etherington's Adjustable Spring Bed.

—:O:—

The Spring Bed consists entirely of

STEEL SPIRAL SPRINGS,

which lock on the slats of a common bedstead; making
a most DESIRABLE BED WITH BUT A SINGLE
MATTRESS, thus a saving in the price of bedding.
They are the best laying, the most easy, most comfortable,
most elastic, the cleanest and the easiest cleaned, the
best ventilated (therefore the most healthy), the most
durable, the cheapest and the easiest repaired. Most
adjustable, as it fits all bedsteads without regard to width
or length, and is perfectly noiseless. It can be packed
in a trunk 16 inches square, so the most portable; no
hiding place for vermin, no sagging to the centre, no slats
to become bent and remaining so, but can be adjusted to
the unequal weights of the occupants, permitting them
to lie on the same level. On all points of merit we
solicit comparison with any other Bed in the market.

All orders by mail will receive prompt attention.
