London Markets—July 8.—**Spring Wheat**—No material change in current rates. **Wool** coming in slowly; rates from 40 to 42c per lb. **Hay** coming in slowly; rates from 14 to 15c per ton. **Flour**—No material change in rates. **Wheat**—No material change in rates. **Barley**—No material change in rates. **Oats**—No material change in rates. **Peas**—No material change in rates. **Apples**—No material change in rates. **Eggs**—No material change in rates. **Butter**—No material change in rates. **Cheese**—No material change in rates. **Wool**—No material change in rates. **Sheep skins**—No material change in rates. **Produce**—No material change in rates.—*Prototype*.

Detroit Markets—July 7.—**Flour**—There is a very firm feeling, and prices fully sustained. Sales high extra at \$11, extra from amber wheat at same. **Wheat**—Prices rule high. We note sales No 1 white at \$2 32, No 2 red was offered at \$2 20. Corn somewhat unsettled at \$1 45. **Oats** steady at 55c. **Barley** nominal at \$2 to \$2 50 from waggons. **Beans** unchanged, \$2 to \$2 25 from waggons. **Butter**—Ready sale at 30c to 32c from store. **Eggs** are quick at 22c to 23c. **Wool** nominally unchanged, at 85c to 90c.—*Free Press*.

Milwaukee Markets—July 6.—**Wheat**—The wheat market opened with an upward tendency yesterday morning, partly under the influence of an easier money market, and partly on account of more favourable foreign news by the City of Baltimore. At the morning Board No 1 spring changed hands at \$2 03 to \$2 11, the market closing firm at the outside figures. **Flour**—The market was very dull, the local demand having quite subsided, and the prices asked being altogether too high to meet the views of shippers. Sales at \$9 25 for extra, and \$10 50 for double extra spring. **Oats** were neglected and nominally lower; No 1 could probably have been bought at 87c in store, but we did not hear of any inquiry for them. **Corn** was in good demand at \$1 30 in store. **Barley** nominal, No 1 would bring \$1 45 to \$1 50, and prime \$1 70. **Rye** saleable at \$1 50, but there is none in the market. **Wool** continues firm with an upward tendency. Good to choice lots of fleece would sell readily at 91c to 95c, and large quantities could not be bought under \$1, though we have heard of no sales above 95c.—*Sentinel*.

Chicago Markets—July 6.—The markets in nearly all directions were firmer to-day, and values were higher. Prices in the present disordered state of the finances are characterized with so much irregularity that it is difficult to give quotations which can be relied upon longer than a day at a time; in fact not longer than a few hours in many respects. The Produce markets were active and very firm to day. The news by the steamer was better, and prices at Liverpool were firmer and tending upward at the latest dates. This news, and the advance in gold, stimulated a brisk speculative demand for grain, and the leading markets closed strong on Chicago. **Flour**—The market was very firm, but the advanced views of holders restricted business. There was a good inquiry, and hot ers before the close, advanced prices 15c to 25c per barrel. Winter extras sold at the range of \$10 to \$11 37 1/2, as to quality, and spring extras at the range of from \$9 to \$10. Really choice brands of white winter are held at \$11 to \$11 50, and choice brands of spring extras at \$10 to \$10 25. **Wheat** was firmer and prices have advanced, since the sales last evening at the Second Board, 1c to 1 1/2c on No. 1, and 3 to 4c per bushel on No. 2 spring, and the market closed firm at the advance. The advance since yesterday morning is 5c to 5 1/2c per bushel. The sales to day were at the range of \$2 05 to \$2 08 1/2 for No. 1, and \$1 94 to \$2 02 1/2 for No. 2—all in store. **Corn** opened firmer, and prices advanced 1/2c to 1c per bushel, and closed firm. The demand was good. The sales were at \$1 72 1/2 to \$1 73 for No. 1, \$1 29 to \$1 30 for No. 2. **Corn** offered sold at \$1 34 for No. 1, and \$1 29 to \$1 31 for No. 2. **Oats** were firmer and advanced 1/2c, with a good demand. The sales were at the range of 75c to 81c for No. 1, and 75 1/2c to 78c for No. 2 in store, and closed firm. In **Rye** and **Barley** there were no transactions worthy of note, and prices were nominal. Provisions were firm, but the advance in prices tends to check business in barrelled **Pork**. Some city packed mess sold to day at \$40, but some brands were held firmly at \$42. **Bulk Meats** and **Bacon** are firm, but in the absence of sales we quote prices nominal. **Lard** was in demand very firm and under the advices from New York holders of choice kettle rendered were demanding 15c to 18 1/2c. **Stowm** rendered sold at 17 1/2c for city and 17c for fair country. **Beef** **Cattle** were quiet and unchanged. Sales were limited, mostly inferior to medium stock, which were taken principally on army account, at \$5 50 to \$6 50 for medium, and \$3 to \$5 25 for inferior to common. **Hogs** were steady at the decline noted last evening, at \$9 to \$9 50 for good lots, and \$7 50 to \$8 75 for stock and medium grades.—*Times*.

Albany Markets—July 7.—**Flour** steady at \$10 to \$13. Demand more active. **Corn** **Meal** firm at \$3 to \$3 12. **GRAIN**—**Wheat** 1 active; sale of white Michigan at \$2 70. **Corn**—Old Western sold at \$2 65. **Oats** firm; small sales at \$1 to \$1 01, delivered.—*Statenman*.

Boston Markets—July 7.—**Flour**—The market is firm, with a good demand. Sales of Western superfine at \$9 75, common extra, \$10 to \$10 50; medium do., \$10 50 to \$11 25; good and choice do., \$11 75 to \$15 per bbl. **GRAIN**—**Corn** is firm and in fair demand. Sales of Western mixed at \$1 72; Southern yellow, \$1 72 to \$1 75 per bushel. **Oats** are in good demand. Sales of Northern and Canada at \$1 05 to \$1 10 per bushel. **Rye** is worth nominally \$2 to \$2 05 per bushel. **Shorts** are selling at \$37 to \$38; **Prime Feed**, \$40 to \$42. **Middlings**, \$44 to \$46 per ton. **Provisions**—**Pork** is firm and in good demand. Sales of prime at \$38 to \$40, mess, \$43 to \$45 clear, \$45 to \$47 per barrel, cash. **Beef** is firm and in fair demand. Sales of Eastern and Western mess and extra mess at \$22 to \$30 per barrel, cash. **Lard** is scarce. Sales in barrels at 20c to 21c per lb., cash. **Hams** are selling at 20c to 25c per lb., cash.—*Advertiser*.

CARD OF THANKS.

MARKHAM, 30th April, 1864. To THE EDITOR OF THE CANADA FARMER.—I have taken the liberty, through your valuable paper, to thank the Directors of the AGRICULTURAL MUTUAL ASSURANCE ASSOCIATION OF CANADA for the prompt and satisfactory payment of my claim, for the destruction of my extensive barns, stables and contents, amounting to eighteen hundred and fifty dollars. I am glad to say I had no trouble in getting my money, and I shall feel it my duty to recommend it to all farmers in Canada, in preference to any other Company. GEORGE MILLER.

I beg to inform the farmers of York and Ontario Counties that I still continue to hold an office at Markham Village for the above Company. This Company has always avoided Shops, Taverns, and risks of that sort. It has become the largest institution of the kind that ever existed in Canada. It has nearly 24,000 Policies in force, and it is, moreover, by far the cheapest;—it never cost members more than 25 cents each year on the hundred dollars. During the last four years, no Company in this country can say as much. A. WILLIS, Agent Agric'l M. F. Assurance Association of Canada. May 16, 1864. 9-1/2
