EDITORIAL NOTES.

The Railway Statistics for last year which
were laid on the table of Parliament last
week contain a great deal of interesting
information. Out of the total mileage of the
Dominion (14,588 miles) 8,690 miles are in
the hands of the Canadian Pacific Railway
and the Grand Trunk Railway. The total
earnings of all roads amounted to \$51,685,-
000 and the net earnings were \$15,000,000.
There were 13,533,000 passengers and 22,-
000,000 tons of freight carried during the
year and fourteen passengers killed. The
net earnings of the Canadian Pacific were
\$8,347,000 and of the Grand Trunk \$4,971,-
000. The Grand Trunk leads in passengers
carried with 5,900,000, the Canadian Pacific
having carried 3,150,000. The total number
killed was 233, 96 of these being on the
Canada Pacific and 93 on the Grand Trunk.
The total number injured on roads was
879. The total aid from all sources granted
to all railroads in Canada was \$195,000,000.

An organized effort to add class prejudice
to all the sectional influences that are now
responsible for the misgovernment of Cana-
da is not calculated to fill this nation's long
felt want.

Agricultural and industrial clans that
have been gathering in the city for the past
week would be surprised to learn how little
they stand to gain by grabbing two or three
dozen places in Parliament and three or four
portfolios.

Putting men in Parliament because of
sectarian and sectional considerations is a
folly that is the root of this nation's few
misfortunes.

As it is now, Parliament is almost, and
the Cabinet is wholly, inaccessible to the
plain, every day Canadian without trim-
mings.

Catholics and Protestants, eastern men
and western men, all try candidates for
Parliament by separate standards. If an
agricultural and industrial test is to be ad-
ded to the difficulties of the gauntlet, no
Canadian who has but the strength of his
Canadian citizenship to recommend him
need apply.

Canada could afford to ignore sectarian,
sectional and class prejudices or preferences
and consider only whether a man is faithful
to the country and honest in public act as
in private word.

No Parliament and no Government can
be truly national so long as men have to
supplement their citizenship, or rather, offer
a substitute for their citizenship, member-
ship in this church, that lodge, or their iden-
tification with any class whatever.—Tele-
gram.

Lambton Spring Assizes.

The Spring Assizes for this County opened
at Sarnia last Monday at 1:30 p. m., Mr.
Justice Street presiding. Colin Macdougall,
Q. C. of St. Thomas has charge of the Crown
business. His Lordship's charge to the
Grand Jury was brief, explanatory of the
duties likely to come before them. There
were two criminal cases on the Sheriff's
calendar—a charge of murder against an
Indian of Walpole Island, and a charge of
accepting a bribe by a municipal councillor
—Sarnia's celebrated Weelands case.

The civil docket—Jury List—consisted of
Walker v. Hamilton Provident and Loan
Society, illegal seizure of goods; James v.
McVicar, malicious arrest; Stephens v.
Stephens, action for ejectment; Fisher v.
Corsetine, malicious arrest; Pichler v.
Kaupp, breach of promise of marriage; Mac-
kenzie v. N. W. T. Co., damage for mixing
grain.

Non-jury list: Cannon v. McDonald,
action to set aside a sale of goods by an
insolvent debtor; James v. Shand, partition
on sale of real estate; Sanson v. Woodward,
ejectment.

The action of Walker v. Hamilton Provi-
dient and Loan Society has been postponed
owing to the illness of Mr. Gillard of Wal-
pole Island. James v. McVicar and Fisher v.
Corsetine, actions for malicious prosecu-
tions, both resulting in a non suit. Weir,
Petrols, for plaintiffs; Lister, Q. C. for
defendants. In Stephens v. Stephens, an
action of ejectment, judgment was given for
plaintiff, defendant not appearing. In
James et al. v. Shand the case was settled
out of court. Pichler v. Kaupp was post-
poned until next assizes, owing to defend-
ant's illness, a medical certificate to that
effect from his family physician being read.

On Tuesday the grand jury rendered a
true bill against Angus Nahdee and Thomas
Nahdee for manslaughter. They are charged
with killing Frank Roy at Walpole Island
on January 22 last. No bill was returned
against Peter Thomas and William Peters
for the same offence. The prisoners were
allowed out on bail and the trial postponed
to next assizes. A true bill was found
against William A. Weelands for accepting
a bribe on June 29, 1891, while a member of
the municipal council of Sarnia, in connec-
tion with a contract with the Bell Telephone
company. The defendants did not appear
and a bench warrant was issued. Mackenzie
v. the Northwest Transportation company.
—The plaintiff, F. B. Mackenzie of Brandon,
shipped 9,000 bushels of grain, graded No. 2
Manitoba hard, over the defendants' lines
from Duluth to Point Edward, but, the
elevator at the latter place being full, it was
unloaded at the Port Huron elevator. The
plaintiff claims he made a contract for a
through rate to points in Ontario, that his
grain was mixed with inferior grain at Port
Huron, and that it was afterwards sold at
the board of trade, Toronto, as No. 2 regu-
lar, rejected, and realized 63 1/2c, making a
loss of about 37c a bushel, or \$400 damages.
The defendants deny any liability at all;
that if mixed at all it was at Duluth, that
the contract was not for a through rate.
The case was argued and judgment reserved.
The court closed Wednesday.

FORTUNE & MOORE'S pony express and
delivery wagon made its first trip on Wed-
nesday. The horse did not like the new
vehicle, and proceeded to distribute the rig
along the street. George Harrower, the
lad who was driving, was thrown out and
had his knees and hand badly bruised.

Canada's Big Cheese.

Prof. Robertson, dairy commissioner, has
arranged for the transportation of Canada's
mammoth cheese to the World's Fair, in a
poster which the Department of Agricul-
ture got out Monday some interesting par-
ticulars about the cheese are given. It is
stated that 207,200 pounds of milk was
used in making it, this quantity being equal
to the milk for one day in September of
10,000 cows. The cheese weighs 22,000
pounds. It is encased in a mould or hoop
of steel boiler plate, 5-16 of an inch thick,
and a pressure of more than 200 tons was
applied to make it perfectly solid. It mea-
sures 28 feet in circumference by six feet in
height. Eleven tons of first-class cheese,
solid to the centre, are not seen every day.
The cheese was made by M. Riddick of the
Dominion Experimental Farm near Perth.
Accompanying it is a carload of 180 cheese
aggregating 40,000 lbs., including 6 cheese
of 1000 lbs. each, which will form, with the
big one as the base, an enormous pyramid
25 feet from base to apex.

A special truck has been made for it, on
which it will at the close of the World's
Fair be exhibited throughout England and
Scotland by an enterprising London grocery
firm, who have bought the entire exhibit
and will use it for advertising purposes.

Berlin has a very stringent dog by-law.
By its provisions all dogs must be tied up
on April 1st and not permitted to run at
large until Sept. 1st. Any one allowing his
canine to run about is liable to have him
destroyed by the town authorities.

EAST BUFFALO.
East Buffalo, N. Y., April 19.—Cattle—
Nothing doing.

Sheep and lambs—Four thousand on sale,
mostly wool lambs; overstocked and had
eastern advices made a draggy market. All
classes of lambs were generally 10c to 15c
lower, and full strong 15c on anything be-
low the present lots. The best wool lambs
sold at \$7, with good to choice lots at \$6.60
to \$6.75; fair clipped lambs sold at \$5.50 to
\$5.60, and best at \$5.90; sheep were nearly
steady in price; good to best wool sheep
sold at \$6 generally; a few choice at \$6.10,
with fair to good lots of sheep at \$5 to \$5.60,
fair to best clipped sheep, \$4.75 to \$5.

Hogs—The market was excited and very
irregular on prices to-day. The early
receipts were only six cars, two of which
were Canada stock and generally York
weights. Order buyers had in several
orders for hogs, and the few early sales at
were 15c to 25c stronger in price than yes-
terday, while later sales were 15c to 25c
stronger for the same weights, while every-
thing except it was too rough, or a very
poor hog went in with the loads, whereas
yesterday the pigs and roughs were stored
out; Yorkers sold early at \$7.50 to \$7.75,
and the last deck at more; not of as good
quality as sold at \$7 yesterday; sorted sold
straight to-day at \$7.65; sales on Canada
hogs were sold at \$7.40, weighing 180 lbs.,
while later \$7.50 was paid for 205 lbs.

WARWICK.

The funeral service of the late Miss Clara
Smith took place at Warwick on Friday.
Rev. C. C. Conzons conducted the ser-
vice.

The Maple Grove cheese factory has been
re-painted, calcimined and brightened up
generally, adding greatly to its appearance.
It is expected that a very large business
will be done this season.

Mr. Joseph Henderson, who attended the
Guelph Dairy School this winter, has re-
ceived word from Professor Dean that he
was successful at the recent examination,
and in due time will receive his diploma.

Master Eddie Barnes, London, son of
Inspector Barnes, spent last Saturday with
his uncle, Mr. S. D. Barnes.

Messrs. Joseph Crone and T. Fuller at-
tended the assizes this week in Sarnia as
urors.

Richard Browne, Esq., has disposed of
his farm, stock, and entire outfit on the 4th
line, to J. T. Fuller, of Watford. Mr.
Browne found rural life very tame, and will
leave shortly for Ireland, where he has ex-
pectations of coming in for another snug
legacy.

The smoke stack of Lawrence's mill at
Kingscourt was blown down by the gale on
Wednesday night.
