplies with the exception of mattresses. The city is now feeding and housing about 1,500 people in the tented city and the various public buildings of the town.

There is a good humor and resignation everywhere and the people have shown astonishing self-reliance.

The total loss is placed at \$300,000, with about \$40,000 insured.

Subscriptions to the relief funds include \$1,000 from Coleman Township, \$250 from the Salvation Army, Toronto; \$250 from the Nipissing Central Railway, Geo. McKay, P. J. Finlay, \$100, and many other subscriptions from \$1 to \$25.

Bush fires on both sides of the Montreal river on Thursday afternoon destroyed four hundred houses and the city of Montreal. The fire started at Elk Lake. No insurance. Estimated loss \$3,000. The principal losers are Alex. Pessault, G. Phelps and W. Wilson.

ARMED BANDIT HIDES

Officers Trail Train Robber to His Lair in B.C.

One Outlaw and One Constable Are Shot in Pursuit of Men Who Held Up C. P. R. Passenger Train at Ducks—Second Man Escapes and Is Now Lurking in Red Gulch Mine Workings.

Ashcroft, B.C., June 29.—One of the bandits who a week ago held up the C.P.R. train near Kamloops, was shot and killed Monday night by a policeman, Ike Decker, who, in turn was murdered by another of the bandits.

The shooting occurred at Ashcroft, Decker having ordered two men in a boat to land. They did so, remarking, "We're here, now arrest us." Decker and one bandit fired almost together, the latter being killed. Bandit No. 2, at once emptied a shotgun into Decker's head.

The remaining bandit fled, but was tracked to Red Gulch, six miles east of Ashcroft, where he is now hiding in a mining tunnel. The dead robber was identified as a man who ordered the C.P.R. engineer to stop his train at Ducks over a week ago and burst the express car open under the mistaken idea that it was loaded with silver bullion.

Decker had been advised that three men, belonging to the Ducks hold-up gang, had passed Penny's station, going down the river in a rowboat. When the boat reached Ashcroft there were only two men aboard. Covering them with his rifle Decker ordered them to pull into shore, and the bandits obeyed. As the bow grated on the shore, the foremost man stepped ashore carrying a light overcoat. Suddenly he drew a revolver from under his coat and fired. The constable's Winchester rang out at the same instant, and both men fell. The remaining robber, leaping over the prostrate bodies, dashed away. Villagers along the river watched the occurrence, but were unable to arrest the fugitive.

The country was aroused at once, and posses set out from Ashcroft, Savona and Kamloops. Detective Draper of Spokane went along in charge of bloodhounds, and sent back yesterday morning from Red Gulch to Ashcroft for assistance. The murdered constable was well-known in Ashcroft, where he had been a resident for twenty years. He was married and leaves a family.

Mr. Bastedo, general superintendent of the western line division of the C.P.R., said yesterday that he was not prepared to state why Decker had attempted to effect the capture single-handed, probably he had thought upon the entire reward himself. A bag of dynamite was found in the boat.

Ovation to Fournier. Montreal, June 30.—A monster demonstration is being arranged in honor of Jules Fournier, editor of Le Nationaliste, who was imprisoned at Quebec for contempt of court. Fournier passed through Montreal yesterday released on habeas corpus, on the way to Coteau du Lac, where he lives. He will return to-day and will be celebrated by monster demonstrations at the station and conducted to St. James Market, where Bourassa, Lavigne and several others will speak at an open air meeting.

Prominent Montreal Man Killed. Montreal, June 30.—W. C. McIntyre of the wholesale dry goods firm, director of the Melsons Bank and the Windsor Hotel was killed while driving into the city, accompanied by W. S. Weldon, manager of the Windsor, and Percy Cowans, stock broker. The automobile, driven by McIntyre, was on the front seat, was thrown forward on his head, dying almost instantly. Cowans had two ribs broken, while Weldon escaped with a few scratches.

Serious Freight Accident. North Bay, June 30.—Yesterday afternoon, 56 miles west of North Bay, a fast C.P.R. freight east bound left the rails and piled up at the bottom of a ten-foot embankment.

Five hundred yards of track are torn up and twenty-five cars loaded with nickel, mail, butter, meat and miscellaneous freight were piled up, five cars being completely destroyed. Train hands escaped without injury. Two eastbound express trains are stalled.

Murdered by Indians. Vancouver, B.C., June 30.—To-day the body of a white man was found floating in the Skeena River. There were two bullet wounds on the body and the man's face was fearfully slashed.

According to a despatch from Clearwater, the man was a new settler, who had a quarrel with the Indians on Klamath Kalam. The redmen have been deaf for several weeks.

John Moffat continued to act in the dual position of chairman of the Board of Works and the paid agent of the Westman's Paving Co., with which this city has been doing considerable business, Ald. G. A. Ward presented a resolution in council calling for Moffat's resignation. The resolution was voted down.

Brandenburg Acquitted. New York, June 30.—Broughton Brandenburg was acquitted yesterday on the charge of grand larceny, growing out of the sale to The New York Times of an article purporting to have been signed by Grover Cleveland.
