to discuss the question and would give no direct answer."

Washington. May 22.—According to Mrs. John W. Stevens, her husband has not been offered the presidency of the Northern Pacific rallway by J. J. Hill or anybody else. She stated tonight that the report that Mr. Stevens was to become the head of that rallway system originated in Wall street. Mrs. Stevens says that Mr. Stevens now has three offers under consideration, but none of them has any relation to the presidency of the Northern Pacific.

## How Champagne

CONCLUSION

Is Made

The dosage is the last process in the preparation of French Champagne and depends upon the market for which the wine is intended. France, Germany and in fact most of the Continent preferring not as dry champagne as Great Britain and the United States, which demand wines of extraordinary dryness. The fact that Americans are always willing to pay for the ways willing to pay for the best is one reason why the house of G. H. Mumm & Co. exports its choicest products

Some brands produce heavy wines by the addition of al-cohol, but G. H. Mumm & Co. cohol, but G. H. Munm & Co. have always aimed to furnish a pure champagne and of the very best quality, the Extra Dry being of its type unexcelled, while the Selected Brut is pronounced by connolsseurs the finest brut champagne imported into the United States, all cuves being made of vintage wines.

### G.H.MUMM & CO Extra Dry and Selec ed Brut The Wines by which other, Champagnes are judged.

### PREMIER ESTABLISHES IMPORTANT PRECEDENT

Demonstrates Accessibility of the Home Government to an Individual Provincel

The news that Hon. Richard Mc-Bride, premier of British Columbia, has been successful in presenting the case of this province for special financial consideration at the hands of the Federal government, before the Imperial authorities, is received with extreme gratification in all quarters. It appears to be the general feeling that, having accomplished what the It appears to be the general feeling that, having accomplished what the opponents of the present administration insisted was impossible, namely, the obtaining of a hearing by the British government, a more satisfactory basis of settlement than that proposed by those in power at Ottawa may be reached. This, thas been stated previously, was the granting of \$100,000 for ten years, Even II the Gemands of British Columbia, or, rather the

of British Columbia, or rather the proposition which may be submitted by the representative of this section of the West, be not accepted confidence is expressed that the officials of the Colonial office will recognize the justice of the claim of this province for more substantial consideration. Should this be the outcome of the conferences reported to be in progress it is thought that some understanding satisfactory to all parties concerned will be attained.

Whatever the result of Premier McBride's mission the consensus of opin-Whatever the result of Premier Mc-Bride's mission the consensus of opinlon is that already he has achieved a
triumph. He has carried British Columbia's case for Better Terms, literally, to the "foot of the Throne." This,
it is stated, marks an epoch in Canadian history. Pioneer residents will
remember the trip made by Judge,
Walkem to the Old Country for the
purpose of interviewing the Imperial
authorities relative to the terms upon
which this province entered confederation. On that occasion he obtaineration. On that occasion he obtained a hearing. But it is explained that the circumstances of his mission were not at all similar to those of the pre-sent plea for more adequate financial onsideration. Then this province had just entered Confederation; in fact the business of Judge Walkem with the Imperial government might be

Columbia into the Canadian confederation.

Premier McBride left here practically with no credentials other than those provided by the provincial government. He went in behalf of the province. That he has succeeded in tobtaining official recognition is accepted as one important point gained by British Columbia.

NORTHERN PACIFIC PRESIDENCY
Rumor that John W. Stevens Has Been Offered Position

St. Paul, Minn., May 22.—The Despatch today says: "The report that John W. Stevens is to come to this city again as president of the Northern Pacific railroad is persistent. Today a telegram was received from Washington which said that the presidency of the Northern Pacific had been offered to Mr. Stevens by J. Hill himself. Although Mr. Hill denies any knowledge of this, he refused to discuss the question and would give no direct answer."

Washington, May 22.—According to Mrs. John W. Stevens, her husband has not been offered the Dreisdency of the Northern Pacific railway by J. J. Hill or anybody else. She stated tonight that the report that Mr. Stevens was to bectome the head of that railway system originated in Wall street. Mrs. Stevens was to become the head of that railway system originated in Wall street. Mrs. Stevens was to become the head of that railway system originated in Wall street. It was written and the premier was well received. The premier was well received. The premier the premier was well received. The premier was well received. The premier was well received. The premier was wel

tents of a communication received by tacting Premier Tatlow. It was written by Hon. Mr. McBride about a fortnight ago and states that he has been cordially welcomed and tendered every possible courtesy by the officials of the Colonial office. He has had interviews with Lord Elgin, Winston Churchill and Sir Francis Hopgood on which occasions British Columbia's claim for better terms has been outlined. In addition he has discussed the situation very fully with Sir Wilfrid Laurier, premier of the Dominion of Canada.

A shipment of California cherries arrived in Victoria yesterday afternoon and have been placed on the local market. They are being sold by the retail dealers at the prices quoted below. The first crate of island grown strawberries to be brought to the city by any grower in the neighboring district has been placed in the hands of a local wholesaler. There has not yet been enough fruit to permit it being put up for sale. The fact that the first lot has arrived is accepted, however, as an indication that it will not now be long before the local strawberries have ripened. There are no noteworthy changes in the market valuation of current commodities.

Appended are the complete retail quotations
