

**Genuine Aspirin**  
**Proved Safe**  
 Take without Fear as Told  
 In "Bayer" Package

Does not affect the Heart

Unless you see the "Bayer Cross" package or on tablets you are not getting the genuine Bayer Tablets of aspirin proved safe by millions and prescribed by physicians over twenty years for

Colds Headache  
 Neuritis Lumbago  
 Toothache Rheumatism  
 Neuralgia Pain, Pain

Each unbroken "Bayer" package contains proven directions. Handy boxes of twelve tablets each a few cents. Druggists also sell bottles of and 100.

**WRIGLEYS**  
**AFTER EVERY MEAL**

Probably one reason for the popularity of WRIGLEYS is that it lasts so long and returns such great dividends for so small an outlay. It keeps teeth clean, breath sweet, appetite keen, digestion good. Fresh and full-flavored always in its wax-wrapped package.

**THE FLAVOR LASTS**

WRIGLEY'S MINTS  
 SUGAR COATED GUM  
 100% SUGAR

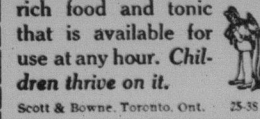

**CANADIAN APPLES FOR THE OLD COUNTRY**

The crop of Canadian apples this year is better than ever, and what could be a more delightful remembrance from this side to our friends across the seas than a box of hand-picked and hand-packed Canadian apples. Your grocer can fill such an order and the Canadian National Express will transport and deliver, by quick service, to any station in Great Britain or Ireland, from Montreal or Quebec up to November 15th, and from St. John, N. B., and Halifax thereafter, at the rate of \$3.00 per standard box of apples not exceeding one cubic foot eight inches in measurement or fifty pounds in weight. Rate includes refrigeration on steamships. Consult any Canadian National Express Agent as to further particulars.

**MEDICAL SCIENCE**

acknowledges that cod-liver oil because it abounds in vitamins is a specific in rickets or bone-weakness.

**Scott's Emulsion**  
 is rich in the vitamins that children need in great abundance. It is a vitamin-rich food and tonic that is available for use at any hour. Children thrive on it.

**Here and There**

Conditions in the fruit areas of British Columbia are reported as satisfactory. Weather conditions have been good and the trees are healthy.

According to recent reports general conditions in the Maritime Provinces are normal. Potato seedling is about complete. Trees in the Annapolis fruit districts are in good shape and estimates point to a normal crop.

A consignment of lumber from South Westminster, B.C., arrived recently at Dorval, Quebec, on the Canadian Pacific lines, consisting of twenty-nine logs of Douglas Fir, some of which were so long that three flat-cars were required to carry them.

Field Marshal Earl Haig and Countess Haig, travelled through western Canada to the Pacific coast over the Canadian Pacific Railway recently, after attending the conference of the British Empire Service League at Ottawa.

"Western Canada has never had better crop prospects than which exist now," stated Ernest G. Cook, of E. Cook, Ltd., Crop Insurance Co., of Moose Jaw, Sask., who recently spent two weeks at Banff, after touring the West and studying crop conditions.

According to "Agricultural and Industrial Progress in Canada" the Department of Trade and Commerce has issued the following comparative statement for 1924 and 1925 trade in the Dominion:—

Total	1924	1925
Trade	\$1,902,130,164	\$1,878,294,189
Imports	893,366,867	796,932,537
Exports	1,058,763,297	1,081,361,643
Fav. Bal.	165,396,430	284,429,106

According to the Dominion Bureau of Statistics the annual consumption of standing timber for use, amounts to about 2,600,000,000 cubic feet. The loss by fire, insects and fungi about doubles this depletion, and it is estimated that Canadian forests are depleted at the rate of upwards of five and a half billion cubic feet per annum.

For the first time in the history of Canada upwards of three thousand redskins from the four western provinces and Montana journeyed to McLeod, Alberta, early in July, and held an all-Indian celebration and formed a league of plains Indians. Five thousand white people attended the ceremony and watched the Indians stage their spectacular mounted war-dance.

Deep gratification is felt in Canadian Pacific Railway circles over the receipt of the following cablegram sent to President E. W. Beatty by His Royal Highness the Prince of Wales:—"Umvuna, South Africa, July 2nd.—Have just heard of Mr. Howard's death. Please convey to relatives my deepest sympathy. (Signed) Edward P." The late Mr. W. B. Howard was twice in charge of the Prince of Wales' train when His Royal Highness travelled over Canadian Pacific lines.

For the second time in the history of the newspaper industry, Canadian output has run ahead of that of the United States. During the month of May Canada produced 130,013 tons of newspaper, as compared with 129,026 tons in the United States. The cumulative production of Canadian mills for the first five months of the current year totals 622,235, which favorably compares with a production of 622,034 in the United States during the same period.

**NEW LAMP BURNS 94% AIR**

Beats Electric or Gas.  
 A new oil lamp that given an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 19 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, J. M. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him to-day for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month. 29-111.

**Here and There**

All tourists' records, motor and train, are being broken at Banff, Alberta, this year. More than 13,000 cars were registered by the first of August with the big rush yet to come. As many as 2,000 were under canvas at one time in the Government auto camp ground.

Maple sugar and maple syrup production in Canada during the season of 1925 amounted to 9,791,359 pounds and 1,672,093 gallons, respectively, with an aggregate value of \$6,825,416. This compares with an output of 9,385,415 pounds of maple sugar and 1,970,696 gallons of maple syrup during 1924. Quebec province accounted for over 90 per cent. of the production of maple sugar and over half of the output of maple syrup.

Production of the four basic industries of British Columbia during 1924 aggregated in value \$210,692,793, as compared with \$207,934,041 in the previous year, according to a statement issued by the Provincial Government. The 1924 production was made up as follows, with 1923 comparative figures in brackets: Forest products, \$50,702,000 (\$56,674,400); agriculture, \$60,029,224 (\$59,139,798); mines, \$48,704,604 (\$41,304,320); and fisheries, \$21,256,965 (\$20,795,923).

Canada's ordinary revenue for the four months of the present financial year ended July 31 last, shows an increase of \$2,382,163 over the same four-month period last year, according to a statement made by the Department of Finance. Ordinary revenue for the four months of 1925 amounted to \$117,729,418. Ordinary expenditures during the four-month period show a decrease from \$96,545,541 in 1924 to \$95,955,592 this year.

George H. Ham, known throughout Canada as the Grand Old Man of the Canadian Pacific, celebrated his seventy-eighth birthday on Sunday, August 23rd, and was the recipient of a deluge of congratulatory messages from all parts of the country. Col. Ham has been with the Canadian Pacific since 1891 and by his social activities and powers as an orator has made for himself and for the company a veritable array of staunch and faithful friends.

Butter exported from Canada during the twelve months ending June, 1925, amounted to 25,995,120 pounds, valued at \$8,934,794, a decided increase over the figures of the previous year when exports amounted to 13,668,379 pounds, valued at \$5,031,634, according to a report issued by the Federal Department of Agriculture. Shipments were made to the United Kingdom, the United States, South Africa, China, Japan, Germany, Belgium, Cuba, Holland, New Zealand and many other countries.

James Oliver Curwood, the well-known American novelist, who crossed not long ago to Europe on the "Empress of France" and returned a few weeks later to Canada on the "Empress of Scotland," wirelessly the following message from the "Scotland" to the Canadian Pacific headquarters in Montreal: "Can never fully express my appreciation of the splendid treatment accorded me by Captain Gillies and Captain Griffiths, and the staffs aboard the 'Empress of France' and the 'Empress of Scotland.'"

A party of British journalists is now touring Canada at the invitation of President E. W. Beatty, of the Canadian Pacific Railway, for the purpose of gaining first hand knowledge of economic and industrial conditions in this country. They are John A. Buist, Glasgow Herald; C. J. Jory, London Daily Telegraph; F. R. Peterson, London Times; H. Read, South Wales Daily News, Cardiff; Captain E. Dalham, London Morning Post; Hugh Martin, London Daily News; R. A. Colwell, Western Morning News, Plymouth; W. A. Renton, Daily Chronicle, London; J. F. Chapter, Westminster Gazette, London; John Sayers, Belfast Telegraph.

**NEWSPAPER GREATEST FORCE**  
 Elmer Hart, of Long Prairie, Minn., who built a metropolitan department store in the little Minnesota town said at the Cotton States Merchants' Association Convention in Memphis recently, that newspaper advertising is the greatest force the merchant has in his business today to build and hold his trade against the encroachments of mail order houses. Advertising was essential he said, window displays were a big help, but service to the buying public was an all-important factor.

**COST OF CRIME IN UNITED STATES**

Writer in New York Times Says It Is Costing Ten Billion Dollars Yearly

Ten billion dollars is a lot of money. It is more than three times the U. S. national budget for 1925. It is as much as the entire debt owed to that country by all foreign nations. It is twelve times as much as the annual cost of the army and navy. Ten billion dollars is what crime in all its departments, costs the people of the United States each year, according to the estimate of a writer in the New York Times.

The writer claims to have made a careful and exhaustive study of crime in all of its ramifications, and feels that his estimate is a Conservative one. He goes into details, giving estimate of the cost of different classes of crime, and includes the cost of the legal machinery necessary to combat crime.

**ROCK OF AGES.**

"Rock of Ages, cleft for me"  
 Thoughtlessly the maiden sang,  
 Fell the words unconsciously  
 From her girlish, guileless tongue.  
 Sang as little children sing:  
 "Rock of Ages, cleft for me,  
 Let me hide myself in thee."  
 On the current of the time—  
 "Rock of Ages, cleft for me,  
 Let me hide myself in thee."  
 "Rock of Ages, cleft for me,"  
 "Twas a woman sang them now;  
 Sang them slow and wearily—  
 Wan hand on her aching brow,  
 Rose the song as storm-tossed bird  
 Beats with weary wing the air;  
 Every note with sorrow stirred,  
 Every syllable a prayer—  
 "Rock of Ages, cleft for me,  
 Let me hide myself in thee."

"Rock of Ages, cleft for me,"  
 Lips grown aged sung the hymn  
 Trustingly and tenderly,  
 Voice grown weak and eyes grown dim—  
 "Let me hide myself in Thee."  
 Trembling though the voice and low,  
 Ran the sweet strain peacefully,  
 Like a river in its flow;  
 Sung as only they can sing  
 Who life's thorny paths have pressed  
 Sang as only they can sing  
 Who behold the promised rest,  
 "Rock of Ages, cleft for me,  
 Let me hide myself in Thee."  
 "Rock of Ages, cleft for me,"  
 Sung above a coffin lid,  
 Underneath, all restfully,  
 All life's joys and sorrows hid,  
 Never more a storm-tossed soul,  
 Never more from wind and tide,  
 Never more from billows' roll,  
 Will thou ever need to hide,  
 Could the slightest, sunken eyes  
 Close beneath the soft, white hair;  
 Could the mute and stiffened lips  
 Moved again in pleading prayer,  
 Still, aye, still, the words would be,  
 "Let me hide myself in Thee."

**SMITH'S COVE**

Miss Elizabeth Woodman, of Digby, who has been visiting her parents, Mr. and Mrs. H. H. Woodman, left on Saturday, for Kentville, where she will be the guest of her sister, Mrs. M. Woodman. Miss Woodman was accompanied by Miss Blanche Woodman, of Joggins Bridge. Before returning home they will spend a few days in Halifax.

Mrs. Simmons, of Round Hill, spent a few days last week the guest of her daughter, Mrs. William Berry. William B. Snow, colporteur for the Canadian Bible Society, is spending a few days at his home here.

Dean Clayton, and Joseph Steadman spent Friday and Saturday in Young's Cove, the guests of their respective parents, Mr. and Mrs. Charles Clayton and Mr. and Mrs. Allen Steadman.

Mr. and Mrs. William Cossaboom, accompanied by Mrs. H. H. Woodman motored to Gulliver's Cove, on Tuesday, to be present at the golden wedding anniversary of Mr. and Mrs. William Cossaboom, of that place.

**TO SAVE THE HANDS ON WASH DAY**

Add a large handful of salt to the rinse water and the clothes will not freeze whilst being put on line. When you are ready to go out soak the hands in vinegar. Let it dry on. No

**Baby's Own Tablets An Excellent Remedy**

For Any of the Many Minor Afflictions of Infants and Young Children.

No mother can expect that her child will escape all the ills to which babyhood and childhood are subject, but she can do much to lessen their severity, and to make baby's battles for health easily won.

Nine-tenths of the minor ailments which afflict babyhood and childhood are caused by some derangement of the stomach and bowels. Regulate the stomach and bowels and these troubles will disappear. To do this nothing can equal Baby's Own Tablets. They are a mild but thorough laxative which through their action on the stomach and bowels never fail to banish constipation and indigestion; colds and simple fevers; colic worms and make the dreaded teething time easy.

Concerning Baby's Own Tablets Mrs. A. Koshan, Hamilton, Ont., writes:—"Kindly send me your booklet, 'Care of Baby in Health and Sickness.' I have two little children four and a half and three years old and have used nothing else for them but Baby's Own Tablets. I think the Tablets are a wonderful medicine for little ones."

Baby's Own Tablets are sold by all medicine dealers or will be sent by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Put the clothes pins in a pan, set them in the oven to heat, then just before going out to hang clothes put them in the clothes pin bag. These hints are extremely comfortable when it is so weather.

Do you know that a FINGER cut from an old kid glove placed on the end of a curtain rod makes it run through the hem of a curtain as if by magic?

When shaking a FURNACE many people make the mistake of closing the registers. Instead of doing this leave them open and lay wet clothes over them. The ashes and dust will cling to the clothes; but if you shut the register, when you open it the draught will cause the ashes and dust to fly out in the room.

To clean ALUMINUM, mix a little whiting with cold water to form a paste. Rub the aluminum well with it and polish with soft cloth.

To separate whites from yolks break the eggs into a funnel over a cup. The whites pass through, the yolks remain.

If INK in the ink well gets thick, dilute it with strong black coffee. It gives better results than vinegar or water.

One person in ten is partly deaf, says a writer, but Tom MacInnis says of course, a good deal depends on what there is to listen to. Lots of people can hardly hear the 8 a.m. whistle, and have no trouble at all in distinguishing a similar blast at 5 o'clock the same afternoon.

There are two sides to everything—except the most expensive phonograph records.

Rub the scalp with Minard's Liniment

**CULLED POTATOES FOR FATTENING STEERS.**

(Experimental Farms Note.)

Prince Edward Island increased its area of certified seed potatoes in 1924 to 9600 acres. The seed trade demands a certain type and weight of tuber and when the potatoes are graded there are considerable quantities of cull potatoes left with the grower. Some of these can be marketed as table stock, but most of them are available at small cost for feeding to live stock.

An experiment was started in the autumn of 1924 in feeding cull potatoes to fattening steers to determine if they could be used to replace roots in the ration and still produce beef profitably. Six lots of steers were purchased at \$5.50 per cwt. They were run on grass, most of them dehorned and given a preliminary uniform feeding period up to December 19th, when the test started. The cost of the cattle, plus feed to that date, was \$6.35 per cwt.

Three lots of four steers each were fed 25 pounds of cull potatoes per steer per day. The testing period lasted for 89 days until March 17th, 1925. The estimated value of the potatoes was twice as much per pound as the turnips and the amount fed was just one half, so the estimated cost per steer was the same throughout the experiment for the roots and potatoes.

In order to feed a balanced ration and counteract the laxative effect of the potatoes, cotton seed meal was fed in the grain mixture while oil cake meal was added to the grain fed with turnips. The cattle all ate heartily and remained healthy throughout the experiment. The amount of oats and meal fed was 3 pounds per steer per day at the beginning. This was gradually increased to 12 pounds per day at the close of the test.

At the commencement of the test the nutritive ratio for the ration containing turnips was 1:7.3, and for the ration containing potatoes it was 1:7.4, except lot 6, which was fed oil straw instead of hay. The nutritive ratio of the ration for this pen was 1:5.6.

The steers fed turnips made an average gain of 151 pounds in the 89 days. Those fed cull potatoes made an average gain of 155 pounds in the same period.

The average cost per pound gain was 17 cents for those fed turnips and 20 cents per pound gain for those fed cull potatoes. The oil cake meal cost \$58.00 per ton while the cottonseed meal cost \$70.00 per ton; this gave a profit per steer fed turnips of \$10.35 and a profit per steer fed cull potatoes of \$9.94. A balance in favor of the turnips of 45 cents per steer.

When cull potatoes are available they may be used to advantage to replace turnips or other succulent forage crops provided the ration is balanced and the laxative tendency of the potatoes is counteracted by some other food in the ration.

J. A. Clark, Superintendent,  
 Experimental Station,  
 Charlottetown, P. E. I.
