Current Events

Pilgrimages during the second half of the month of August. — Pilgrimages have perceptibly decreased in number during the second half of the month of August. There is nothing surprising in this when we remember that by the 17th, there had been already 100 at Ste. Anne de Beaupré. Moreover it is always about that time that the ecclesiastical retreats take place and this prevents the parish priests from bringing their flocks to the shrine at that date.

Bishop Monaghan at Ste. Anne de Beaupré. — From the above, it must not be however concluded that the season of pilgrimages has already passed. Far from it for since our last issue we have had no less than 20 organized pilgrimages, several of which were particularly interesting.

Among others, Sunday the 21st August deserves special mention. It brought us 5 pilgrimages viz: *Bienville, St. Sauveur, C. M. B. A. of Quebec; St. David and Plattsburgh, N. Y.* (Catholic Summer School.) We expected a sixth, that of *l'Union St. Joseph de Quebec.*
