SANMETTO IN IRRITABLE AND ATONIC CONDITIONS OF THE GENITO-URINARY ORGANS.

I have used Sanmetto quite extensively in my practice for a number of years, and have learned from the universally good results obtained from its use to pin my faith to it in all irritable or atonic conditions of the genito-urinary organs. I find it the true aphrodisiac in both male and female patients. Since I have used Sanmetto prostatitis has lost much of its terrors and cystitis has ceased to be the grave disease it was before its use. I shall continue to prescribe Sanmetto.

F. A. CROMLEY, M.D.

SANMETTO IN GENITO-URINARY IRRITATIONS AND ATONIC SEXUAL CONDITIONS.

I have used Sanmetto very extensively in my practice for years, and am daily more and more convinced of its intrinsic merit in all genito-urinary irritations and atonic sexual conditions. It is my sheet anchor in urethritis, cystitis and chronic prostatitis. I shall continue its use in cases where it is indicated, and also enlarge upon the field of its exhibition as circumstances may suggest. Sanmetto is all right.

FLAVIUS J. KNIGHT, M.D.

Charlotte, Mich.

TREATMENT OF PRE-SENILITY.

Ferguson details a case of impotence following a prolonged attack of gonorrhoea. It was his third attack, and his virile power was almost lost and he suffered from frequent micturition. He had in addition orchitis on both sides. The case was peculiarly obstinate and many remedies had been used to no purpose. He had already exhausted the resources of several quacks. Sanmetto was prescribed in teaspoonful doses three times a day and improvement and recovery followed.
