Use printed stationery. It is much nicer than the common bare looking sheet. We will give you nicely printed letter heads, note heads and envelopes at lowest prices.

GOVERNMENT CREAMERIES.
The Province Controls the Majority of Them in Alberta.
Edmonton, Nov. 28.—The Alberta Government has now secured the control of the manufacture and sale of butter in over half of Alberta. They refuse to sell this butter to consumers, and will only sell it to retailers who order a regular supply all the year around. This rule is adhered to in spite of the fact that a supply of butter cannot be produced in the Province sufficient for home consumption. A large portion of the butter sold by the Government is shipped out of the Province to points in British Columbia, Yukon Territory and even to China and Japan. There are 20 or 22 creameries in operation in the Province. The creameries under Government control do not interfere at all with the others, it is stated, their idea, not being to compete with other creameries in order to lower the price, but to provide creameries where there were none established. Only expert men are employed as butter makers in the Government-owned creameries so that a good quality of butter is invariably insured.

A Well Earned Trophy.
The International Live Stock Exposition of Chicago is one of the greatest institutions of its kind in the world. It ought to be so, for it has its place in a great and wealthy city, in an intensely agricultural State, and in the very heart of the live stock industry of the west. For its prizes there is the keenest competition between places and institutions both at home and abroad, and among the latter are the agricultural colleges maintained by the neighboring States.
The contest that excites the keenest interest each year is the team competition in live stock judging. The student teams this year were from the State colleges of Indiana, South Dakota, Kansas, Texas, Ohio, Iowa, and Missouri, against all of which was pitted the team from the Ontario Agricultural College. This trophy put up as the prize was won last year and the year before by the Ontario team, and last week they won it again. Under the conditions of the competition it now becomes the property of the Agricultural College, where it will have a permanent home.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
F. J. CHENEY & CO., Toledo, O.
Sold by druggists, 75c.
Take Hall's Family Pills for constipation.

King and Queen of Portugal.
The king and queen of Portugal have their birthday on the same day. King Carlos is an all round sportsman and has lately taken a great interest in yachting. He is also an artist and has won several medals and diplomas for his pictures, which are always exhibited anonymously. Queen Amelia has made a study of medicine and devotes much of her time to improving the state of the Lisbon hospitals. She shares her husband's devotion to sport—swimming, fencing, riding and driving, being among her accomplishments.

CURES ECZEMA!
Dr. Agnew's Ointment can count its cured patients by the thousands.
But in no one skin disease has it so many almost marvellous cures as in cases of Eczema—this tenacious skin disorder which has baffled many a physician in seeking after a cure. For application puts out the fire, takes away the itching, stinging sensation, and after a few applications the eruptions begin to dry up, diminish, and eventually disappear entirely. The beauty of the treatment is, it leaves no scar or trace of the trouble—but a skin as soft as baby's. Cures piles in four to six nights. 10 cents.
Use Dr. Agnew's Pills, 10 cents.

Onion Remedies.
The experience of those who have tried the onion cure is that it works wonders in restoring a cold-racked system to its normal state.
An onion cure breakfast includes a poached egg on toast, three tablespoonfuls of fried onions and a cup of coffee. Luncheon of sandwiches made of brown bread, buttered and filled with finely-chopped raw onions, seasoned with salt and pepper, makes the second meal on the schedule. For supper the onions may be fried in a breakfast and eaten with a chop and baked potatoes.
The efficacy of onions is well known to the singers of Italy and Spain, who eat them every day to improve the quality of their voices and keep them smooth.
Onion plasters are prescribed to break up hard coughs. They are made of fried onions placed between two pieces of old muslin. The plaster is kept quite hot until the patient is snugly in bed, when it is placed on the chest, to stay over night.
Onion syrup is claimed by some to be unequalled as a cure for a bad cold in chest.

ITCH. Mange, Psoriasis, Scabies, Barber's Itch and every form of contagious Itch on human or animal cured in thirty minutes by **Wolford's Sanitary Lotion.** It never fails.

Keep It In The House
Coughs and colds develop like wild-fire. At night there may be a sneeze—a slight tickling in the throat. Next morning—a bad cold. At the first signs, take
Bole's Preparation of Friar's Cough Balsam
It breaks up colds—stops the cough—heals the throat and lungs, never fails to cure chronic bronchitis. Largest and best 25 cent cough remedy in the world. Used in Canada for over 100 years. Prepared, recommended and guaranteed by
NATIONAL DRUG & CHEMICAL CO., LIMITED LONDON, ONT.

BY-LAW NO. 13, 1907, OF TOWNSHIP OF WARWICK.

A By-law to provide for drainage work in the Township of Warwick, in the County of Lambton, and for borrowing on the credit of the municipality the sum of \$252.30 for completing the same. Provisionally adopted the 11th day of Nov. 1907.

Whereas Thomas Brush, a party to be benefited by the drainage work has petitioned the Council of the said Township of Warwick, to have the Six Side Road Drain extended to a proper outlet.

And whereas thereupon the said Council has procured an examination (under Section 76 of the Municipal Drainage Act), to be made by C. A. Jones, being a person competent for such purpose, of the said area proposed to be drained and the means suggested for the drainage thereof and of other lands and roads liable to assessment under the Municipal Drainage Act, and has also procured plans, specifications and estimates of the drainage work to be made by the said C. A. Jones, and an assessment to be made by him of the lands to be benefited by such drainage work, and of lands and roads liable for contribution thereto, stating as nearly as he can the proportion of benefit, outlet liability, and injurious liability which in his opinion will be derived or incurred in consequence of such drainage work by every road and lot or portion of lot, the said assessment so made being the assessment hereinafter by this bylaw enacted to be assessed and levied upon the roads and lots or parts of lots hereinafter in that behalf especially set forth and described, and the report of the said C. A. Jones in respect thereof and of the said drainage work being as follows:

Petroleum, Sept. 4th, 1907.
GENTLEMEN:—In accordance with instructions received from your Honorable Body I have made a survey for the extension of the 67 side road drain, con. 1, S.E.R., of your Township, to a more efficient outlet.
The present termination of work on this drain is on the 7th lot 7, con. 1, S.E.R., about 24 rods east of the 67 side road and I am now proposing to extend it across lot 7, crossing the Blind Line, between con. 1 and 2, 16 rods west of the line between lots 7 and 8, then continuing easterly along the southerly side of said Blind Line 32 rods, then southerly about 2 1/2 rods where it empties into a drain of considerable size, con. 1, S.E.R., all as shown more particularly by red line on the accompanying plan of the locality.
I am starting the upper end of the proposed work at st. 65 on the former survey of Sept., 1904, as the lower portion of the previous work has filled up considerably owing to the rapid fall in the drain above. This st. 65 is about 5 1/2 rods above the point where the drain leaves the side road, and enters lot 7, and I have made the numbers on the stakes of this work continuous from those on the former work. St. 88 is where it crosses the line between the E and W halves of lot 7, 109 2 1/2 is where it crosses the Blind Line, and st. 112 is at the outlet into the drain above referred to.
The bottom width of the drain will be 3 ft. and the side slopes 1 horizontal to 1 vertical.
The average depth across lot 7 will be about 2 ft., and along the Blind Line about 2 ft. 3 in.

I have prepared a plan and profile of the work, specification, estimate of cost and schedule of assessment, all of which I herewith submit.
ESTIMATE OF COST.
Excavating at 68 to 88, 80 rods at 90c per rod. \$72.00
" at 88 to 103, 60 rods at \$1.15 " 69.00

November the 11th, 1907.

Learn Dress-Making By Mail
in your spare time at home, or
TAKE A PERSONAL COURSE AT SCHOOL.
To enable all to learn we teach on cash or installment plan. We also teach a personal class at school once a month. Class commencing last Tuesday of each month. These lessons teaches how to cut, fit and put together any garment from the plainest shirt waist suit, to the most elaborate dress. The whole family can learn from one course. We have taught over seven thousand dress-making, and guarantee to give one hundred dollars to any one that cannot learn between the age of 14 and 40. You cannot learn dress-making as thorough as this course teaches if you work in shops for years. Beware of imitations as we employ no one outside the school. This is the only experienced Dress Cutting School in Canada and excelled by none in any other country. Write at once for particulars, as we have cut our rate one-third for a short time.
Address:—
SANDERS' DRESS-CUTTING SCHOOL,
31 Erie St., Stratford, Ont., Canada.
WANTED AT ONCE.—We have decided to instruct and employ a number of smart young ladies to teach our course in Dressmaking, having one teacher for the six nearest towns where they live—age 20 to 35. Those who have worked at dressmaking preferred. Please do not apply unless you can devote your whole time. Address—
THE SCHOOL.
