

MONTREAL MINING EXCHANGE.

BUSINESS SATISFACTORY, THOUGH RATHER DULL — SLOCAN STOCKS IN THE LEAD — BIG THREE NEGLECTED — DEER TRAIL AND CALIFORNIA FIRM.

Montreal, Sept. 11.

Things were quieter on the Exchange this morning. In the first half hour business was practically at a standstill, but towards the close there was a better feeling and bids were more brisk.

The Slocan stocks enjoyed the greater part of the attention and showed distinct signs of strength, of these Rambler Cariboo was the most prominent, selling at 44 and 43½, one thousand five hundred shares being sold; 43½ was bid for more at the close with none offering under 45. On last Friday 3,000 shares of this stock sold at 41 and 41½, this was a gain of 2½ points this morning.

Noble Five was also another of the Slocan stocks for which there was more demand, there were, however, no sales made in this security. The quotations on Payne were 128 and 121½; no sales were transacted. Deer Trail No. 2 was fairly heavily dealt in 14,000 shares changing hands, the price was steady round 24 and 23½.

California was traded in to the amount of 18,500 shares; it was quiet and firm round 11½, one large block of 15,000 shares selling at 10½. Big Three was almost entirely neglected, 200 shares being the full amount of the business done, it sold at 24½.

The dividend payers were dull. No sales being recorded on either of the leaders. When the steam compressor plant, which was recently taken from the Crown Point mine on the Centre Star property, is fully installed in the War Eagle mine, development work will progress at a still greater rate, the need of this plant has long been felt. The mine has now 30 drills at work with the main shaft down 750 feet.

The shareholders of the Republic mine will be pleased to hear of the satisfactory progress being made in that locality, an entirely new level has now been reached 50 feet below the lowest level previously attained, and the ore proves to be among the richest and most promising yet brought to light. The importance of this cannot be overestimated. Major R. G. E. Leckie, who is at present manager of the mine, deserves the gratitude of all interested parties.
