BUSINESS this week has been tolerably active, and jobbers are doing a fair, regular trade. We give below auction sales since our last issue, and would also call attention to sales to take place during next week, viz., for account of

E. Maitland, Tylee & Co., 21st inst.
D. Torrance & Co., 22nd "
Rimmer, Gunn & Co., 23rd "

In Sugars, considerable demand exists for refined at full prices. Large sales reported. Sales of Grocery Sugars have been confined to the trade, and will amount during the week to some 500 hds, principally fair to bright Cuba and Barbadoes, at 74c to 75c.

The stocks of sugar are getting very much lighter, and although the market is still dull, an advance in price may reasonably be expected soon.

In Molasses, transactions are mainly confined to jobbing lots. We hear of one sale of a cargo of British island on private terms. Between 400 and 500 puns have been shipped by importers to New York, the present prices at that point giving a nett profit over prices here of 4 to 5c per gal.

In Teas we have to report 400 lb chests Japan at 50 to 52c, and some 50 chest lots at 51 to 57c; 200 chests Twankay, 31 to 33c. Sales of Young Hyson from 45 to 55c.

COFFEE—Confined to jobbing sales at quoted prices. **SALT**—Liverpool salt, 82c to 85c, do coarse, 90 to 92c. The stock of fine salt is large, and sales are not realizing cost. The stock of coarse salt is very light, not exceeding 6,000 sacks in first hands, yet buyers are holding off, though the supply is greatly under the wants of the market, and the price most probably will advance.

THE LEATHER TRADE.

Brown & Childs, Seymour, C. E.
Doutall J. & Co., Seymour, M. H.
Hua & Richardson, Shaw F. & Bros.

WE have no particular change to note in the business of the past week, which has been to a fair extent, sales having been fully equal to receipts.

SPANISH SOLE—With improved receipts and a light demand, prices are less firm, and late quotations could not be obtained for large lots.

SLAUGHTER SOLE—Arrives slowly, with sales of small lots of good limited at 25c.

HARNESSES—Is without any particular demand, and quotations are not very fairly maintained.

WAXED UPPER—Has been in fair demand, and although receipts have improved, prices have been pretty well sustained for light stock. Heavy has a downward tendency, and quoted prices could hardly be obtained for large parcels.

GRAINED UPPER—Without demand and prices nominal.

BUFF AND PEBBLED—The market being bare of choice stock, inferior grades are more in demand at improving rates.

PATENT AND ENAMELLED—Are asked for to a moderate extent, with no overstock in market.

CALF SKINS—French's alone are in request, other descriptions continuing dull.

SPLITS—All desirable stock is in demand at previous rates.

SHEEP SKINS—Are still wanted, the inquiry for colored linings is improving.

HIDES—Are unchanged. The stock in the United States being reported shut, there is no present prospect of an improved supply here.

WOOL—Clothing Wool is scarce, the stock offering consisting chiefly of pulled.

COALS—Are sold wholesale per ton of 2,240 lbs, ex vessel or yard, in retail, per chaldron of 3 bushels, or per ton of 2,000 lbs. Parties who receive from vessels can generally buy 50c cheaper than from two yards. Best Newcastle Grate and Smith's Coals are scarce, but of all other kinds there is a plentiful supply. The following are the quotations for different qualities:—

Anthracite (American), \$7.50 to \$8.00; do (Welsh), 7.00 to 7.50; Newcastle Grate, 7.00 to 7.50; Lancashire do, 6.00 to 6.50; Sydney do, 5.00 to 5.50; Newcastle (Smith's), 6.75 to 7.00; Screenings and Inferior (Smith's), 4.00 to 6.00; Scotch Steam, 5.00 to 6.25; Liverpool do, 4.25 to 6.00; Victoria & Sydney, 4.00 to 6.00; Glace Bay, 3.50 to 4.00.
