

The Weekly Medical and Surgical Reporter.

THE HALF-YEARLY COMPENDIUM OF MEDICAL SCIENCE.

The Physician's Daily Pocket Record and Visiting List.

The publications whose titles are given above merit the attention of all physicians who would keep abreast of the literature of the profession.

THE REPORTER

Is published every Saturday, in pamphlet form, neatly bound and cut. It contains twenty to twenty-four large, double-columned pages of reading matter, printed on fine paper, in clear and new type.

The REPORTER ranks among its contributors many of the most eminent practitioners and surgeons of the United States. Not to go beyond the numbers for the first volume of the current year, we find among their names those of Professors D. H. AGNEW, J. M. DA COSTA, W. W. DAWSON, A. HEWSON, A. JACOBI, R. J. LEVIS, W. PEPPER, L. A. SAYRE, J. S. WIGHT, J. R. WOOD, Drs. J. SOLIS COHEN, A. M. HAMILTON, S. WEIR MITCHELL, L. TURNBULL, and numerous others.

The REPORTER aims especially to be a *practical* journal, and gives its chief attention, therefore, to the diagnosis and treatment of disease.

THE COMPENDIUM

Forms a volume of three hundred large octavo pages. It appears on the first of January and July. It covers the whole ground of Medical Science, distributed under the following headings:—I. Anatomy, Physiology, and Pathology. II. Physics, Botany, Chemistry, and Toxicology. III. Materia Medica and Therapeutics. IV. General Medicine and Sanitary Science. V. Clinical Medicine. VI. Obstetrics and Diseases of Women and Children. VII. Surgery.

No article appears in both the REPORTER and COMPENDIUM. None is duplicated in these two journals. The latter is intended to supplement and complete the former in the departments of medicine which are less immediately practical.

THE PHYSICIAN'S POCKET RECORD

Is a visiting list and memorandum book. It is the neatest, cheapest, and most comprehensive book of its kind published, and the only one *good at any time for one year from date*. This feature is owing to its "perpetual almanac" arrangement. Its contents are—1. List of New Remedies. 2. Classified List of Medicines, with Dose and Price. 3. Poisons and Antidotes. 4. Disinfectants. 5. Decimal Tables, etc., etc.
