long standing, are cordially invited to call.
CONSULTATION FREE.

Books giving full particulars, mailed free, on ap-
plication.

Woman's Medical College, Toronto

FACULTY—M. DARRETT, M.A., M.D., Presi-
dent of the Faculty, Institutes of Medicine; GEO
WRIGHT, M.A., M.D., Practice of Medicine; I. H.
CAMERON, M.D., Surgery; A. H. WRIGHT,
D.A., M.B., M.R.C.S., Eng., Obstetrics, and Diseases
of Women and Children; A. M. FIEDMAN, M.D.,
Materia Medica and Botany; J. T. DUNCAN,
M.D., Anatomy and Microscopy; R. A. REEVES,
D.A., M.D., Diseases of the Eye and Ear; R. F.
NRAVIT, M.A., M.D., Sanitary Science and Dis-
eases of the Skin; M. B. MEDICAL JURISPRUDENCE and Toxi-
cology; AUGUSTA S. G. LLEN, M.D., Demon-
strator of Anatomy; A. R. PYNZ, Chemistry.
The first annual session of the Woman's Medical
College will open at the College building Sumach
street, on Monday, October 1st.

The advantages offered by this institution to ladies
desirous of entering upon the study of medicine and
practice of medicine, are unequalled in this country.
In addition to the General Hospital, in which 150
beds are occupied, and which is situated as
the largest and best conducted institution of the kind
in Canada, the Burnside Maternity Hospital, the
Eye and Ear Infirmary, the Fever Hospital, the Hos-
pital for Sick Children— which, through the kindness
of the Managing Committee, is especially accessible
to students of the Woman's Medical School—the
Home for Incurables, the Infants' Home, and the
Dispensary present facilities such as no other Cana-
dian city can afford for the study of medicine in all
its varied branches. In a great railroad and manu-
facturing centre such as Toronto, moreover, the oppor-
tunities for witnessing the treatment of casualties of
all kinds are very numerous. The trustees of the
Toronto General Hospital have very kindly made
special arrangements for the accommodation of lady
students. A gallery for the sole use of the latter has
been created in the operating theatre, and every pro-
vision has been made for securing their comfort and
convenience while pursuing their clinical studies.
The college building is situated immediately op-
posite the General Hospital, an advantage readily ap-
preciable in cases of accident or other emergency. It
contains commodious lecture, waiting and dissecting
rooms, laboratory, etc., and is amply equipped with
the necessary chemical, physiological and pathologi-
cal apparatus.

Board may be obtained in the vicinity of the Col-
lege at rates as low as in any other city. Intending
students can undergo their matriculation examination
consequent to their entrance upon lectures in the
School.

For further information apply to M. DARRETT,
M.A., M.D., 204 Simcoe St., Toronto, or to GEORGE
WRIGHT, M.A., M.D., 243 Simcoe St., Toronto.

Jaffray & Ryan,

from Address H. HANCOCK & CO., Portland.

**THE QUEEN CITY REFINING COMPY
OF TORONTO.**

Capital \$100,000, in 2,000 shares of \$50 each (limited liability).

BOARD OF DIRECTORS:

W. H. LAILEY, Esq., *President,*
Wholesale Merchant, of Toronto.

P. B. BALL, Esq.,
Merchant, of Toronto.

JOS. WRIGHT, Esq.,
of the firm of Bennett & Wright.

JAS. R. ROAF, *Secretary.*

A By-law has been passed under the statute, increasing the number of Directors, and the following gentlemen—JAMES BEATY, Esq., M.P., ex-Mayor of Toronto; J. GANVEL, Esq., of the firm of M & L Samuel, Benjamin & Co. Toronto; JOHN FULTON, Esq., M.A., Professor Trinity Medical Col-
lege—have expressed their readiness to go on the Board of Directors of the Company.

The Company is incorporated "to refine and deal in all kinds of sugars and syrups," and while large pro-
fits have been made in refining cane sugars, still larger profits have been made in the manufacture of glucose
and grape sugar. The Company also has power to mine and deal in all kinds of other products of grain. The
main business of the Company will be the manufacture of glucose and grape sugar.

It is proposed to begin work on a moderate scale, and making the works as the requirements of the busi-
ness may demand.
The Buffalo Grape Sugar Company was organized on the 10th January, 1874, with a capital stock of
\$50,000, divided into 500 shares of \$100 each. In February, 1880, an action was commenced in the Superior
Court at Buffalo to recover the value of twenty three of these shares. The case was tried before a jury, who
found in favour of the plaintiff, and awarded him the sum of \$147,125 as being the value of the twenty-three
shares: this was some \$10,744.35 for cash \$100 shares, or over \$107 for every \$1.

The document proving this can be seen at our office. The shareholders of the above Company have taken
upon themselves the unlimited liability of an ordinary partnership sooner than make the returns required by
the State law, and declare the actual profits made by them in the business.

A leading town in Ontario has voted a bonus of \$3,000. The situation is also most favourable for business,
both in Ontario and the North-West.

The stock is to be fully paid up, and a deposit of ten per cent. is required with each application for stock,
the balance being payable in monthly instalments of fifteen per cent. cash. Shareholders can pay up their
stock in full at once if they wish to do so.

The first dividend will be adjusted in accordance with the times the payments are made on the stock.
At the present prices of corn and syrups a factory can make a profit of some \$12,000 per annum for every
100 bushels per day capacity, but even one-half of this profit would be a very large return upon the capital
employed.

While it is proposed not to work more than 100 or 200 bushels of corn per day at first, yet the factory will
be erected so that 500 or 1,000 bushels per day can be worked with very little extra expense.

The consumption has increased enormously in the States, and if it is taken at the same rate per head in
Canada as in the States, it would keep a 5,000 bushel factory working day and night to meet the demand,
while we also have the growing market in the great North-West.

It may be asked, is not glucose injurious? The answer is that a well-made glucose is a wholesome article
of food, all starch foods being changed into glucose in the process of digestion. The impurities which have
been charged upon glucose are in reality those of the cane syrups with which it is mixed. This is shown by
bringing both kinds of syrups, when cane syrup will be found to yield from three per cent. to five per cent. of
ash, while glucose gives so small a quantity that it is almost unweighable.

For table syrups the glucose has, according to the grade required, added to it a varying quantity of cane
sugar syrup. These syrups are known as corn syrups, and, on account of their cheapness and quality, have
almost driven the cane syrups out of the market. The consumers, as a matter of taste, prefer the glucose to the
cane syrup.

For further information, and for stock, apply to
THE COMPANY, P. O. BOX 1066, TORONTO.

Loss and Gain.
CHAPTER I.
"I was taken sick a year ago
With bilious fever."
"My doctor pronounced me cured, but I
got sick again, with terrible pains in my
back and sides, and I got so bad I
Could not move!
I shrank!
From 228 lbs. to 120! I had been doc-
toring for my liver, but it did me no good. I
did not expect to live more than three
months. I began to use Hop Bitters. Di-
rectly my appetite returned, my pains left
me, my entire system seemed renewed as I
by magic, and after using several bottles I
am not only as sound as a sovereign but
weigh more than I did before. To Hop
Bitters I owe my life.
Dublin, June 6, '81. R. FITZPATRICK.

CHAPTER II.
"Malden, Mass. Feb. 7, 1880. Gentlemen—
I suffered with attacks of sick headache.
Neuralgia, female trouble, for years in the
most terrible and excruciating manner.
No medicine or doctor could give me
relief or cure until I used Hop Bitters.
"The first bottle
Nearly cured me!"
The second made me as well and strong as
when a child.
"And I have been so to this day."
My husband was an invalid for twenty
years with a serious
"Kidney, liver and urinary complaint.
"Pronounced by Boston's best physicians -
"Incurable!"
Seven bottles of your bitters cured him and
I know of the
"Lives of eight persons"
In my neighbourhood that have been
saved by your bitters.
And many more are using them with
great benefit.
"They almost
Do miracles?" —Mrs. E. D. Slack.

HOW TO GET SICK.—Expose yourself day
and night; eat too much without exercise;
work to hard without rest; doctor all the
time; take all the vile nostrums advertised,
and then you will want to know how to get
well, which is answered in three words—
Take Hop Bitters!

If you are broken down in constitution
and wasting away by sickness, dissipation,
too great nervous taxation, or suffer from any
chronic disease, do not abandon hope until
you have tried Burdock Blood Bitters.
What it is doing daily towards restoring
others, it might do for you.

ROUGH ON RATS.
Clears out rats, mice, roaches, flies, alar-
bed-bugs, skunks, chipmunks, gophers.
Druggists.
THERE is no preparation before the people
to-day that commands their confidence more,
or meets with a better sale than does Dr.
Fowler's Extract of Wild Strawberry—the
infallible remedy for all forms of Summer
Complaint.

EDGE OUT FOR FRAUDS.
The genuine "Rough on Corns" is made
only by E. S. Wells (Proprietor of "Rough
on Rats"), and has laughing face of a man on
labels. 15c. & 25c. Bottles.
THE political contest being over, the
popular vote of the people is now cast in
favour of Dr. Fowler's Extract of Wild
Strawberry—that matches remedy for Chol-
era Morbus and all Summer Complaints.

"NOTICE SWAN'S WOMEN'S REMEDY"
Infallible, tasteless, harmless, cathartic
for feverishness, restlessness, worms, con-
stipation. 25c.
The most brilliant shades possible, on
all fabrics are made by the Diamond Dye.
Unequaled for brilliancy and durability.
10 cts.
BE CAREFUL!
The genuine "Rough on Corns" is made
only by E. S. Wells (Proprietor of "Rough
on Rats"), and has laughing face of a man
on labels. 15c. & 25c. Bottles.

* Those who deaden sensation and stupify
the patient to relieve suffering make a grave
mistake. They proceed upon the false idea
that it is legitimate to procure relief from
pain by destroying physical insensibility.
This method, carried to the last extremity,
would kill the patient to end suffering. It is
not presumed that Lydia E. Pinkham's Vege-
table Compound will raise the dead but it
often does restore those who are given up as
hopeless cases.
SKINNY MEN.
"Wells Health Renewer" restores health
and vigour, cures Dyspepsia, General De-
bility. \$1
